COP30 UN CLIMATE SUMMIT

India reaffirms pledge for equitable climate action

Calls for stronger ambition 10 years after Paris pact

Belem, Brazil, November 8

INDIA'S CONSISTENT COMMIT-**MENT** to climate action based on equity, national circumstances and the principles of Common but Differentiated Responsibilities and Respective Capabilities (CBDR-RC) is intact, Ambassador of India to Brazil Dinesh Bhatia said as he delivered India's National Statement at the Leaders' Summit of the CoP30.

India has reaffirmed its commitment to equitable climate action at the Leaders' Summit held on Friday. India asserted that equitable, predictable, and concessional climate finance remains the cornerstone for achieving global climate goals.

The 30th Conference of the Parties (CoP30) to the UN Framework Convention on Climate Change (UNFCCC) will take place in Belem, Brazil, from November 10 to 21. India thanked Brazil for

Leaders attending the COP30 UN Climate Summit pose for a group photo in Belem, Brazil

hosting CoP30 on the 10th anniversary of the Paris Agreement and recalled the 33-year legacy of the Rio Summit.

India's statement noted that this is an opportunity to reflect on the global response to the challenge of climate change.

"It is also an opportunity to celebrate the legacy of the Rio Summit, where the principles of equity and CBDR-RC were adopted, laying the foundation

for the international climate regime, including the Paris Agreement," India's Ministry of Environment, Forest and Climate Change said.

Highlighting India's low-carbon development path under the leadership of Prime Minister Narendra Modi, the statement emphasised that between 2005 and 2020, India reduced the emission intensity of its GDP by 36%, and this trend is expected to continue. Non-fossil power now accounts for over 50% of India's installed capacity, enabling the country to reach the revised NDC target five years

The statement further underscored India's expansion of forest and tree cover, as well as the additional carbon sink of 2.29 billion tonnes of carbon dioxide equivalent created between 2005 and 2021.

Pfizer seals \$10-billion deal for Metsera as Novo exits race

REUTERS November 8

OBESITY DRUG DEVELOPER Metsera has accepted Pfizer's \$10 billion acquisition offer, ending a fierce biotech bidding war between the New Yorkbased pharma giant and Danish rival Novo Nordisk.

Pfizer appeared to have locked up the acquisition in September before Novo jumped in last week with an unsolicited offer, sparking a strategic fight for a coveted asset in the growing weight-loss market. Pfizer is trying to gain a toehold in that marketplace to overcome past in-house stumbles in developing weight-loss drugs.

Trump: No US govt official will attend G20 summit

REUTERS Washington, November 8

PRESIDENT DONALD TRUMP said that no US government official would attend the Group of 20 summit in South Africa later this month, because of what he said were "human rights abuses" taking place in the country.

South Africa's foreign ministry described the decision as "regrettable". "The claim that this community faces persecution is not substantiated by fact," the ministry said, adding that South Africa's past of racial inequality gives it the experience to help the world tackle divisions through the G20 platform.

"It is a total disgrace that the G20 will be held in South Africa," Trump said in a Truth Social post."Afrikaners (People who are descended from Dutch settlers, and also French and German immigrants) are being killed and slaughtered, and their land and farms are being illegally confiscated."

"No US government official will attend as long as these human rights abuses continue. I look forward to hosting the 2026 G20 in Miami, Florida!" Trump said.

Vice President JD Vance, who was expected to attend the Group of 20 world leaders in Johannesburg in Nov 22-23, was no longer going, a source familiar with the matter said. Trump has taken issue with South African domestic and foreign policies — ranging from its land policy to its case accusing Israel of genocide in the US ally's war in Gaza.

"Our nation is uniquely positioned to champion within the G20 a future of genuine solidarity," the ministry said, adding that it looked forward to hosting a successful summit.

Earlier this year, Secretary of State Marco Rubio also boycotted a G20 foreign ministers' meeting in South Africa, which has the G20 presidency from December 2024 to November 2025.

The United States is set to take over the G20 presidency from South Africa.

Trump admin begins 175 probes into H-1B abuse

PRESS TRUST OF INDIA New York, November 8

THE TRUMP ADMINISTRATION has launched about 175 investigations into H-1B visa abuse, including lapses such as low wages, non-existent work sites and the practice of "benching" employees. According to the US Department of Labor, the probes were part of a broader effort for the protection of American jobs. "As part of our mission to

protect American Jobs, we've

launched 175 investigations into H-1B abuse," the Labor Department said in a post on X Friday. It added that under the leadership of President Donald Trump and Labor Secretary Lori Chavez-DeRemer, the agency will continue taking action to put American workers first. Chavez-DeRemer said in a post on X that the Labor Department "is using every resource at our disposal to put a stop to H-1B abuse and protect American Jobs. Under the leadership of @POTUS, we'll continue to invest in our workforce and ensure high-skilled job opportunities go to American Workers FIRST!"The Trump administration has launched a massive crackdown to check abuse in the H-1B visa programme, which is used by companies, particularly technology firms, to employ foreign workers in the US.

Indian professionals, including technology workers and

US President Donald Trump

ers. A report in Fox News said that the Department of Labor could not provide details on the specifics of the 175 current investigations,"which account for over \$15 million in calculated back wages to workers." The federal department

however said that it has "uncovered a bounty of concerns", with investigations finding that some foreign workers with advanced degrees are paid far less than what is promoted in a job description. The Labor Department said

this practice drives down wages for visa-holders as well as American workers, while also forcing American employees with the same qualification to accept lower wages to stay competitive, the Fox News report said. It added that investigations

also found instances of employers not notifying the US Citizenship and Immigration Services physicians, are among the when an H-1B visa holder was tional \$100,000 payment as a largest cohort of H1B visa hold- terminated. It also found signif- condition of eligibility.

icant lag times between a termination and an employer notifying the agency. In some in stances, investigators found that work sites listed on documents did not exist, or that workers were unaware of the jobs they were supposedly assigned to perform as laid out in their permits and applications. "Other investigations found some employees took part in 'benching', which is when H-1B visa holders are not paid anything when they are in-between active work projects," the Fox *News* report said.

In September, Trump issued a Proclamation titled 'Restriction on Entry of Certain Nonimmigrant Workers' as an important initial step to reform the H-1B nonimmigrant visa programme. Under the Proclamation, certain H-1B petitions filed after September 21, 2025, must be accompanied by an addi-

Nvidia CEO Huang sees strong demand for Blackwell chips

REUTERS

Hsinchu/Taiwan, November 8

NVIDIA CEO JENSEN Huang on Saturday said the semiconductor giant is experiencing "very strong demand"for its state-ofthe-art Blackwell chips, as its appetite for wafers from Taiwan Semiconductor Manufacturing Company (TSMC) grows. "Nvidia builds the GPU, but

we also build the CPU, the networking, the switches, and so there are a lot of chips associ-

at an event held by Nvidia's longtime partner Taiwan Semiconductor Manufacturing Co in Hsinchu.TSMC CEO CCWei said that Huang had "asked for wafers," but that the number was confidential. "TSMC is doing a very good

job supporting us on wafers,' Huang said during his fourth public trip to Taiwan this year, adding that the company's success would not be possible without TSMC.

Nvidia made history in October when it became the first company to reach a \$5 trillion market value and TSMC's Wei called Huang a "five-trilliondollar man."
