# TAKE Solutions receives SDCE 100 Award for Third Consecutive Year

## *~Return on Investment a Key Theme in This Year's "100 Great Supply Chain Projects"~*

**Chennai, India – May 28, 2013:**TAKE Solutions Ltd. [BSE: 532890 | NSE: TAKE], a leader in the Supply Chain Management (SCM) and Life Sciences (LS) domains, today announced, its 12th annual listing in the "SDCE 100" by Supply & Demand Chain Executive magazine. This year the award was measured based on the company's Return on Investment (ROI) through cost-cutting and increased efficiency in key areas of the end-to-end supply chain such as warehouse, transportation, or procurement sourcing.

TAKE is specifically recognized for helping a leading Fortune 100 company in the oil and gas sector by extending trading partner collaboration to increase inbound inventory control and receiving efficiency, prevent early shipments and increase supplier compliance with business processes through expanded workflow automation. The submissions were evaluated primarily based on ambitiousness/scope of the project, creative application of technologies/solutions/services used, extent of the business results/impact, and clarity of submission.

"We were especially delighted to receive this year's award due to its focus on tangible ROI for our customers," said **Brad Huff, EVP & GM of TAKE Supply Chain.** "Delivering measurable improvement, faster time to value and lower total cost of ownership are guiding principles in our approach to solution design. Our success is driven by the success we help our customers achieve."

The Supply & Demand Chain Executive 100 throws light on successful and innovative transformation projects that deliver bottom-line value to small, medium and large enterprises across the range of supply chain functions that this industry's professionals face today. The supply chain projects featured in this awards program can serve as a roadmap for new opportunities to drive operational improvements. Originating 12 years ago, by *Supply & Demand Chain Executive* business magazine, the awards announced its first "100" list of supply chain solution providers, consultants and other organizations that were helping lead the way in transforming companies' supply and demand chains.

The complete listing of the 2013 Supply & Demand Chain Executive 100 award winners is available at www.SDCExec.com. Extended coverage of the SDCE100 will appear in the June 2013 issue of *Supply & Demand Chain Executive* magazine and online thereafter.

**About TAKE Solutions:**

TAKE Solutions, Ltd. [BSE: 532890 | NSE: TAKE] is a leading global business technology company with domain expertise in Life Sciences (LS) and Supply Chain Management (SCM). TAKE provides cost-effective and comprehensive solutions for enterprises across diverse sectors including pharmaceuticals, high technology, consumer packaged goods, oil/gas, and automotive. TAKE's SCM product suites include distinct technology with embedded IP that spans enterprise mobility, trading partner collaboration, and material tracking. In the LS domain, TAKE offers IP-based software and extensive knowledge-based solutions to enable efficient clinical, regulatory, safety and commercialization processes.

TAKE has been recognized as a 'Leader' in IDC Health Insights' "IDC MarketScape: Worldwide Life Science Drug Safety Services 2013 Vendor Assessment". TAKE's global headquarters is in Chennai, India; its U.S. headquarters is located in Princeton, New Jersey. TAKE has a proven track record as a trusted partner in delivering world-class solutions to more than 400 customers worldwide. For more information, please visit www.takesolutions.com.

**About Supply & Demand Chain Executive:**

Supply & Demand Chain Executive is the executive's user manual for successful supply and demand chain transformation, utilizing hard-hitting analysis, viewpoints and unbiased case studies to steer executives and supply management professionals through the complicated, yet critical, world of supply and demand chain enablement to gain competitive advantage.
