Dear Sir,

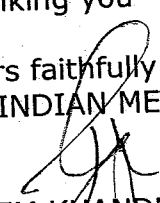

We wish to inform you that mining activity at our Sukinda Chromite Mines has been suspended w.e.f. 1st April 2014 as extension of environment clearance beyond 31st March 2014 is still under process. The proposal has been recommended by the Expert Appraisal Committee of the MoEF but we understand further processing is held up pending clarification from the Election Commission about applicability of code of conduct. Requisite stock of chrome ore is available at the plants and for the moment we do not anticipate any production disruption.

This may kindly be taken on record.

Thanking you

Yours faithfully

For INDIAN METALS & FERRO ALLOYS LTD.
