Om Metals forays into Nepal, bags Sikta Irrigation project

Mumbai, March 21st, 2013: Om Metals Infraprojects Ltd, India's leading hydro-mechanical engineering company today announced that it has bagged a contract for hydro mechanical works worth INR 54 crores from Ministry of water resources, Department of Irrigation, Ministry of Nepal.

The order is for design, supply, fabrication, erection and commissioning of hydromechanical works of headworks on Sikta Irrigation project. The project is expected to be completed by June 2015.

The Sikta Irrigation Project is situated in the Banke District of the Mid Western Development Region. The Project, with a cultivable command area 33,766 hectare including the rehabilitation of Dunduwa Irrigation system, constructed by Indian Cooperation Mission in 1964, would irrigate almost all the low lands of the Banke District and its economic impact could be significant for this development region. The Project area comprises 34 Village Development Committees (VDCs) and the municipality of Nepalgunj, which is the District head quarter.

Mr. Vikas Kothari, Director, Business Development said, "This is our first order in the irrigation segment overseas, following our first hryomechanical contract in Africa. Our order book now stands at Rs 800 crore. As part of our ongoing strategy we will continue bidding for projects like these in India, and worldwide to enhance our portfolio."

About Om Metals Infraprojects Ltd.
