NEWS RELEASE

Nucleus Software presents the latest version of its auto finance solution at the 7th Annual ENG Automotive Finance Summit, 2015 in Amsterdam

Mr. Daragh O'Byrne, Global Head of Marketing and Alliances, Nucleus Software to share global experiences on how to capitalise on new opportunities created by a changing market

New Delhi, India, June 08, 2015 — Nucleus Software, the leading provider of lending and transaction banking solutions to the global financial services industry, will be showcasing the latest version of its advanced auto finance software at the ENG Automotive Finance Summit 2015 in Amsterdam this week.

For three decades, Nucleus Software has been working with the world's leading providers of automotive finance, empowering them with the best technology to help win more business and service their customers better. Nucleus Software's solution helps captive and non-captive automotive finance players deliver rapid decisions in the origination process, create and launch innovative products quickly, process loans more efficiently and manage the collections process effectively.

Powered by FinnOne™, Nucleus Software's auto finance solution provides full multi-channel capabilities, including mobile and web, and is available as a cloud solution using next-generation technology. FinnOne was recently recognized as the world's best-selling lending solution for the 7th year in a row.

Commenting on the event, Mr. Atul Pande, Associate Vice President, Nucleus Software said, "We are delighted to be able to share our expertise and business knowledge with the delegates at this event. In addition to our leadership in lending, we know that as businesses become more integrated and supply chains more streamlined the need for connected lending and financial supply chain solutions increases. That's why, we believe, we are uniquely positioned with our FinnOne and FinnAxia solutions."

At the event, **Mr. Daragh O'Byrne, Global Head of Marketing and Alliances**, Nucleus Software will share the company's global experience during a presentation entitled '**Capitalizing new opportunities created by changing customer demands'.** The session will focus on understanding the role of financing in the future: Changing customer demands, new technology and innovation, online competition and mobility challenges.

About ENG Automotive Finance 2015

ENG Automotive Finance is annual pan European event to highlight new opportunities for captive finance, banks, leasing companies and dealers in the lucrative automotive finance market. It's an informative and interactive event that brings together key automotive finance players to discuss the major challenges and transformations in consumer and whole sale finance, as well as the latest developments in the leasing landscape. The focus of the event is to explore trends, consumer demand and the economic landscape to maximize profit in the auto finance market.
