Vehicle finance sees segmented, diversified growth

BORROWER BASE EXPANDS

FE BUREAU
Chennai, August 19

INDIA'S VEHICLE FINANCE market is entering a phase of more segmented and diversified growth, with commercial vehicles and used cars emerging as key drivers, alongside a premiumisation trend in auto financing, according to CRIF High Mark's latest report, Wheels and Ambition: A Research Report on India's Vehicle Finance Landscape.

Commercial vehicle loans recorded a 20.1% five-year compound annual growth rate (CAGR), rising to ₹7.4 lakh crore in June 2026 from June 2021, while used-car loans emerged as the fastest-growing segment, registering a 26.2% CAGR to ₹1.3 lakh crore during the same period.

The used-car segment also saw its borrower base expand 2.4 times to 3 million, underscoring its growing formalisation and emer-

gence as a mainstream credit segment. Its share of total vehicle financing increased to 0.7% from 0.5% over the five-year period.

Two-wheeler financing remains the largest borrower segment, with the borrower base increasing from around 23 million in June 2021 to 36 million in June 2026. The segment continues to attract new borrowers, with 80% of borrowers being new to the product. Its share of total vehicle financing remained stable at 1.1%.

Auto loans are also showing signs of a premium-led recovery, with average exposure per borrower growing at a 9.2% CAGR between June 2021 and June 2026. The share of auto loans above ₹15 lakh increased from 27.6% in Q1 FY25 to 29.8% in Q1 FY27, pointing to a shift towards higher-value vehicles.

FCNR(B) decision data-driven: Guv

THE OUTSTANDING forward leg would be shown as a contingent liability and remain an off-balance-sheet item.

On the rupee and the RBI's record net short forward-dollar position, Malhotra said the position remained "very manageable". It was primarily the result of swaps previously undertaken to infuse liquidity and the latest facilities intended to strengthen the balance-of-payments position.

"The exchange rate continues to be market determined. Our policy on intervention remains the same, which is to curb excessive volatility and any undue speculative activity," he said. The RBI remained committed to ensuring orderly financial conditions and orderly movements in the exchange rate, he added.

On monetary policy, Malhotra said domestic growth-inflation dynamics would remain the principal determinant of monetary policy, though global macroeconomic conditions and geopolitical developments would also be taken into account because of their impact on the Indian economy.

On risks from the monsoon and El Niño, the governor said the rainfall deficit was about 12.6% and net sowing was 2% lower than last year. However, food buffers were adequate and the government had been proactive in managing supply-side pressures. Agriculture had

also become more resilient to monsoon-related uncertainty because of better farming practices, drought-resistant seeds and increased irrigation coverage. Malhotra also expressed confidence in the health of banks and non-banking financial companies. Banks had a capital-to-risk-weighted-assets ratio of nearly 18% and a liquidity coverage ratio of about 127%. Gross and net non-performing asset ratios stood at 1.7% and 0.4%, respectively. "As of now, we do not see any vulnerability in any particular sector," Malhotra said.

On the RBI's move towards principle-based regulation, Malhotra said its approach was to make regulation proportionate to the risks and capabilities of regulated entities. Although regulations continued to combine rules and principles, the RBI was increasingly moving towards a principle-based framework.

J&K important part of India: Gor in Srinagar

NAVEED IQBAL
Srinagar, August 19

IN A STRONG endorsement of New Delhi's long-standing position on Jammu & Kashmir, US Ambassador Sergio Gor, who was in Srinagar Wednesday on his maiden visit to the Valley, described J&K as "an important part of India" and signalled that Washington would review the situation in the Union Territory to downgrade and ease travel warnings

for US citizens.

Gor met Chief Minister Omar Abdullah at his Gupkar Road residence, marking the first standalone visit to the Valley by a serving US Ambassador since the abrogation of Article 370 in August 2019. In January 2020, Kenneth Juster, the then Ambassador, had visited the Valley as part of a government-facilitated delegation of foreign envoys.

Stating that he was

"thrilled" to be in the Valley, Gor said, "This is an important part of India. I am here, visiting for the first time. It's an incredibly beautiful place."

He is expected to travel to Ladakh Thursday.

He said he had "a very warm, very cordial" meeting with the chief minister. "We have some follow-ups that we hope to take back to Washington and back to Delhi. We look forward to building this relationship."

Bangladeshis among 9 killed in Kolkata fire

PRESS TRUST OF INDIA
Kolkata, August 19

NINE PEOPLE, INCLUDING a four-year-old child, were killed and six injured when a fire swept through a five-storey building housing several hotels in central Kolkata on Wednesday, with several Bangladeshis among the dead, prompting the government to order a statewide fire-safety audit.

Officials of the state government and the Bangladesh Deputy High Commission initially said five of the deceased were Bangladeshis, including a woman and a child.

However, sources at the Bangladesh mission later said the number of Bangladeshis killed in the blaze had risen to seven, adding that an official statement would be issued on Thursday morning.

The blaze at Shikha Inn on Mirza Ghalib Street, near the New Market area, came barely 48 hours after another hotel fire in Tarapith killed nine people, putting the safety standards of the state's hospitality sector under renewed scrutiny.

Fire and Emergency Services Minister Kaushik Chowdhury said the fire brigade received the call at 2.07 am and began rescue operations a minute later. Five fire tenders were deployed and around 80 people were rescued. Yet the speed of the response could not compensate for the building's lack of escape options.
