To
Thomas Cook (India) Limited
Marathon FutureX,
11th Floor, A Wing, NM Joshi Marg,
Lower PArel (E) | Mumbai – 400013

I have attached for your information, the press release and a photograph of the inauguration event of Fairfax India Charitable Foundation's (FIFC) Dialysis Initiative: support of the dialysis centre at Bhubaneswar, Odisha by providing low cost, quality dialysis to the population of Odisha.

Fairfax India Charitable Foundation joined hands with Government of Odisha offering 127 dialysis machines free to use to offer free dialysis services to parts of the state where there are no or poor dialysis facilities available for patients.

I request you to please take the above on record and for further dissemination to the stock exchanges if required at your end.

Warm Regards,

Abraham Alapatt
CEO

Fairfax India Charitable Foundation joins hands with Government of Odisha to bring affordable dialysis services to the state

~Signs MoU with National Health Mission, Odisha offering 127 dialysis machines across 26 centres to provide free dialysis treatments in Odisha~

Bhubaneswar, 31st January, 2018: Kidney disease is on the rise worldwide and in India the burden of Chronic Kidney Disease (CKD) & End Stage Renal Disease (ESRD) is increasing rapidly. Unfortunately increasing costs mean widening of the gap in bringing accessible healthcare to the lesser-privileged. With the aim to provide free dialysis treatments across the state, Fairfax India Charitable Foundation joins hands with Government of Odisha offering 127 dialysis machines free to use to offer free dialysis services to parts of the state where there are no or poor dialysis facilities available for patients.

- **1.3 million End Stage Renal Disease patients in India** who are in need of dialysis or kidney transplant.
- **200,000** dialysis machines needed vs. only **25,000** currently available
- **90%** of dialysis facilities are in the top 10 cities vs. **70%** Indians live in rural India
- **65%** of population do not receive dialysis due to long waiting list & many more patients who can't afford the dialysis cost.
- Only **1800 nephrologists** practice in India vs. 3000 India-born nephrologists in USA

Data from industry sources

As per information from various stake holders, Odisha alone contributes to almost 3.5% of the ESRD patients in India which comes to about 32,929 ESRD patients. It is estimated this population will cross the figure of 70,000 patients by the end of 2020. Current total dialysis delivery capacity is capable to provide regular dialysis to only 2300 ESRD patients leaving more than **90% ESRD population remaining underserved or un-served.**

Speaking on their association with this noble cause, **Mr. Abraham Alapatt, CEO, Fairfax India Charitable Foundation** said, "*This is a part of the larger Fairfax India Group level commitment to raise the resources between our companies, friends and well-wishers to support a self-sustaining low cost dialysis program in parts of India where patients today have no or limited access to this lifesaving service. The MoU we are signing today with the National Health Mission of Odisha will enable access to quality dialysis services free of cost by delivering more than 110,000 dialysis sessions per year.*"

He further added, *"Our target is to deploy 1000 machines with carefully chosen 150 centres. This will be capable of collectively offering 900,000 dialysis sessions per year at costs that*

INDIA CHARITABLE FOUNDATION

are about 40% lower than current market rates. Our mission is to serve the poorest Indians who need dialysis the most. This partnership will include over 465 machines deployed across government district hospitals in 10 states via a unique PPP model - in partnership with the Ministry of Health and carefully chosen private service providers in each state."

About Fairfax India Charitable Foundation

Fairfax Financial Holdings Limited is a holding company which, through its subsidiaries, is engaged in property & casualty insurance, reinsurance and investment management. The company was founded in 1985 by the present Chairman and Chief Executive Officer, Mr. Prem Watsa and is headquartered in Toronto, Canada.

As Fairfax expands its business in India, it intends to give back to the country in a meaningful way. With this intent, Fairfax India Charitable Foundation was established in Mumbai on November 9, 2016. The focus of the Foundation is to undertake charitable activities which will have measurable impact and create a sustainable social ecosystem.
