The Land of around 203.8 Kanal (25.475 acres) at Jammu had been identified, out of which registration of 176.65 Kanal of land has completed and registration of the remaining land parcel is expect to be completed upto March 2026. Construction of boundary had been completed and construction activity of Major Building is in advance stage. Installation of equipment's already started.

The Land acquisition task has been given to Land aggregator who is getting the land from various farmers. Getting the agreement signed from various farmers has taken time. Further for this land Change of Land Use (CLU) / registration was required. This has led to delay in acquiring land.
