Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations 2015, the Company notify Exchange with the following information;

(I) Timepay Evok Go-2 Market engine for PAPG:

NPST (Network People Services Technologies Ltd) a leading fintech solution provider, has unveiled Timepay Evok as a UPI API engine to articulate its mission and relationship with digital merchants, payment aggregators & service providers in the digital payment landscape. With unique API services, UPI as a payment gateway can be integrated for both websites and Web/App driven solutions for large-scale merchants.

NPST being one of the approved TPAP (TimePay) it has built robust UPI API engine with inbuilt solutions such as merchant onboarding, auto reconciliation, merchant dispute resolution and strong data points for customer support. It intends to solve the inherent problem associated with standalone payment APIs. As a technology expert, NPST has built ready plugin that takes care of security layer as well as challenges associated with third-party integrations bringing down both cost and time for Payment aggregators.

Evok has multiple offering catering to different business needs ensuring secure, reliable, and fast-paced payment collections. The QR POS solution with ubiquitous UPI-based payments to make secure transactions & UPI AutoPay for making recurring payments through UPI are some of the valuable offerings with Evok.

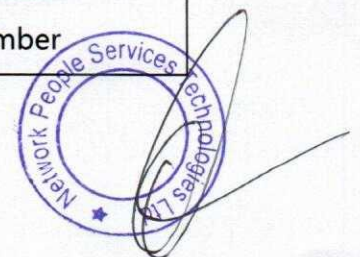

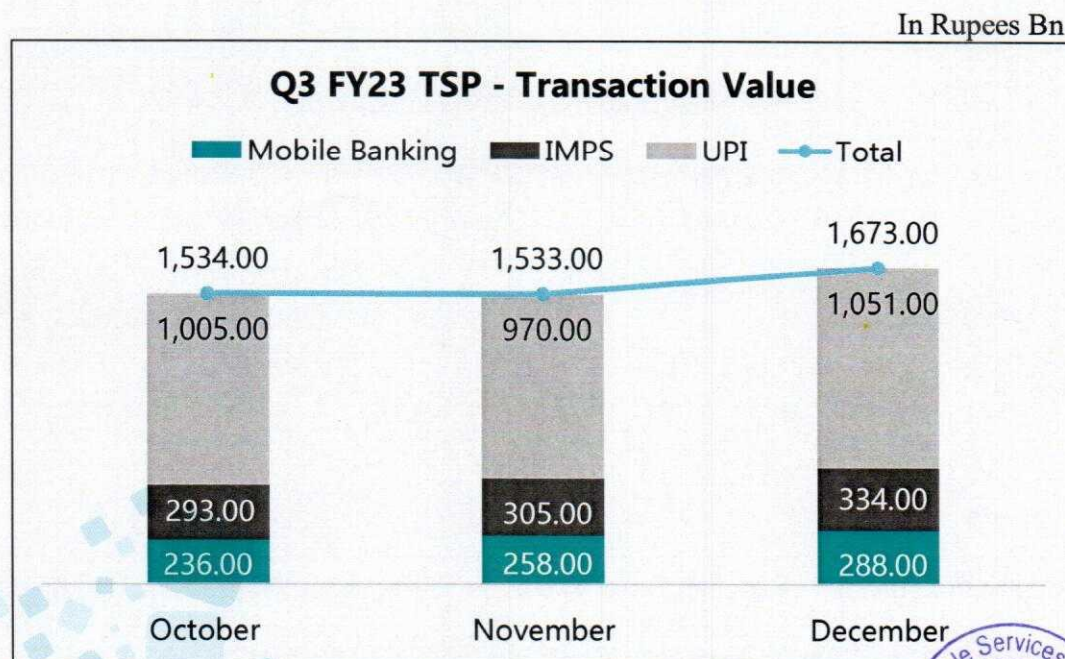

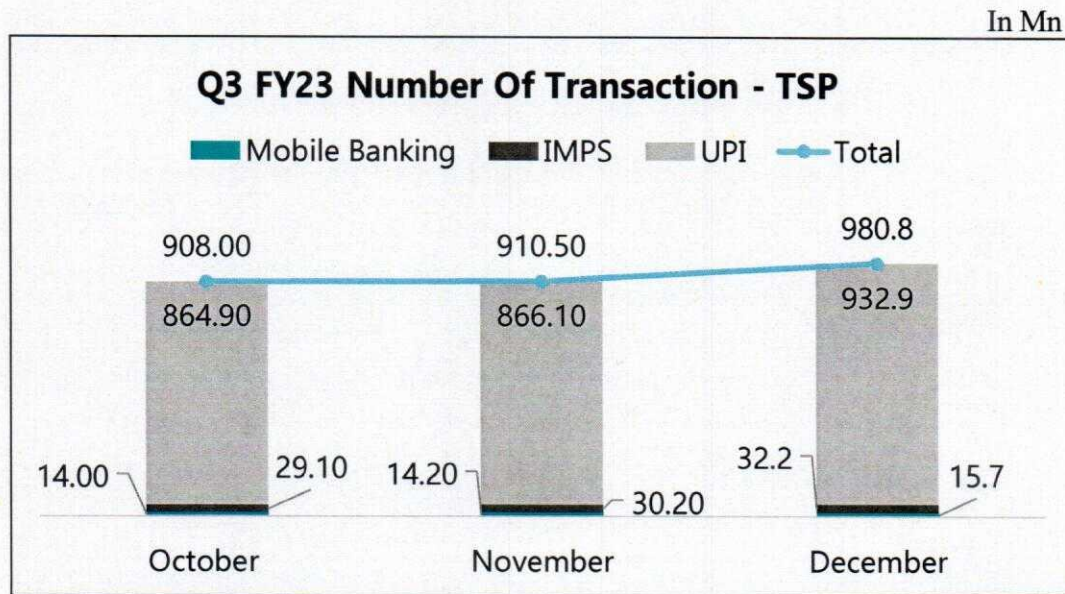

The Unique value position that EVOK holds in industry is the ability to provide innovation platform to payment aggregators on its UPI switch for which it holds IP
