Nod to induction of 1,500 AC e-midi buses

Mumbai: The BEST Committee on Tuesday approved the induction of 1,500 AC electric midi buses to strengthen last-mile connectivity and feeder services across Mumbai. The 9mt e-buses will serve metro stations, high-density corridors, narrow roads and congested urban routes. The proposal was approved by Deputy Chief Minister Eknath Shinde on Oct 30, 2025.

GreenCell Mobility will supply 1,050 EKA electric buses, accounting for 70% of the order, while Sai Green will provide 450 Switch EiV9 buses.

Each bus will have a 400mm ultra-low floor to improve accessibility, including for wheelchair users. The fleet will also feature lithium iron phosphate batteries, air suspension, fast DC charging, 360-degree CCTV surveillance, Intelligent Transport Management Systems and fire detection and suppression systems.

The buses will be inducted in four phases – 225, 375, 450 and 450 – in 2026-27, and deployed across BEST depots. The fleet is expected to reduce emissions, improve access to transport hubs and support the Ministry of Housing and Urban Affairs' target of operating 10,000 buses in Mumbai by 2027.

BEST unveils ₹28,000-cr revival plan

Abhishek Pathak
MUMBAI

In one of the biggest restructuring plans in its history, the Brihanmumbai Electricity Supply and Transport (BEST) Undertaking has proposed a ₹28,000-crore transformation to revive its finances and modernise infrastructure by redeveloping 22 bus depots across Mumbai.

The BEST Committee approved the proposal on Tuesday. It will now be sent to the BMC and subsequently placed before the Maharashtra Cabinet for final approval.

The plan seeks to turn ageing depots into integrated urban hubs while retaining operational bus terminals. It will be executed through the Design, Build, Finance, Operate and Transfer model under a public-private partnership, with land ownership remaining with BEST.

The proposal was presented to Chief Minister Devendra Fadnavis in June, following which KPMG was appointed to prepare a redevelopment strategy. BEST has sought an increase in permissible floor space index from 1.3 to 7, on the lines of Metro-3 projects, to ensure financial viability.

Anik & Pratiksha Nagar: Metro-11 underground corridor

BEST General Manager Sonia Sethi said the project extends beyond commercial and residential development. "It will also create educational institutions, hospitals, public parking facilities and other social infrastructure while generating sustainable revenue," she said.

BEST has an accumulated deficit of ₹7,322 crore and liabilities of ₹14,323 crore. Procuring and operating 5,000 self-owned buses and meeting employee commitments will require another ₹13,561 crore, taking the total requirement to nearly ₹28,000 crore.

BEST Committee chairperson Trushna Vishwasrao said the redevelopment would maximise prime land value while providing improved staff housing, amenities and parking. Officials said it was modelled on transport-oriented developments in Singapore, Hong Kong, Paris and Stockholm.

Upfront premiums from developers will be used to clear liabilities, settle employee dues and purchase self-owned buses. BEST also proposes dedicated corpus and recurring funds to ensure long-term sustainability and reduce dependence on annual BMC support.

₹99 Annual card for retd employees

On August 7, to mark BEST Bus Day, the Undertaking will launch a special annual bus travel card for its retired employees at a nominal cost of ₹99. The fee will be deducted from the employee's gratuity amount. After the first year, the card can be renewed annually.

1-day safe driving training

In the wake of the Mankhurd bus accident, BEST has launched a one-day safety sensitisation and training programme for all 5,200 wet lease bus drivers. The initiative focuses on defensive driving, lane discipline, speed control, adherence to traffic rules and compliance with SOPs. BEST has also directed wet lease operators to closely monitor drivers and enforce safety norms. The Undertaking said the move aims to improve passenger safety and reduce accidents across its bus network.

847 mangroves to go for Bullet train

Compensatory afforestation of **7,457 trees**

Area of **6.71 hectares**

Location at Katphal village in Solapur

The Bombay High Court on Tuesday permitted the felling of 847 mangrove trees and 196 non-mangrove trees for a 132 KV transmission line from Dahanu to the proposed Ambesarai traction substation in Palghar district, a key infrastructure project linked to the Mumbai-Ahmedabad Bullet train corridor.

However, the court made it clear that the permission was being granted only because of the project's national importance and should not be treated as a precedent. It ruled that, in future, compensatory afforestation at locations far away would not be allowed. The Bombay Environmental Action Group had opposed the proposal, arguing that plantations nearly 500km away could not offset the ecological loss in Dahanu.

"Compensatory afforestation is not intended to be a mere numerical replacement of trees felled for a project. Its purpose is ecological restoration," a bench of Acting Chief Justice Ravindra Ghuge and Justice Gautam Ankhad observed.

The order came on a petition filed by the Maharashtra State Electricity Transmission Company Ltd. (MSETCL), which sought permission to divert 3.3561 hectares of forest land, including 1.9656 hectares of mangroves, for laying the transmission line.

Under the plan, MSETCL will plant 26,664 mangrove saplings over six hectares at Panchali, Dehane and Asangaon in Palghar, with tidal channelling, fencing and maintenance for 10 years. The court had earlier expressed concern over the steady loss of mangroves, warning that if green cover continues to shrink, "a day may not be far when people will carry oxygen cylinders."

The bench also directed the Chief Secretary and senior forest officials to ensure compliance within four weeks and ordered MSETCL and forest authorities to file status and audit reports every six months for the next 10 years.

Rescuer's death: Insensitivity alleged

Danish Azmi
THANE

The family of Thane Disaster Response Force (TDRF) personnel Vikas Gore, who died in a pothole-related accident on the Mumbai-Nashik Highway, has accused the Shahapur police of insensitivity and failing to initiate legal action against those responsible for maintaining the road.

Gore died on Monday morning while riding his Royal Enfield bike motorcycle on the highway in Shahapur. His family alleged that when they approached the police station after the accident, personnel asked, "Didn't your son see the pothole?", appearing to blame the deceased motorcyclist.

Shahapur Sub-Divisional Police Officer Vishal Nagargoje denied any bias and said a fair investigation was underway. He added that criminal proceedings would be initiated against the contractor and government officials concerned if negligence was established.

"I personally met the deceased's brother at the police station and spoke to him regarding the case," Nagargoje said, confirming that an accidental death report had been registered.

Nagargoje said photographs, videos and other evidence from the accident site had been preserved. "No evidence has been destroyed," he said, adding that the family's allegations would also be examined. He also appealed to witnesses to record their statements.

Trafficking kingpin sourced species from B'desh: CBI

Somendra Sharma
MUMBAI

A CBI probe into a wildlife trafficking syndicate has revealed that alleged kingpin Arjun Mondal purchased prohibited species from Bangladesh and sold them across India.

The agency, during a joint operation with the Directorate of Revenue Intelligence (DRI) Mumbai last month, recovered and seized 15 slow lorises and six Egyptian vultures. The animals and birds are listed under Schedule I of the Wildlife (Protection) Act and receive the highest level of legal protection in India.

According to the CBI, its Economic Offences Branch in Mumbai and the DRI jointly developed secret-source information about wild animals being illegally kept at Machlandapur in Habra, West Bengal. The suspects were allegedly involved in possessing, trading and selling the species in different parts of the country.

Investigators learnt that Mondal headed the syndicate, following which CBI and DRI teams searched locations in North 24 Parganas last month.

At one location, officials found six Egyptian vultures confined in a large cage. Another accused, Saikat Biswas, told investigators that Mondal had brought the vultures there a month earlier. Biswas said Mondal, who was his neighbour, had recently shifted to Durganagar.

Biswas also told the agency that Mondal used the premises to keep the species and that his associate Himanshu Mondal, alias Mithun, visited the location to care for and feed them. He allegedly received money from Mondal for housing birds and animals.

During questioning, Biswas disclosed that more prohibited species were being kept at Himanshu Mondal's house. Officials subsequently found 10 Bengal slow lorises, scientifically known as Nycticebus bengalensis, in eight separate cages inside a shelter on the terrace.
