Notes:

- The above results were reviewed by the Audit Committee and were considered and approved by the Board of Directors at their respective meetings held on August 12th 2016.
- Foreign Exchange gain/loss was on account of Mark to Market Valuations of all exposures including derivative contracts, which materialized during the quarter ended June 30, 2016 and those outstanding at the end of the quarter and in respect of translating financial statement of foreign branches.
- The operations of the company's branch at Libya, was stopped due to prevailing political situation. The Company has signed a supplementary agreement with the Government for realization of dues and resumption of contract. In view of this the amount of dues and assets deployed in Libya are realisable and no provisions thereof are required at this stage. The expenses incurred during the quarter in respect of its said branch and the depreciation relating to the machineries deployed there has been considered as Work-in-progress. However, in view of prolonged uncertainty of resumption the Company has moved an application with the Hon'ble High Court at Delhi for proceeding with Arbitration and has been granted an interim stay for further extension / invocation of Bank Guarantees for the project.
- The figures for the quarter ended March 31, 2016 and June 30, 2015 are the balancing figures between audited figures in respect of full financial year ended March 31, 2016 and the unaudited published figures up to December 31, 2015.
- Previous period figures have been re-grouped/re-arranged, wherever considered necessary.
