Key Highlights

Nupur Extrusion Private Limited, a subsidiary of NRL, has commenced operations at its new manufacturing facility in Haryana. The company will supply materials to leading businesses engaged in solar plant manufacturing and OEM operations, supporting their production needs and reinforcing its footprint in high-growth industries.

The aforesaid expansion not only strengthens the Group's presence in the manufacturing sector but has also generated meaningful employment opportunities within the acquired companies, supporting local economic development and the company's commitment to inclusive growth.

Management Insight

Speaking on the performance, Mr. Rajesh Gupta, Managing Director, Nupur Recyclers Limited, stated:

"We are pleased to report a strong performance for the quarter, with Total Income growing by 18.87%, PBT increasing by 20.94%, and PAT rising by 9.85% compared to the previous quarter. The improvement in profitability, particularly at the PBT level, reflects the effectiveness of our operational efficiencies and disciplined cost management. We remain focused on sustaining this momentum through continued execution excellence and strategic growth initiatives."

Industry Outlook & Future Plans:

The metal recycling industry in India is experiencing strong growth driven by rising demand for recycled materials and increased sustainability initiatives. NRL is well-positioned to leverage these trends through investments in cutting-edge recycling technologies, expansion into related recycling segments, and now, entry into the auto components manufacturing sector.
