L&T Construction Wins Water Project Orders Valued ₹1283 Crore

Mumbai, August 22, 2014: The **Water & Renewable Energy Business** of L&T Construction, a leading player in the water infrastructure and renewable energy sector in India, has secured new orders worth ₹ 1283 crore in July and August 2014.

The **Water Supply & Distribution Business** along with its joint venture partner NCC Limited, has secured a major order from Uttar Pradesh Jal Nigam for the Japan International Cooperation Agency-assisted Agra Water Supply Project - Package (5A). The scope involves construction of two parallel 2100 mm diameter steel gravity mains in the city. The total value of the order for the joint venture is ₹ 745 crore, out of which L&T's share is ₹ 410 crore.

In the **Waste Water Business,** repeat orders have been received from Greater Mohali Area Development Authority and Haryana State Industrial Infrastructure Development Corporation for construction of water and waste water infrastructure facilities at an upcoming IT city at Mohali, Punjab and industrial estates around Rohtak, Haryana, respectively. The infrastructure facilities include waste water and water supply networks, storm water systems and associated utility works.

The **Industrial Water Systems Business** has received a turnkey order from a private player for the construction of a 40 MLD common effluent treatment plant based on sequential batch reactor technology in Punjab.

The **Water & Renewable Energy Business** caters to turnkey infrastructure projects including water supply and distribution, desalination plants, water management system, waste water networks, water and waste water treatment plants, industrial water systems, lift irrigation systems and canal rehabilitation. In the field of renewable energy, the business provides EPC services for projects on photovoltaic and concentrated solar power plants, wind power plants, micro-grid systems, smart-grid systems and integrated security solutions.

Background:

Larsen & Toubro is a **USD 14.3 billion** technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. Its products and systems are marketed in over 30 countries worldwide. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.

** L&T Construction is a brand of Larsen & Toubro*
