Govt targeting construction pace of 50 km/day for NH

PRESS TRUST OF INDIA
New Delhi, March 12

UNION MINISTER NITIN Gadkari on Saturday said the government is targeting a pace of 50 km per day for national highways' construction in the country, and expressed hope that the pace in the current fiscal year will be higher than that in 2020-21.

Addressing 'ET Global Business Summit' virtually, Gadkari said the government is giving highest priority to developing the road network near the border areas of Arunachal Pradesh, Himachal Pradesh and Jammu & Kashmir. "Now, we want to go up to (construct) 50 km per day (highway)," he said.

The pace of national highway (NH) construction in the country touched a record 37 km per day in 2020-21.

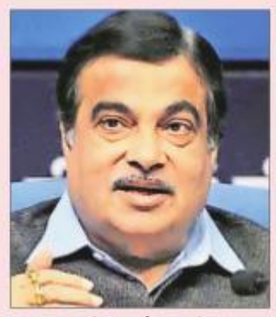

The road transport and highways minister said, this week he has signed a file to award contracts for construction of 1,000 km highway.

Gadkari said due to Covid-induced disruptions, National Highways Authority of India (NHAI) and National Highways and Infrastructure Development Corporation Ltd (NHIDCL) faced some problems.

"But still for this (fiscal) year, up to the end of March, we will try to break the record of previous fiscal year's highway construction," he said.

The minister said, at the same time, his mission is to reduce the logistics costs.

He pointed out that presently the logistics cost in India is 16%, China (12%), the US (12%), and in European countries, it is 10%.

...For this (fiscal) year, we will try to break the record of previous fiscal year's highway construction

Ruchi Soya to launch follow-on public offer on March 24

PRESS TRUST OF INDIA
New Delhi, March 12

EDIBLE OIL FIRM Ruchi Soya, which is owned by Baba Ramdev-led Patanjali Ayurved, will hit the capital market with its follow-on public offer (FPO) on March 24 to raise up to ₹4,300 crore.

In a regulatory filing late on Friday, Ruchi Soya said a committee of the board has approved and adopted the red herring prospectus (RHP). It also approved the bid/issue opening date of March 24, 2022, and closing date of March 28, 2022.

In August last year, the company had received capital markets regulator Sebi's go-ahead to launch the FPO. It had filed the draft red herring prospectus (DRHP) in June 2021.

The company is coming out with the public issue to meet Sebi's norm of minimum public shareholding of 25 per cent in a listed entity.

As per the DRHP, Ruchi Soya will utilise the entire issue proceeds for furthering the company's business by repayment of certain outstanding loans, meeting its incremental working capital requirements and other general corporate purposes.

In 2019, Patanjali acquired Ruchi Soya, which is listed on the stock exchanges, through an insolvency process for ₹4,350 crore. The promoters currently have nearly 99% stake. The company needs to dilute a minimum 9% stake in this round of the FPO.

As per Sebi rules, the company needs to bring down promoters' stake to achieve the minimum public shareholding of 25%. It has around 3 years to pare promoters' stake to 75%.

Ruchi Soya primarily operates in the business of processing oilseeds, refining crude edible oil for use as cooking oil, manufacturing soya products, and value-added products.

The company has an integrated value chain in palm and soya segments, having a farm-to-fork business model. It has brands such as Mahakosh, Sunrich, Ruchi Gold and Nutrela.

Census: Citizens to be allowed to self-enumerate online; home visit by officials to continue

PRESS TRUST OF INDIA
New Delhi, March 12

THE CITIZENS OF the country, if they wish, will be able to self-enumerate online in the upcoming census as the government has amended the rules that allowed the census schedule, which contains questions to be asked during the decennial exercise, to be both on paper and in electronic forms.

According to the Census (Amendment) Rules, 2022 issued late on Friday night, the phrase "electronic form" shall have the same meaning as assigned to it in clause (R) of sub-section (1) of section 2 of the Information Technology Act, 2000 -- any information generated, sent, received or stored in media, magnetic, optical, computer memory, micro film, computer generated micro fiche or similar device.

Apart from allowing the provision of online self-enumeration, home visit by the enumerators for collecting census data will continue as in the past.

The housing listing phase of the census and the exercise to update the NPR were scheduled to be carried out across the country from April 1 to September 30, 2020, but got postponed due to the COVID-19 outbreak.

According to the earlier schedule, the census would have its reference date as March 1, 2021 and in snow-bound Jammu and Kashmir, Himachal Pradesh and Uttarakhand, it would have been October 1, 2020.

The census operation continues to be on hold and the government is yet to announce the new schedule.

The new rules define self-enumeration as "filling-up, completion and submission of census schedule by respondents themselves".

In Rule 5, which deals with publishing of the census statistics through publications of magnetic media, the word "media" has been replaced with "electronic or any other media".

A clause has been added to Rule 6 to allow filling up of the census schedule through self-enumeration.

The 48-year-old Mann was elected the AAP Legislature Party leader at a meeting of the party MLAs in Mohali on Friday.

Mann said the swearing-in ceremony will be held at 12:30 pm on March 16 at Khatkar Kalan, the ancestral village of legendary freedom fighter Bhagat Singh, in Nawanshahr district. "We invite the people of Punjab (for the ceremony). Every Punjabi will take oath on that day...we will vow to sacrifice everything for the progress of Punjab, he said. "We will pay tributes to Bhagat Singh."

Pramod Sawant resigns as Goa chief minister

GOA CHIEF MINISTER Pramod Sawant on Saturday tendered his resignation to the Governor to pave the way for the formation of a new government in the state, where his party - BJP - has emerged as the single largest political force after the assembly poll results. Sawant met Goa Governor P S Sreedharan Pillai at the Raj Bhavan around noon and tendered the resignation.

Talking to reporters, the governor said he has accepted Sawant's resignation and also appointed him as the caretaker chief minister of the state till "alternative arrangements" are in place.

The BJP has won 20 seats in the 40-member Goa assembly, just one short of the magic figure of 21 required to form a majority. After the poll results, which were announced on Thursday, the party has decided to form the next government with the support of three Independents and two Maharashtrawadi Gomantak Party (MGP) legislators. **— PTI**

Taking over from IRCTC, railways to now open over 100 food plazas at stations

PRESS TRUST OF INDIA
New Delhi, March 12

THE RAILWAYS WILL now open food plaza, fast food units and multi-cuisine restaurants, taking over from its catering arm IRCTC, in a bid to generate non-fare revenue, according to an order issued by the Railway Board.

The Indian Railway Tourism and Catering Corporation (IRCTC), which is responsible for serving food on board trains and in its static units, was set up primarily to segregate non-rail works from the railways, whose primary job is to run trains.

With the IRCTC failing to set up such units, causing huge losses in revenue for the railways, it has now been decided to hand over this responsibility to zonal railways.

The order, dated March 8, has given permission to the 17 zonal railways to use vacant space at stations for such units. "Setting up of food plaza/fast food units/multi-cuisine restaurants by Zonal Railways at the vacant/non-utilised space available at railway stations... References have been received from Zonal Railways seeking permission to operate major static units (Food Plazas, Fast Food Units and Multi Cuisine restaurants) in view of the fact that many spaces allotted to IRCTC have continued to remain vacant thus leading to non-provision of passenger service and loss of railway revenue," the order stated.

The Indian Railway Tourism and Catering Corporation (IRCTC), which is responsible for serving food on board trains and in its static units, was set up primarily to segregate non-rail works from the railways, whose primary job is to run trains

Sources indicate that as many as 100-150 such static units are planned to be set up by the zonal railways.

Officials in the know suggest that the IRCTC has been unable to set up these food courts primarily because of high licence fee, high rate of rail land and wrong choice of place for setting up such units as stipulated in the catering policy of 2017.

Sources indicate that a review of the policy is currently underway.

The order has further stated that general managers of zonal railways conduct review of sites for major catering units that have been vacant for one year or more and set up food outlets with provision of local or regional cuisine.
