Subject: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - For the Addition of New Product Line through Installation of the Cashew Nut Shell Liquid (CNSL) extraction facility and Approval of Term Loan upto ₹ 150 Lakhs for financing the above said CNSL facility and installation.

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that the company is in line to setting up of the new oil plant at C-63, RIICO Industrial Area Ghilot, Neemrana, Alwar, Rajasthan for the extraction of Cashew Nut Shell Liquid (CNSL) from cashew nut shells and the Board of Directors of NFP Sampoorna Foods Limited, at its meeting held on June 22, 2026, has approved the proposal for the installation of a new oil plant for the extraction of Cashew Nut Shell Liquid (CNSL)

This CNSL extraction facility will enable the Company to effectively utilize the cashew nut shells generated during the processing of cashew kernels and produce Cashew Nut Shell Liquid (CNSL), a versatile industrial raw material used in the manufacture of resins, coatings, friction materials, paints, laminates, and various specialty chemical products. CNSL is emerging as a strategically important bio-based industrial raw material and is increasingly being adopted as a sustainable alternative to petroleum-derived chemicals.

The project is expected to improve resource utilization, enhance operational efficiency, and contribute to the Company's value-addition initiative.

The project is expected to be implemented during FY 2026-27. The Company shall keep the stakeholders informed and make necessary disclosures in a timely manner regarding any material developments relating to the project.

Further, for the purpose of financing the installation of the aforesaid facility, the Board has also approved availing a term loan of up to ₹150 Lakhs from a scheduled commercial bank and/or financial institution, subject to the execution of definitive agreements and fulfilment of applicable terms and conditions.

Setting Up of New Oil Plant

Manufacturing area to which the new line belongs to	The new facility belongs to the specialty chemicals and bio-based industrial materials segment and will manufacture Cashew Nut Shell Liquid (CNSL), a sustainable and renewable alternative to petroleum-derived chemicals used in the production of resins, coatings, friction materials, laminates, paints, and other specialty chemical products.
Expected benefits	This CNSL extraction facility will enable the Company to effectively utilize the cashew nut shells generated during the processing of cashew kernels and produce Cashew Nut Shell Liquid (CNSL), a versatile industrial raw material used in the manufacture of resins, coatings, friction materials, paints, laminates, and various specialty chemical products. CNSL is emerging as a strategically important bio-based industrial raw material and is increasingly being adopted as a sustainable alternative to petroleum-derived chemicals.
Aim	Enabling the production of a value-added bio-based industrial raw material, diversification of the Company's product portfolio, and enhancement of revenue generation and operational efficiency.

About us:

NFP Sampoorna Foods Limited, listed on the NSE SME platform, is a leading processor and exporter of premium-quality cashew kernels. The Company is committed to delivering high-quality products that meet international standards while maintaining a strong focus on operational excellence, sustainability, and value addition. Through continuous innovation, efficient resource utilization, and expansion into allied product segments, the Company aims to strengthen its position in the food processing industry and create long-term value for its stakeholders.
