Press Release

Onward Technologies continues its global expansion with new office in Michigan, North America

Mumbai, October 1st, 2012: Onward Technologies Ltd. (OTL), a leading global player of mechanical engineering design and information technology consulting services, with its 100% subsidiary Onward Technologies, Inc. (OTI) announces its expansion in North America by opening a new development centre in Michigan. The new office will be located at *Columbia Center, 101 West Big Beaver Road, Suite # 1415, Troy, Michigan 48064*

Onward Technologies will continue with its strategy to build local client relationship management, delivery and execution capabilities in key global manufacturing & engineering R&D locations. In the last 12 months, we have invested in strategic locations by opening new offices like Germany, Bangalore, India & now Michigan in North America to cater to our growing client base.

Commenting on the progress Mr. Harish Mehta, Chairman and Managing Director, Onward Technologies Limited said,

"We are pleased to announce the opening of our NEW office in Troy, Michigan to cater to the highly demanding engineering needs of Automotive, Agricultural and Heavy Industries in North America."

Onward has been serving customers in Michigan for the last 5 years & has delivered high quality projects for its customers. Michigan as a region was earlier catered to from our North American Headquarters in Chicago.

We plan to continue to invest & build up the delivery capabilities at this new engineering excellence center (EEC) with additions in both manpower & CAPEX in the next few quarters. Our new EEC in North America will provide value added services to customers to gain competitive advantage in the global market place by leveraging our innovative engineering design services"
