Standalone performance for the quarter ended 30th June 2015:

The Standalone turnover for the quarter ended 30th June 2015 was Rs. 477 Crore in comparison to the corresponding quarter of previous year of Rs. 633 Crore. Loss before depreciation, interest and taxes (EBITDA) and before exceptional item for the quarter was Rs. 65 Crore in comparison with the corresponding quarter of previous year of Profit of Rs. 43 Crore. Standalone loss after tax for the quarter was Rs. 134 Crore as against corresponding quarter of previous year Rs. 27 Crore.

Sugar Division

The Consolidated Sugar operations reported a Loss before Interest and Tax of Rs. 144 Crore (corresponding quarter of previous year: Rs. 5 Crore) for the quarter.

Farm Inputs Division

The Consolidated Farm Input operations reported a Profit before Interest and Tax of Rs. 82 Crore (corresponding quarter of previous year: Rs. 112 Crore) for the quarter.

Bio-products

For the quarter, Bio-products Division (comprising Bio-Pesticides and Nutraceuticals) registered a Profit before Interest and Tax of Rs. 4 Crore (corresponding quarter of previous year of Loss before Interest and Tax of Rs. 5 Crores).

Commenting on the standalone financial performance for the quarter ended 30th June 2015, Mr.V.Ramesh, Managing Director said "This Quarter has been the most challenging one, in recent times. We have been taking many steps during the last many Quarters to improve profitability and build sustainability. However, the average sales realizations of Sugar in EIDP declined by 13% in Q1 15-16 as compared to the previous Quarter. As a prudent measure, we have devalued the sugar stocks to reflect the actual sales realizations of Q1 and early July. Consequently, the unprecedented progressive steep drop in sugar prices, due to surplus production in India, has completely eroded profitability and taken us into the red.

Inspite of the adverse environment on sugar prices, the Company has arranged for payment of the agreed cane prices in full for the SY 14-15. We have put together a loss reduction plan for the rest of the year. However, without Government intervention with subsidy on exports and policy announcements linking cane price to sugar prices, we see difficult days ahead this year."
