Press Release

NIIT MTS Recognized as a Market Leader in Fosway AI Market Assessment 2025 for Digital Learning

Atlanta, GA, September 3, 2025: NIIT Learning Systems Limited [NIIT Managed Training Services (NIIT MTS)] (Ticker Symbol: NIITMTS), a global leader in managed learning services, announced that it has been recognized as a market leader in the **Fosway AI Market Assessment 2025 for Digital Learning**. The independent report evaluates how vendors are applying artificial intelligence to learning and development, separating hype from reality, and identifying the providers best positioned to deliver real business impact.

The assessment reveals that while **only 11% of AI features across the market are currently live with customers**, NIIT MTS has already delivered **100% of mainstream AI capabilities** and the majority of next-wave features, with a strong roadmap into future “Edge” capabilities such as adaptive learning and AI coaching.

The research highlights NIIT’s distinctive position in the market, including:

- 100% adoption of mainstream AI capabilities
- 84% of Next Wave AI features live today, with 100% on roadmap
- Rated above market average across all AI maturity categories
- Equal to ‘Market Best’ in OtS Digital Learning Services, Custom Content & Experience, Blended Learning Experience, Portals, Collaborative Solutions, Content Authoring Platforms, Learning Strategy Consulting, Technology Consulting and Quality Assurance Services
- Recognized as an early provider of live AI pilots scaled into enterprise-wide solutions

The full report is available for [download](#), licensed exclusively to NIIT MTS.

“We are delighted to be placed as a strategic leader on the Fosway’s grid on AI in L&D. The industry leading pole position is a reflection of NIIT’s incredible thought leadership in imagining the future, the richness of our talent and the depth of R&D investments since the availability of this technology,” said **Sailesh Lalla, Chief Business Officer, NIIT MTS**.

Commenting on the assessment, **Myles Runham, Senior Analyst, Fosway Group**, said, *“NIIT has a long track record of innovation in learning experience design and digital learning service management, bringing new capabilities to customers at scale across complex implementations. They were early to offer live AI capabilities for customers and their learners as proof of concept and pilot developments, rolling these out as part of the live portfolio in a full range of categories and service lines adding to a strong roadmap.”*

“The Fosway AI Market Assessment 2025 highlights what our customers are already experiencing. NIIT MTS has created state-of-the-art toolsets to help our customers leverage AI in curation, content development, and deliver better learner experience. By helping our customers leverage AI capabilities, we remain committed to delivering measurable value to them. This

Press Release

recognition means our customers can confidently adopt AI in learning, knowing they are partnering with a provider that has been validated for both maturity and impact. We remain committed to ensuring faster time-to-value, reduced risk, and futuristic learning solutions that directly support our customers' workforce development at scale," added **Devenderjit Chadha, Chief Customer Officer, NIIT MTS.**

The Fosway AI Market Assessment 2025 is the first in-depth, independent study of how AI is being applied in digital learning today. It categorizes AI capabilities into **Mainstream, Next Wave, and Edge**, assesses vendor delivery versus roadmap claims, and provides a clear benchmark for CLOs, CHROs, and business leaders making investment decisions in the rapidly evolving AI learning landscape.
