INVESTOR RELEASE

- Debt-Equity ratio stands at 0.4x at FY26
- Completed Preferential Issue at ₹ 311 per share; raised ₹ 43.33 Crores in Feb'26

Speaking about the performance and recent updates, Mr. Saksham Leekha, Managing Director, OBSC Perfection Ltd. said: *“Over the past year, there has been meaningful progress on expanding capacities, adding new capabilities, and entering new markets. I am pleased to report that your Company surpassed its stated guidance, delivering over 50% growth in Revenue while increasing our EBITDA margins to 19.5%.*

Navigating a year marked by geo-political uncertainty and global supply chain disruptions, we proactively managed our inventory, credit terms, and supplier relationships. As a result, our Cash Conversion Cycle expanded by only 7 days despite the scale of growth we achieved.

We continue to move up the value chain. An important milestone this year was our expansion from Machining into Stamping and Forging — these capabilities allow us to address more complex, higher-value requirements from our customers and deepen those relationships meaningfully.

Looking ahead, we are building for the next phase of growth. Our order book stands strong at over ₹ 1,200 Crores, and our planned mega-factory — offering 5x our current space — positions us well for the future years.

Q3 FY26 onwards, Company is required and has started following Main Board compliances which will enhance our communications with our shareholders.”

INVESTOR RELEASE**About OBSC Perfection Limited**

OBSC Perfection Limited, is a high-precision metal component manufacturer serving marquee customers in multiple industries such as Automotive, Defense, Marine, Renewable and Telecom. Customers have large-scale global operations and OBSCP which started as pure-play domestic supplier has now become an important supplier to their global facilities. Our product range includes Piston rods, Sensor Boss, Water Injector, Nut Fasteners amongst others. These products are used in applications such as Exhaust System, Steering & Suspension System, Ammunition, Fuses, Mechanical Cables, Telecom Towers.

Part of 56+ year old group, OBSCP is providing backward integrated solution to customers. OBSCP vision is well positioned towards vertically forward integrate its offerings in future years.

OBSCP currently operates through its 6 manufacturing facilities located in Maharashtra, Tamil Nadu and Haryana with capabilities including Machining, Turning, Investment casting, Fabrication, Stamping and Forging.
