## Press Release

**Date: 26.04.2025, New Delhi**

Oriental Trimex Limited is excited to announce the grand opening of its new showroom and warehouse for the 'Rare Earth' brand of Marble Design Vitrified Tiles in H-Block, Greater Noida. This facility is part of a thriving building materials market and is strategically located near significant infrastructure developments, including the upcoming Jewar Airport, which will enhance the region's appeal for private sector developments.

Initially operational since April 2025, the new facility will supply Vitrified Tiles that mimic Imported Marble, supporting the company's growth and boosting sales. The Jewar Aerotropolis project will further enhance the area with advanced infrastructure, commercial hubs, and hospitality options.

The decision to open this second showroom and warehouse just fifteen months after the first was based on a thorough market survey, confirming strong demand for flooring materials. This strategic investment positions Oriental Trimex Limited for continued success.
