ONGC Q2 Net Jumps 57% on Higher Realisations

Oil, gas price gains and weaker rupee offset 3% output decline

Our Bureau

New Delhi: Oil and Natural Gas Corp (ONGC) reported a 57% year-on-year surge in quarterly profit to ₹15,489 crore, aided by higher oil and gas prices and the depreciation of the rupee. Gross revenue rose 33% to ₹43,875 crore in the July-September quarter. The company declared an interim dividend of ₹8 per share, with November 12 as the record date. At ₹10,064 crore, this is the highest-ever interim dividend, the company said in a statement.

During the quarter, ONGC realised $92.23 per barrel from its nomination fields, up 37% from a year earlier. In rupee terms, realisations rose 50% to ₹8,826 per barrel. Crude oil realisations from joint-venture projects increased 42% to $97 per barrel. In rupee terms, they rose 55.5% to ₹9,275 per barrel. Gas realisation rose 3.7% to $7 per mmbtu for output from nomination fields and 22.5% to $10.24 per mmbtu for new-well gas.

The government caps the price of gas from nomination fields, while the price of new-well gas is unrestricted and linked to 12% of the India basket crude price. New-well gas refers to output from new wells drilled in existing fields or from projects involving fresh investments in enhanced recovery techniques.

New-well gas has become a significant contributor to ONGC's overall revenue over the years. The company's oil and gas production fell 3% year-on-year during the quarter.

"The year-on-year moderation in quarterly production was primarily attributable to reservoir behaviour complexities in KG-98/2 asset in eastern offshore basin, coupled with monsoon-related operational challenges and associated delays in pipeline replacement projects," the company said.

"Gas production from onshore fields was also affected by lower customer offtake during the quarter, following disruptions at certain major consumer facilities that temporarily reduced demand," it added.

The board approved a proposal to provide a five-year loan of ₹10,000 crore to its overseas arm, ONGC Videsh.

ONGC has also set up a joint venture to market and trade petrochemicals.

Barrel Boost

Particulars	FY'27	FY'26	% YOY
Gross Revenue (₹ Cr)	43,875	33,030	32.8
Net Profit (₹Cr)	15,489	9,848	57.3

Chicken, Egg Prices Expected to Rise Up to 30% by December

Jayashree Bhosale

Pune: Prices of eggs and chicken are expected to jump 25-30% by December as the cost of poultry feed ingredients such as maize and broken rice has surged 30-45% over the past month compared with a year earlier. Prices of maize and broken rice have doubled over the last year. With traders and farmers hoarding maize, the maize industry expects prices to continue rising through December.

Maize prices, which were around ₹18 per kg last year, have increased to ₹34 per kg, while a month ago they were around ₹26-27 per kg. The industry is worried that prices may touch ₹40 per kg by December as supply-chain intermediaries hoard the commodity in anticipation of further increases.

Prices of broken rice, which were ₹14-15 per kg in November 2025, are now at ₹31-32 per kg. They were around ₹22-23 per kg a month ago, trade data showed.

According to industry estimates, the deficient monsoon in key kharif maize-growing states of Maharashtra and Karnataka is expected to reduce the country's kharif maize production by 15-16%.

"Earlier, whenever prices of maize and rice increased, we used to shift to other cereals like jowar, bajra, ragi etc. However, even these cereals are expensive to use in poultry feed now," said KG Anand, general manager of Venkateshwara Hatcheries.

Wholesale egg prices, currently at around ₹6-7 per egg, are likely to increase to ₹7-8 per egg by December, while the wholesale price of skinless dressed chicken is expected to rise from ₹225-250 per kg to ₹260-275 per kg by December, industry executives said.

"Although the increase in production costs has been high, we cannot pass the entire increase in costs to the consumers," said Anand. December and January are peak consumption months for the poultry industry as demand spikes during the Christmas and New Year period. "This year, we are expecting the production to fall by more than 20% during December & January as farmers are likely to sell younger birds to reduce the cost of feeding," said Anand.

Maize prices have been rising steadily as diversion for ethanol production has increased, while rice prices have also climbed as the deficient monsoon is expected to reduce kharif paddy output.

Feeling the Pinch

Maize prices climb to ₹34/kg from ₹18/kg a year ago

Broken rice prices rise to ₹31-32/kg from ₹14-15/kg

Kharif maize production may fall 15-16% due to deficient monsoon in Maharashtra & Karnataka

Alternative cereals such as jowar, bajra and ragi have also become expensive

Poultry production may fall over 20% in December-January as farmers sell younger birds to cut feed costs

Berger Paints Q2 Profit Rises 5% on Higher Costs

Our Bureau

Mumbai: Berger Paints India saw a little over 5% year-on-year growth in its consolidated net profit for the September quarter to ₹217.1 crore, while consolidated revenue from operations rose 13.2% to ₹3,200.4 crore.

Profit growth lagged revenue as raw material costs and higher ad spends squeezed margins. As a result, consolidated earnings before interest, tax, depreciation and amortisation rose 5.2% to ₹370.7 crore, while consolidated gross margins for the quarter stood at 39.3%.

"Operating profit growth was impacted by the sharp rise in raw material costs, the full impact of which was felt in this quarter," managing director Abhijit Roy said. "We successfully launched our new corporate campaign, "Rang Bona Rahe", which resulted in increased advertisement spends for the quarter," he said.

Berger Paints has taken continued price hikes in a staggered form to counter the sustained raw material inflation, the company said in a statement.

Muthoot Microfin Net Soars 3-fold on Secured Book

Our Bureau

Kolkata: Muthoot Microfin reported a 3.6 times surge in second-quarter net profit at ₹111 crore against ₹31 crore in the year-ago period, buoyed by expansion in secured lending and improvement in asset quality.

The lender saw its net interest margin for the quarter rise to 12.5% from 12% in the preceding three-month period. Its pre-provision operating profit rose 67.4% year-on-year at ₹249 crore on 27% rise in total income at ₹733 crore.

The lender saw its net interest margin for Q2 rise to 12.5% from 12% in the preceding quarter

"The focus remained on the secured lending portfolio, which is showing better yield with no delinquency," chief executive officer Sadaf Sayeed said. The gross loan portfolio grew 22% year-on-year to ₹15,323 crore at the end of September, while the secured non-microfinance portfolio surged 31%. Its asset quality strengthened further, with the gross non-performing assets ratio improving by 123 basis points year-on-year to 3.38%.

Bank of England Strikes Hawkish Tone With First Hike Since 2023

Bloomberg

The Bank of England signalled it was poised to raise interest rates again in the coming months as policymakers backed the first increase in more than three years and warned inflation would approach 5% next year.

In a more hawkish decision than had been anticipated, the Monetary Policy Committee voted 8-1 to lift rates by a quarter point to 4%, prompting traders to ramp up bets on another move as soon as next month. External member Catherine Mann argued for a half-point increase, while Governor Andrew Bailey said that he could see the "argument for a further increase in rates and thereafter taking a more conditional approach" toward policy.

"Unless progress towards resolving the conflict is made, or there is other news which softens the risk to inflationary pressures, a further increase in bank rate may be warranted," he said in the press conference following the decision. "Today's increase should not be seen as the first in an inevitable long sequence of hikes."

Traders added to bets on BOE interest-rate hikes to price around a 50% chance of an increase in December, while almost pricing three more quarter-point hikes by the end of next year. Two-year gilt yields ticked three basis points up to 4.77%. The pound steadied at $1.3482.

British households are already suffering a sharp squeeze in living standards caused by higher energy and fuel costs.

Notes : (1) The results were reviewed by the audit committee and taken on record by the Board of Directors at its meeting held on 4th November, 2026. The Statutory auditor have carried out a limited review of the Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026. The above Standalone and Consolidated financial results have been prepared in accordance with the guidelines issued by the Securities and Exchange Board of India ('SEBI'), and the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013. (2) In view of seasonal nature of business, above quarterly and half yearly financial results are not representative of the operations of the whole year. (3) With respect to investment in associate company "Carvenichе Technologies Private Limited ("Carvenichе")" the investment made by the Group has been fully provided for. No further losses are required to be accounted by the Group and the same has been evaluated based on the unaudited financial results certified by their respective management. Further, the financial results of the foreign subsidiaries, namely Navneet (HK) Limited, Navneet Global FZE and Brick N Click Inc., for the quarter and half year ended 30th September 2026 and the quarter and year ended 31st March 2026 have been considered based on the unaudited financial results certified by their respective management. The financial results of the aforesaid associate and foreign subsidiaries are not material to the Group. (4) The board of directors has declared interim dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27 and also a special dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27. The record date for payment of this dividend is fixed as 11th November 2026. (5) The Board of Directors of the Company at its meeting held on 8th January, 2026 approved the Composite Scheme of Arrangement ('Scheme'), between Indiannica Learning Private Limited ('ILPL') and Navneet Education Limited ('NEL') and their respective shareholders for demerging 'Publishing Business' of ILPL into NEL. The Scheme is subject to requisite approvals as may be required from Honourable NCLT, Mumbai Bench. Pending receipt of the approval, no impact has been given in the financial results. (6) The above is an extract of the detailed format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 are available on www.navneet.com and Stock Exchange website www.bseindia.com and www.nseindia.com. अंबोली दुहेरी हत्याकांड; दोघांची जन्मठेप रद्द

म. टा. विशेष प्रतिनिधी, मुंबई

मुख्य दोषीला २० वर्षांचा सश्रम कारावास

अंधेरी पश्चिम येथील अंबोली परिसरात मैत्रिणींची छेड काढल्याने त्यावरून झालेल्या वादातून दोघा मित्रांची निर्घृणपणे हत्या करण्यात आल्याने, दीड दशकापूर्वीच्या बहुचर्चित घटनेतील तिघा दोषींपैकी एकाची जन्मठेपेची शिक्षा मुंबई उच्च न्यायालयाने गुरुवारी कायम ठेवली. मात्र, त्यात अंशतः बदल करून ती शिक्षा कोणत्याही शिक्षा सवलतीविना २० वर्षांच्या सश्रम कारावासापर्यंत मर्यादित केली. तर, अन्य दोघांना हत्येच्या आरोपातून निर्दोष ठरवत, जन्मठेपेची शिक्षा रद्द केली. त्यांची अन्य शिक्षा मात्र, न्यायालयाने कायम ठेवली.

विशेष न्यायालयाच्या अतिरिक्त सत्रन्यायाधीश व्ही. व्ही. जोशी यांनी ५ मे २०१६ रोजी दिलेल्या निकालानुसार, मुख्य आरोपी जितेंद्र फरीकचंद राणा ऊर्फ चैना तसेच सुनील ओमप्रकाश बोथ ऊर्फ छोटा, दीपक ईश्वर प्रकाश पिवल आणि सतीश नफेशिंग दुल्गज या चौघांना मरेपर्यंत जन्मठेपेची शिक्षा ठोठावण्यात आली होती. त्याविरोधात त्यांनी अपिले केली होती. मात्र, दुल्गज मरण पावला. त्यामुळे सुनावणीअंती खंडपीठाने गुरुवारी निकाल सुनावला.

विशेष न्यायालयाने राणाविरोधात हत्येच्या आरोपाखाली केलेली दोषसिद्धी खंडपीठाने योग्य ठरवली. मात्र, त्याचे वय लक्षात घेऊन खंडपीठाने त्याच्या शिक्षेत बदल केला आणि कोणत्याही प्रकारच्या शिक्षा सवलतीविना त्याला २० वर्षांचा सश्रम कारावास

२४ वर्षांचा कॉनन सॅटीस आणि २९ वर्षांचा रुबेन फर्नांडिस हे दोघे त्यांचे दोन मित्र आणि तीन मैत्रिणींसोबत रात्री अंबोली किचन बार अँड रेस्टॉरंटमध्ये गेले होते. यातील तरुणींची एका टोळक्याने छेड काढली होती. कॉनन व रुबेन यांनी त्या टोळक्याला हटकले. त्यानंतर या दोघांवर चाकू, क्रिकेट स्टम्प, बांबूने हल्ला करण्यात आला. कॉननला अनेकदा चाकूने भोसकण्यात आल्याने त्याचा जागीच मृत्यू झाला. तर, रुबेन हल्ल्यात गंभीर जखमी झाल्याने काही दिवसांनी त्याचा रुग्णालयात मृत्यू झाला.

'गोकुळ'चा वाद तीव्र

(पान एकवरून)

करत असल्याचा आरोप त्यांनी यावेळी केला.

सतेज पाटील म्हणाले...

- सरकारचा उद्देश सहकार क्षेत्राचे हित नसून गोकुळची सत्ता मिळवणे हाच आहे
- निवडणुकीपूर्वी कायदा केला असता, तर त्यावर चर्चा करता आली असती
- मात्र निवडणूक झाली, मतदान झाले आणि निकालही लागला. निकाल आपल्या बाजूने लागला नाही म्हणून आता कायदा बदलणे चुकीचे आहे
- मंत्रिमंडळाच्या बैठकीत या कायद्याच्या कारणांवर आणि संभाव्य परिणामांवर चर्चा झाली नाही
- मंत्री हसन मुश्रीफ आणि चंद्रकांत पाटील यांनी कायद्यात बदल करण्यासाठी पुढाकार घेतला
- गोकुळवर सुमारे साडेपाच लाख शेतकऱ्यांचा संसार अवलंबून आहे
- दररोज सुमारे २० लाख लिटर दूध संकलित केले जाते, तर दूध उत्पादकांना दर दहा दिवसांनी सुमारे १०० कोटी रुपये दिले जातात
- शेतकऱ्यांच्या मालकीच्या संस्थेवरील त्यांचा कौल सरकार डावलत आहे
- गोकुळचे दही आणि गुलाबजाम आणणार होती; मात्र उद्यापासून त्यावर अमूलचे लेबल लागेल की काय, अशी परिस्थिती निर्माण केली जात आहे
- ९ नोव्हेंबरला कोल्हापुरातील दसरा चौकातून जिल्हाधिकारी कार्यालयापर्यंत संघर्ष मोर्चा काढला जाईल
- सरकारच्या निर्णयाविरोधात उच्च न्यायालयात दाद मागणार आहे
- न्यायालयीन लढाई यापुढेही सुरूच राहणार आहे

'जनादेशात भेसळ'

नवी दिल्ली : गोकुळच्या वादात लोकसभेतील विरोधी पक्षनेते राहुल गांधी यांनी उडी घेतली. राज्य सरकारचा निर्णय हा 'जनादेशात भेसळ' करणारा आहे, अशी टीका राहुल यांनी गुरुवारी 'एक्स' द्वारे केली. 'गोकुळमध्ये दूध उत्पादकांनी भाजपचा पराभव केला. त्यामुळे निवडणुकीनंतर त्यांनी नियम बदलले. चार संचालक घुसवून आपली संख्या १२ वरून १६वर नेली आणि बहुमत चोरले. ही दूध उत्पादकांच्या मतांची चोरी आहे. जनादेशात भेसळ आहे' अशी टीका राहुल यांनी केली. 'भाजप इतका हताश झाला आहे की, सत्ता वाचवण्यासाठी तो सर्वच कोणत्याही थराला जात आहेत. जे दूध उत्पादकांची मते चोरतात, त्यांनी लक्षात ठेवावे की, शेतकरी हे विसरत नाहीत', असा इशाराही राहुल यांनी दिला.

मुख्यमंत्र्यांचा टोला

नागपूर : गोकुळ दूध संघाचा विषय केवळ साडेपाच हजार मतदारांशी संबंधित असताना राहुल गांधी यांनी त्यावर बोलावे, यातून त्यांची अवस्था दयनीय झाली असल्याचा टोला मुख्यमंत्री देवेंद्र फडणवीस यांनी लगावला. राज्य सरकारने 'गोकुळ'वर चार संचालक नेमले नसते तर पुन्हा निवडणूक घ्यावी लागली असती. तेरा जागा जिंकूनही कोरम पूर्ण होत नाही, त्यामुळे चेअरमन निवडता येत नाही. चेअरमन निवडण्यासाठी किमान चौदा सदस्यांची गरज आहे. त्यामुळे कायदेशीर पेचप्रसंग निर्माण झाला आहे. अध्यक्ष निवडीसाठी एक बैठक झाली. संख्याबळ नसल्याने ती रद्द करावी लागली. आणखी एक-दोन बैठकी घेतल्या असत्या आणि त्यात संख्याबळ नसते तर ही निवडणूकच रद्द झाली असती. म्हणून सरकारने चार सदस्य नियुक्त करण्याचा निर्णय घेतला, असे मुख्यमंत्र्यांनी यांनी सांगितले.

कार्गो कामगारांचे आंदोलन

म. टा. प्रतिनिधी, मुंबई

कामगारांचे प्रलंबित प्रश्न आणि ट्रान्सपोर्ट चालकांच्या विविध अडचणींकडे व्यवस्थापनाचे लक्ष वेधण्यासाठी अखिल भारतीय कामगार कर्मचारी संघातर्फे गुरुवारी सहार कार्गो कॉम्प्लेक्स येथे आंदोलन करण्यात आले. संघाचे अध्यक्ष रवींद्र चव्हाण यांच्या नेतृत्वाखाली झालेल्या या आंदोलनामुळे मुंबई आणि नवी मुंबई परिसरातील कार्गो सेवांवर चार तास परिणाम झाला.

व्यवस्थापनासोबत झालेल्या चर्चेत तीन प्रमुख मागण्या मान्य झाल्यानंतर संघटनेने आंदोलन मागे घेतल्याचे संघटनेतर्फे सांगण्यात आले. संघाचे सरचिटणीस सुहास माटे यांच्या प्रमुख उपस्थितीत व्यवस्थापनासोबत चर्चा झाली.

या चर्चेत निलंबित कामगारांचे निलंबन रद्द करणे, मृत कामगारांच्या कुटुंबीयांना डिसेंबर महिन्यात १० लाख रुपयांची ग्रुप टर्म लाइफ विमा मदत देणे आणि नवी मुंबई विमानतळासाठी कामगारांच्या जबरदस्तीच्या बदल्या रद्द करून इच्छुक कामगारांना प्रथम संधी देणे, या मागण्या मान्य करण्यात आल्या. तसेच पाच कामगारांना सध्याच्याच ठिकाणी काम करण्याची सुविधा देण्याचाही निर्णय घेण्यात आल्याचे माटे यांनी सांगितले.

केंद्र सरकारच्या नियमानुसार किमान वेतन लागू करणे, वैद्यकीय विम्याचा प्रीमियम मालक आणि कर्मचारी यांच्यात समान प्रमाणात विभागणे, विनाकारण सेवेतून कमी करणे किंवा निलंबन थांबवणे, कामगारविरोधी कायदे रद्द करणे आणि अतिरिक्त कामाचा कायदेशीर मोबदला देणे, या मागण्यांसाठी संघटनेचा लढा सुरूच राहणार असल्याचे माटे यांनी स्पष्ट केले. आंदोलनात मुंबई आणि नवी मुंबईतील कामगार तसेच ट्रान्सपोर्ट चालक सहभागी झाले होते.

Notes : (1) The results were reviewed by the audit committee and taken on record by the Board of Directors at its meeting held on 4th November, 2026. The Statutory auditor have carried out a limited review of the Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026. The above Standalone and Consolidated financial results have been prepared in accordance with the guidelines issued by the Securities and Exchange Board of India ('SEBI'), and the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013. (2) In view of seasonal nature of business, above quarterly and half yearly financial results are not representative of the operations of the whole year. (3) With respect to investment in associate company "Carverniche Technologies Private Limited ("Carveniche")" the investment made by the Group has been fully provided for. No further losses are required to be accounted by the Group and the same has been evaluated based on the unaudited financial results certified by their respective management. Further, the financial results of the foreign subsidiaries, namely Navneet (HK) Limited, Navneet Global FZE and Brick N Click Inc., for the quarter and half year ended 30th September 2026 and the quarter and year ended 31st March 2026 have been considered based on the unaudited financial results certified by their respective management. The financial results of the aforesaid associate and foreign subsidiaries are not material to the Group. (4) The board of directors has declared interim dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27 and also a special dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27. The record date for payment of this dividend is fixed as 11th November 2026. (5) The Board of Directors of the Company at its meeting held on 8th January, 2026 approved the Composite Scheme of Arrangement ('Scheme'), between Indiannica Learning Private Limited ('ILPL') and Navneet Education Limited ('NEL') and their respective shareholders for demerging 'Publishing Business' of ILPL into NEL. The Scheme is subject to requisite approvals as may be required from Honourable NCLT, Mumbai Bench. Pending receipt of the approval, no impact has been given in the financial results. (6) The above is an extract of the detailed format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 are available on www.navneet.com and Stock Exchange website www.bseindia.com and www.nseindia.com. The same can be accessed by scanning the QR code below. (7) # Denotes figures less than ₹ 50,00,000/-

ONGC Q2 Net Jumps 57% on Higher Realisations

Oil, gas price gains & weaker rupee offset 3% production decline

Our Bureau

Barrel Boost

Particulars	FY'27	FY'26	% YOY
Gross Revenue (₹ Cr)	43,875	33,030	32.8
Net Profit (₹Cr)	15,489	9,848	57.3

New Delhi: Oil and Natural Gas Corp (ONGC) reported a 57% year-on-year surge in quarterly profit to ₹15,489 crore, aided by higher oil and gas prices and the depreciation of the rupee. Gross revenue rose 33% to ₹43,875 crore in the July-September quarter. The company declared an interim dividend of ₹8 per share, with November 12 as the record date. At ₹10,064 crore, this is the highest-ever interim dividend, the company said in a statement.

During the quarter, ONGC realised $92.23 per barrel from its nomination fields, up 37% from a year earlier. In rupee terms, realisations rose 50% to ₹8,826 per barrel.

Crude oil realisations from joint-venture projects increased 42% to $97 per barrel. In rupee terms, they rose 55.5% to ₹9,275 per barrel. Gas realisation rose 3.7% to $7 per mmbtu for output from nomination fields and 22.5% to $10.24 per mmbtu for new-well gas.

The government caps the price of gas from nomination fields, while the price of new-well gas is unrestricted and linked to 12% of the India basket crude price. New-well gas refers to output from new wells drilled in existing fields or from projects involving fresh investments in enhanced recovery techniques.

New-well gas has become a significant contributor to ONGC's overall revenue over the years. The company's oil and gas production fell 3% year-on-year during the quarter.

"The year-on-year moderation in quarterly production was primarily attributable to reservoir behaviour complexities in KG-98/2 asset in eastern offshore basin, coupled with monsoon-related operational challenges and associated delays in pipeline replacement projects," the company said.

"Gas production from onshore fields was also affected by lower customer offtake during the quarter, following disruptions at certain major consumer facilities that temporarily reduced demand," it added. The board approved a proposal to provide a five-year loan of ₹10,000 crore to its overseas arm, ONGC Videsh.

Bank of England Strikes Hawkish Tone With First Hike Since 2023

Bloomberg

The Bank of England signaled it was poised to raise interest rates again in the coming months as policymakers backed the first increase in more than three years and warned inflation would approach 5% next year.

In a more hawkish decision than had been anticipated, the Monetary Policy Committee voted 8-1 to lift rates by a quarter point to 4%, prompting traders to ramp up bets on another move as soon as next month. External member Catherine Mann argued for a half-point increase, while Governor Andrew Bailey said that he could see the "argument for a further increase in rates and thereafter taking a more conditional approach" toward policy.

"Unless progress towards resolving the conflict is made, or there is other news which softens the risk to inflationary pressures, a further increase in bank rate may be warranted," he said in the press conference following the decision. "Today's increase should not be seen as the first in an inevitable long sequence of hikes."

Traders added to bets on BOE interest-rate hikes to price around a 50% chance of an increase in December, while almost pricing three more quarter-point hikes by the end of next year. Two-year gilt yields ticked three basis points up to 4.77%. The pound steadied at $1.3462.

British households are already suffering a sharp squeeze in living standards caused by higher energy and fuel costs, with energy bills forecast to increase by 25% in January, when the regulated price cap resets, with a further increase in April.

The BOE forecasts consumer price inflation to peak at 4.9% in the second quarter of next year, its highest since September 2023. CPI falls below the 2% target in 2029 using a path for bank rate that assumes a peak of 4.75% to 5%. That would imply just one or two more hikes are needed.

Andrew Wishart, senior UK economist at Berenberg, said the forecasts and the minutes "were far more hawkish" than expected. "The shift in the BOE's messaging today indicates that the clear risk to our view is a second interest rate hike in February," he said.

Under the bank's adverse scenario of repeated escalations in the Iran conflict, it sees CPI hitting 6.2% in the third quarter of 2027. Even the mild scenario, in which there are no second-round effects, has inflation reaching 4.8% early next year, largely due to the scheduled increase in the household energy price cap in January. At its last set of forecasts in July, the BOE saw inflation peaking at just 3.2%.

The MPC stressed that it was taking action early to head off the risk that higher costs affect wage and price setting. There has been little evidence of second-round effects so far, but the committee said it feared those would come through once businesses' "hedging and long-term fixed price contracts" expire.

"The extent to which energy costs rises can be absorbed by firms is temporary, and it is likely, therefore, that some of these costs will be passed through gradually into goods and services prices," Bailey said.

Mehli Mistry Challenges Ouster from Tata Trust

Our Bureau

Mumbai: Former Tata trustee Mehli Mistry has challenged his removal as a trustee of Bai Hirabai Jamsetji Bai Hirabai Charitable Institution (BHJTNCI), arguing that the decision was invalid and that some trustees who voted against his reappointment were themselves ineligible.

In a series of rejoinders filed with the deputy charity commissioner for Greater Mumbai Region, Mistry has argued that the trust deed does not prescribe a fixed tenure for trustees or specify citizenship or tax residency as a qualification for trusteeship.

He also accused Sir Dorabji Tata Trust (SDTT) of attempting to prevent scrutiny of alleged governance lapses, including commissions and financial benefits received by trustees. The matter has been adjourned to December 3. Challenging the recording of his cessation as a BHJTNCI trustee with effect from October 28, 2025, Mistry argued that neither the trust's 1913 will nor its 1923 trust deed prescribes a fixed tenure for trustees.

The trust's position that his three-year term had expired relied on a 2022 circular and appointment letter, but neither of them can override the governing instruments, he argued.

Citing Clause 23 of the deed, Mistry said vacancies arise on grounds including death, permanent residence outside the Bombay Presidency, insolvency, renunciation of faith and unfitness, but not on expiry of a fixed term. The codicil also says trustees "shall always be trustees," he added.

Mistry argued that he is not a "tenure trustee" under Section 2(17A) introduced through an 2025 amendment and that Section 30A(1), therefore, does not apply to him. He also cited the trust's annexures, which allegedly show different renewal periods for other trustees, including about two years for Vijay Singh and less than two years for Venu Srinivasan.

"The trust cannot use Section 30A(1) as a sword to oust the objector on October 28, 2025, and, in the same breath, ignore that very provision when its own vice chairman (Singh) acted in breach of it on that very day. A party cannot approbate and reprobate," Mistry said in his submission.

He also cited a resolution passed on October 17, 2024, at a joint meeting of SDTT and Sir Ratan Tata Trust trustees, shortly after Ratan Tata's death. The resolution provided for trustees to be reappointed on expiry of their terms without any limit on tenure, he said.

The trust deliberately omitted it from its reply to his complaint, Mistry claimed.

He urged the authority to reject BHJTNCI's change report against him as "illegal, non-est and contrary to the trust deed."

Chicken, Egg Prices May Rise 25-30% by December

Jayashree Bhosale

Pune: Prices of eggs and chicken are expected to jump 25-30% by December as the cost of poultry feed ingredients such as maize and broken rice has surged 30-45% over the past month compared with a year earlier. Prices of maize and broken rice have doubled over the last year. With traders and farmers hoarding maize, the maize industry expects prices to continue rising through December.

Maize prices, which were around ₹18 per kg last year, have increased to ₹34 per kg, while a month ago they were around ₹26-27 per kg.

The industry is worried that prices may touch ₹40 per kg by December as supply-chain intermediaries hoard the commodity in anticipation of further increases.

Prices of broken rice, which were ₹14-15 per kg in November 2025, are now at ₹31-32 per kg.

They were around ₹22-23 per kg a month ago, trade data showed.

According to industry estimates, the deficient monsoon in key kharif maize-growing states of Maharashtra and Karnataka is expected to reduce the country's kharif maize production by 15-16%.

Notes : (1) The results were reviewed by the audit committee and taken on record by the Board of Directors at its meeting held on 4th November, 2026. The Statutory auditor have carried out a limited review of the Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026. The above Standalone and Consolidated financial results have been prepared in accordance with the guidelines issued by the Securities and Exchange Board of India ('SEBI'), and the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013. (2) In view of seasonal nature of business, above quarterly and half yearly financial results are not representative of the operations of the whole year. (3) With respect to investment in associate company "Carveniche Technologies Private Limited ("Carveniche")" the investment made by the Group has been fully provided for. No further losses are required to be accounted by the Group and the same has been evaluated based on the unaudited financial results certified by their respective management. Further, the financial results of the foreign subsidiaries, namely Navneet (HK) Limited, Navneet Global FZE and Brick N Click Inc., for the quarter and half year ended 30th September 2026 and the quarter and year ended 31st March 2026 have been considered based on the unaudited financial results certified by their respective management. The financial results of the aforesaid associate and foreign subsidiaries are not material to the Group. (4) The board of directors has declared interim dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27 and also a special dividend of ₹ 1.50 per equity share (i.e. 75% of face value of ₹ 2/- each) for the financial year 2026-27. The record date for payment of this dividend is fixed as 11th November 2026. (5) The Board of Directors of the Company at its meeting held on 8th January, 2026 approved the Composite Scheme of Arrangement ('Scheme'), between Indiannica Learning Private Limited ('ILPL') and Navneet Education Limited ('NEL') and their respective shareholders for demerging 'Publishing Business' of ILPL into NEL. The Scheme is subject to requisite approvals as may be required from Honourable NCLT, Mumbai Bench. Pending receipt of the approval, no impact has been given in the financial results. (6) The above is an extract of the detailed format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 filed with the Stock Exchanges under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of Unaudited Standalone and Consolidated financial results for the quarter and half year ended 30th September, 2026 are available on www.navneet.com and Stock Exchange website www.bseindia.com and www.nseindia.com. The same can be accessed by scanning the QR code below. (7) # Denotes figures less than ₹ 50,00,000/-

A civil engineer who began making family videos has landed a lead role in a film, while a YouTuber turned actor is convinced social media is his calling card

How influencers are reeling their way into Kollywood

Neeraja Ramesh & Vivek Narayanan | TNN

Once upon a time, the road to Kollywood was paved with endless auditions, screen tests, portfolios, recommendations and years of waiting. But today, comedians and mimicry artistes, lifestyle content creators, performers specialising in regional humour and digital personalities are increasingly finding themselves on the industry's casting radar. With a ready-made audience, a digital identity and thousands of loyal followers, Instagram influencers are emerging as a new talent pool for Tamil cinema.

Take Satish Kumar for instance. The civil engineer working in a private firm, in 2019, decided to call himself 'Sathishkumar d satz' and start making social media videos on everyday situations at home. Before he knew it, he had thousands of followers and has now grown so popular that he just landed the lead role in Tamil film 'Tat 2'. He has also been roped in as screenplay and dialogue assistant in the upcoming Tamil film 'Moonwalk', starring Prabhu Deva, with music by A R Rahman. "I also have a small role too in the movie," says Satish. "Cinema was not my initial goal, but my passion for films has got me here."

LIKE, SHARE, CAST: (Top) Satish Kumar on the sets of an upcoming film; 'Parithabangal' Sudhakar has acted in seven films

YouTuber J Sudhakar, on the other hand, came to Chennai a few years ago looking for movie opportunities, and knocked on several producers doors only to find roles were impossible to come by. With bills piling up, he set about making comedy videos on YouTube — the 'Parithabangal' sketches about everyday struggles and cultural quirks — with creative partner Gopi. But 'Parithabangal' did more than just help him make ends meet. It became so popular that soon Sudhakar found producers knocking on his doors.

"Social media has become a calling card for aspiring actors. Earlier, stage artists made their way into cinema, followed by television artists. Today, many are entering the film industry through YouTube, Instagram and other social media platforms," says Sudhakar.

The YouTuber says 'Parithabangal' helped him land seven films. "I got a small role in the comedy-drama 'Meesaya Murukku', and then appearances in 'Zombie' and 'Uriyadi 2'. Most of my characters were funny, but some had a bit of seriousness too," he says.

Unlike conventional newcomers who depend on a film to introduce themselves, influencers arrive with something valuable — an established audience. Their followers are already familiar with their expressions, comic timing, dialogue delivery and distinctive mannerisms.

What also makes influencers attractive to filmmakers is their ability to cultivate niche audiences. Some specialise in family humour, others in relationship sketches, regional slang, satire or everyday situations. Their popularity is often built around an identity that resonates with different viewers. Also, influencers can produce their own content, experiment with characters and evaluate audience reactions independently. In many cases, the influencer doubles as a performer, scriptwriter, director and promoter.

The transition, however, is not always seamless. Instagram thrives on exaggerated expressions, rapid editing and instant punchlines. Cinema demands the ability to sustain a character throughout a narrative. A creator capable of generating laughter within seconds may struggle with a role requiring subtlety or emotional intensity.

And there is the danger of typecasting. Filmmakers may expect influencers to reproduce the same personalities that made them popular online, restricting their opportunities to explore different characters. "Those who approach me for films expect me to play the next-door guy I portray on social media. But I want to break that stereotype. I am keen on playing a character with depth, an antagonist maybe," says Satish.

The trend also raises questions about whether visibility is beginning to overshadow talent. An accomplished theatre artist with limited online presence may find themselves competing with an inexperienced influencer commanding millions of followers.

"Though social media is a platform, roles are not handed down on a platter. Producers spot only those who are famous and have potential. Now there is no need for auditions; the public recognises their talent and creativity. This is also a highly competitive platform," says Chitralakshmanan, executive committee member- Tamil Film Producers Council.

There is also a commercial dimension to this growing relationship. For producers, casting an influencer offers an additional promotional advantage. A creator with a loyal following brings an existing communication channel through which a film can reach potential viewers.

A shooting update, promotional reel or behind-the-scenes photograph can generate interest even before conventional publicity begins. This is attractive to small and medium-budget productions that cannot afford elaborate marketing campaigns.

However, online popularity does not necessarily translate to box-office collections. Millions of reel views cannot guarantee that followers will purchase cinema tickets.

Tamil cinema has traditionally drawn performers from theatre, television, reality shows and mimicry programmes. Instagram represents another stage in that evolution, but with one significant difference — creators no longer require a television channel or production house to introduce them to audiences. But ultimately, filmmakers must distinguish between digital popularity and genuine acting potential. For influencers, cinema offers an opportunity to move beyond familiar online identities, while filmmakers gain access to recognisable faces and new audiences. Instagram may have become Kollywood's newest gateway, but while followers can open the doors to cinema, only talent can keep them open.

THIS DIWALI, TRICHY TASTES SWEET SUCCESS

Laddu, murukku exports from Trichy to Singapore crossed 2.5MT in a day

Pics: R Baskar

IN DEMAND: Sweets being packed for export. Forty foot containers ship them to the US from the Chennai port

Deepak.Karthik
@timesofindia.com

Last year, things turned sour for sweetmakers from Trichy on account of US tariffs on India. This festive season though, it's sweet sailing for manufacturers. Sweetmakers say they have recorded a 30% spurt in export of sweets and savouries.

Countries with significant Indian diaspora including US, Singapore, Australia and Seychelles are among the markets being served with Trichy international airport's connectivity. As many NRIs have not visited home due to the fear of re-entry complications in the US and owing to a spike in airfares, orders are coming directly to manufacturers in Trichy.

While in the past week, sweet and snack exports from Trichy to Singapore crossed 2.5MT in a day, the demand was highest among the Indian diaspora in the US with Texas, New Jersey and California topping the list of orders. Assorted milk, ghee sweets, and traditional snacks are most in demand. Exporters use 40ft containers to ship the delicacies to the US from the Chennai port.

"We have exported about 42MT of sweets and snacks to the US alone for this Diwali. Last year, the 50% tariff on export of sweets caused our festive sale volume to fall by a minimum of 70%. The festive demand is best this year, but the price rise of essential commodities is affecting profit margins," says Aswin Ganesan, managing partner, Aswins sweets.

- Australia
- Seychelles

Export up 30%

AT TRICHY AIRPORT
CARGO REVENUE:

While prices of key commodities such as oil and rice flour have increased by about 15%, producers have increased the cost of sweets and snacks only by 8% over last year. This Diwali, several exporters have either skipped or reduced their exports to Qatar and few other Middle East countries due to frequent disruptions in seaways and airways. A Trichy-based exporter has sent a consignment of Diwali sweets and snacks to Seychelles. "Most supermarkets in Seychelles are run by people of Tamil origin, so there is an emotional connection in buying sweets made in Tamil Nadu. Traditional snacks like murukku are in demand too," says Manivannan Subramanian, proprietor, Mahara Exporters. The exporter expects a bulk order of 500kg in the next few days. Costs range from ₹450 a kg of sweets to ₹2,000 a kg.

Australia with a sizable Indian diaspora is also being catered to by sweet makers in Trichy. "Besides bulk exporting under white labeling to Australia, NRIs individually place orders online. Orders are good but the profit margin has come down due to the inflation and competition to address the demands," says Saranath Thangarajan, proprietor, Sree Krishna Sweets, Trichy.

Sources in airlines say that exporters deprived of adequate cargo space in direct Trichy-Singapore flights are opting for flights from Trichy with a stopover at Colombo.

"If airlines reduce the cargo handling charges and allocate more space, exporters will benefit," says G Sathish Kumar, secretary, export import federation, Trichy.

SC refuses to entertain bail plea of Azam Khan in ED case

New Delhi: A bench of Chief Justice Surya Kant and Justice Joymalya Bagchi transferred Khan's petition to Allahabad High Court and urged its Chief Justice to post the matter for hearing before a division bench on Nov 16.

The top court also asked the high court to pass interim orders on Khan's plea on Nov 16 itself. Senior advocate Kapil Sibal, appearing for Khan, alleged mala fides in ED's action and said that just when he was to be released, he was arrested. "They just want me to be inside during the election," he said.

The SP veteran was on Nov 1 produced before the special Ghaziabad court in connection with the money laundering case related to Jauhar Trust, Khan's lawyer had said. ED arrested Khan on Oct 31 in the money laundering case shortly after he and his son Abdullah Azam Khan were released from the Rampur jail on bail in an alleged dual PAN card case. PTI

Sharjeel Imam moves SC seeking bail in UAPA case

New Delhi: Activist Sharjeel Imam has moved Supreme Court against a Delhi High Court order refusing him bail in an Unlawful Activities (Prevention) Act (UAPA) case on the "larger conspiracy" behind the Feb 2020 riots in northeast Delhi.

In his plea before the top court, Imam contended that he should be granted bail as the prosecution has failed to examine witnesses and the one-year embargo imposed by the top court is about to expire.

The petition contended that the chargesheet was filed on Sept 25, 2020, in which 18 accused face trial and the prosecution has cited more than 900 witnesses, including 47 protected witnesses. Imam submitted that despite spending six years and nine months as an undertrial, the prosecution has failed to examine even a single witness.

Delhi High Court on Sept 30 refused to grant bail to activists Umar Khalid and Imam in a case under UAPA on the "larger conspiracy" behind the Feb 2020 northeast Delhi riots.

Asserting that it is bound by "judicial discipline", the high court said it could not modify Supreme Court's Jan 5 order asking the two accused to seek bail either on completion of protected witnesses' examination or expiry of one year, whichever is earlier.

Khalid and Imam challenged the trial court's July 4 decision rejecting their bail pleas for the third time since their arrest.

The trial court had rejected the bail applications, saying it had "no option but to follow" Supreme Court's Jan 5 order and, therefore, could neither entertain the plea nor grant any relief.

The high court had noted that while denying bail to the two accused in January, the top court had said their roles were distinct from the other co-accused, and they were the "ideological drivers" of the alleged conspiracy.

2020 DELHI RIOTS

Khalid and Imam have been booked under UAPA on allegations of being among the masterminds of the Feb 2020 riots that left 53 people dead and more than 700 injured.

The violence erupted during protests against the Citizenship (Amendment) Act (CAA), 2019, and the National Register of Citizens (NRC). Activist Khalid Saifi and former AAP councillor Tahir Hussain, among others, were also booked for their alleged involvement in the larger conspiracy case, being investigated by Delhi Police's Special Cell.

Imam was arrested in the case on Aug 25, 2020, while Khalid was arrested on Sept 13, 2020. On Sept 2, 2025, a high court division bench denied bail to Khalid and Imam. On Jan 5, Supreme Court upheld the verdict but granted relief to co-accused Gulfisha Fatima, Meeran Haider, Shifa Ur Rehman, Mohammad Saleem Khan and Shadab Ahmad. PTI

PUBLIC NOTICE
