Media Release

Launches Audio Door Phones with Electronic Lock

Makes home SMART and SECURE by providing simple and reliable operations

06 Jan 2020: Nitiraj Engineers Limited (NSE-SME: **NITIRAJ**), Incorporated in 1989 is one of the leading manufacturers of **Electronic Weighing Scales and Systems**, has launched an Audio Door Phone with Electronic Lock under Security and Access Control segment.

About the Product:

The Product is a wired analog system consisting of outdoor bell unit, indoor phone unit, in-built power SMPS and compatible electronic lock wholly designed and developed by in-house R&D team to provide simple and reliable operations for end users. The product has attractive design and is convenient to use - whenever a visitor presses the outdoor bell it would trigger a call on the indoor phone unit allowing the person inside to communicate with the visitor and unlock the door remotely.

Features of the Product:

- Achieve 2-way, full duplex clear audio communication
- Unlock door with just the push of a button on the indoor phone unit
- Upto 3 indoor phone units can be connected with one outdoor bell
- Also connect electric bell and exit buttons with this system
- Compatible and secure electronic locks are also provided

Management Comment:

Commenting on this development, **Mr. Rajesh R. Bhatwal, Chairman & Managing Director** of Nitiraj Engineers Limited said.

"We are happy to announce the launch of Audio Door Phones with Electronic Lock. This product will provide a smart, easy and secure method to communicate with a visitor and remotely unlock the door. This will enhance the convenience as well as security. With increasing adoption of such smart security devices in residential as well as commercial constructions, we see a huge opportunity for this product. Moreover, existing buildings, especially in urban areas, are also incorporating such products to improve security and convenience. We continue to focus on bringing easy to use and innovative products to the mass market."

Company Overview
