L&T Hydrocarbon Bags orders worth over ₹807 Cr

Mumbai, August 30, 2013: L&T Hydrocarbon has recently secured new orders of **₹ 807 crore** for the supply of cracking furnace modules and parts, supply of equipment, EPC execution of cryogenic ethylene package, civil, structural, mechanical, electrical & instrumentation for petrochemical complexes of oil companies in India. Fabrication and assembly work for all the modules and equipment will be done at L&T's modular fabrication facility at Hazira near Surat.

L&T Hydrocarbon provides complete design-to-build engineering and construction solutions for the oil & gas sector. In-house expertise, extensive experience and collaborations with strategic business partners enable it to deliver end-to-end solutions for every phase of a project - from front-end design engineering through fabrication, project management, procurement, construction and installation up to commissioning.

L&T's Manufacturing Fabrication Facility at Hazira caters to business opportunities on the west coast of India and the Gulf. The facility has a major heavy manufacturing complex with captive 'Load-on' and 'Ro-Ro' jetties. Its mega-sized capabilities, its waterfront facility and relative proximity facilitate the shipping out of over-dimensioned equipment.

Background:

Larsen & Toubro is a **USD 14 billion** technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by reputed international magazine *Newsweek*, and ranked the world's 9th Most Innovative Company by *Forbes International*. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.

L&T Hydrocarbon is a brand of Larsen & Toubro Limited.
