NIIT Technologies positioned as a 'Leader' in the Cloud Advisory Assessment & Migration Evaluation by NelsonHall

Noida, INDIA, August 06 2018: NIIT Technologies Ltd., a leading global IT solutions organization today announced that NelsonHall has positioned it as a 'Leader' for Migration Capability in the Cloud Advisory Assessment & Migration NelsonHall's NEAT Evaluation, 2018.

The evaluation assesses capabilities of 15 vendors across multiple dimensions. NIIT Technologies exhibited both a high ability relative to its peers to deliver immediate benefit and a high capability relative to its peers to meet client future requirements to emerge as a leader for migration services.

The company's cloud services are rated for providing value for money; project cost deliverables, and infrastructure scalability / flexibility to its clients. The evaluation highlights the company's significant focus on and investment in cloud offerings for target verticals and cloud management platform.

David McIntire, Research Director in NelsonHall's IT Services practice, and author of the report, said, "NIIT Technologies has grown its cloud advisory and migration capabilities through building a dedicated cloud services organization, developing close partnerships with leading tool providers, and building out its own proprietary offerings. All of this positions it well to support client cloud journeys, particularly in target industries such as financial services, insurance and travel, transport and hospitality."

Sudhir Singh, CEO, NIIT Technologies stated, "Our strategy is to deliver real and material outcomes for our clients operating at the intersection of our select industries and emerging technologies. Cloud is a key enabler for Digital Transformation, which helps us to innovate, co-create for our clients and deliver digital experiences at scale contributing significantly in our growth journey."

Vic Gupta, Global Head of Cloud Services stated, "We are delighted to see this recognition demonstrating our holistic approach to cloud journey, including partnership, assets and frameworks along with comprehensive tooling we have built to enable the digital ambition of our clients."

NIIT Technologies' Cloud services include Delivering Digital Transformations, Integrated Platform Hubs, Building Future Ready Infrastructure and Enabling Smart Operations for our clients. The company has a strong partner ecosystem for cloud enablement and proven templates for design, implementation, and management, which enables clients to seamlessly move their business applications to the Cloud while managing and operating at scale.

About NelsonHall

NelsonHall is the leading global analyst firm dedicated to helping organizations understand the 'art of the possible' in IT and business services. With analysts in the U.S., U.K., and Continental Europe, NelsonHall provides buy-side organizations with detailed, critical information on markets and vendors (including NEAT assessments) that helps them make fast and highly informed sourcing decisions.
