Press Release

HCC-VCCL JV awarded Rs 1114 crore project in Manipur

Mumbai, February 23, 2016: Hindustan Construction Company Ltd (HCC) in joint venture with Vensar Constructions Company Ltd (VCCL), has been awarded Rs 1114 crore contract by the Public Works Department (PWD) of Government of Manipur. The HCC share in the joint venture is 73%, which is Rs 813 crore. The project is to be completed in 42 months.

The contract is for construction of Imphal-Kangchup-Tamenglong highway which is a part of Asian Highway No1. This project is backed by Asian Development Bank. This part of the highway starts at Imphal City and ends at Tamenglong covering a total length of 111 kms.

Commenting on new order win, Mr. Arun Karambelkar, President & CEO- E&C, HCC Ltd. said "HCC is proud to receive the order from the Manipur Government for this prestigious road project, which will provide impetus to the socio-economic development of the state. This order is strong attestation of HCC's delivery in infrastructure. HCC with its sound engineering expertise and committed team is all set to leverage the opportunities in the infrastructure space".

The Imphal-Kangchup-Tamenglong highway provides shortest connectivity from Manipur to "East West Corridor" of the NHAI. The highway will also reduce the distance from Guwahati to Imphal by at least 90 kms as compared to the existing route via Dimapur. The highway passes through districts of West Imphal and Tamenglong connecting major settlements of Imphal, Kangchup, Haochong, Bhalok and Tamenglong. The initial 15 km of the highway, from Imphal to Kangchup, is an existing road in plain terrain, whereas alignment between Kangchup to Tamenglong (about 96 km) is new a green-field alignment located mostly in the mountainous terrain.

This is sixth order HCC has received in the FY 2015-16 totaling Rs 4,520 crore. Besides, the company is lowest bidder in seven projects worth Rs 5,132 crore. The combined order backlog is likely to cross Rs 21,000 crore in the FY2015-16.

About HCC:

HCC is a business group of global scale developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 28% of India's Hydel Power generation and over 65% of India's Nuclear Power generation capacities, over 3,600 lane km of Expressways and Highways, more than 300 km of complex Tunneling and over 350 Bridges. Today, HCC Ltd. serves the infrastructure sectors of Transportation, Power and Water. HCC is also developing Lavasa City, a planned hill city and one of India's largest urban development and management initiatives. The HCC Group, with a group turnover of Rs 10,353 crore, comprises of HCC Ltd, HCC Infrastructure Co. Ltd, Lavasa Corporation Ltd and Steiner AG in Switzerland.
