Orient Cables Reports Highest-Ever Quarterly & Half-Yeary Results in Q2 & H1 FY27; Revenue Doubles to ₹1,018.0 Crore and EBITDA Grows 155% YoY

Gurugram, 13th Nov 2026:

Orient Cables (India) Limited (BSE: 544960 | NSE: ORIENTCABL) a leading manufacturer of cables and interconnection solutions, catering to diverse sectors such as telecommunications, renewable energy, data centres, EV charging and smart building technologies, today announced its unaudited financial results for the quarter and half year ended 30th September, 2026.

Standalone Financial Highlights for Q2 & H1 FY27:

- Reported highest-ever quarterly and half-yearly performance across key financial parameters
- Revenue for Q2 FY27 grew by 107% year-on-year to ₹528.8 crore, while Revenue for H1 FY27 increased by 103% year-on-year to ₹1,018.0 crore
    - The robust performance was driven by sustained business momentum, a diversified product portfolio, a higher contribution from the Renewable Energy segment (E-Beam), strong export performance and improved capacity utilisation at the Bengaluru facility
    - Exports grew approximately 32% quarter-on-quarter and 82% year-on-year in Q2 FY27 and 57% in H1 FY27 compared to H1 FY26. Volume growth for H1 FY27 stood ~60% year-on-year
- EBITDA for the quarter increased by 158% year-on-year and stood at ₹63.6 crore with EBITDA margins expanding by 230 basis points to 12.0%. For H1 FY27, EBITDA grew by 155% year-on-year to ₹119.2 crore, while EBITDA margins improving by 240 basis points year-on-year to 11.7%
    - This improvement was supported by a favourable product mix, operating leverage and improved operational efficiencies
- Profit after tax for Q2 FY27 stood at ₹40.1 crore, registering a growth of 180% year-on-year. For H1 FY27, profit after tax increased to ₹73.7 crore, a robust growth of 194% year-on-year

Consolidated Financial Highlights for Q2FY27:

- Revenue for Q2 FY27 stood at ₹529.3 crore, witnessing a growth of 8% quarter-on-quarter. For H1 FY27, Revenue stood at ₹1,018.5 crore
- EBITDA for Q2 FY27 registered a growth of 15% quarter-on-quarter and stood at ₹63.3 crore, with EBITDA margins increasing to 12.0%. For H1 FY27, EBITDA increased to ₹ 118.2 crore, with EBITDA margins at 11.6%
- PAT for Q2 FY27 grew by 21% quarter-on-quarter to ₹39.5 crore. PAT for H1 FY27 stood at ₹72.3 crore

Note: OCL Greentech Private Limited (subsidiary) was incorporated in May 2025, with no contribution in Q2 & H1 FY26

Key Business Highlights – Q2 & H1 FY27:

- **Capacity Expansion - Bhiwadi, Rajasthan**
  - The Company is setting up an 11-acre manufacturing facility at Bhiwadi, Rajasthan, to strengthen its manufacturing capabilities and support future business growth
  - Civil construction is progressing well, with completion expected by H1 FY28

- **Scaling Up New Business Segments**
  - **EV charging Guns and Cables**
    - The Company has secured orders from leading automotive OEMs, marking progress in expanding its presence in the EV charging segment
    - Capacity utilisation is being ramped up during Q3 FY27, with the facility expected to achieve full capacity utilisation from Q4 FY27
  - **E-Beam Cables (Renewables and Railways)**
    - The Company continues to expand its customer base in the E-Beam cable segment, while scaling up manufacturing capacity to cater to the growing demand

- **Strategic Partnership – CoreLink JV with Aditya Infotech (CP PLUS)**
  - The 50:50 joint venture, CoreLink Cable Technology Private Limited, has been established to manufacture LAN cables, CCTV and coaxial cables, terminated cable assemblies, connectors and other allied products.
  - Installation and commissioning of machinery are currently underway, with commercial production expected to commence from Q4 FY27

Commenting on the Results, Mr. Vipul Nagpal, Chairman & Managing Director, said:

"We are pleased to report our highest-ever quarterly and half yearly performance in Q2 & H1 FY27, marked by robust revenue growth, improved profitability and healthy margin expansion.

On a standalone basis, Revenue grew 107% YoY to ₹528.8 crore in Q2 FY27 and 103% YoY to ₹1,018.0 crore in H1 FY27, supported by strong business momentum, a diversified product mix, increasing contribution from our Renewable segment (E-Beam), robust export performance and better capacity utilisation at our Bengaluru facility. Exports grew approximately 32% QoQ and 82% YoY in Q2 FY27 and 57% in H1 FY27 compared to H1 FY26. Volume growth for H1 FY27 stood ~60% YoY

EBITDA increased by 158% YoY to ₹63.6 crore in Q2 FY27, with margins expanding by 230 basis points to 12.0%. H1 FY27 EBITDA grew 155% YoY to ₹119.2 crore, with margin expansion of 240 basis points, driven by a favourable product mix, operating leverage and improved operational efficiencies. PAT rose 180% YoY to ₹40.1 crore in Q2 FY27 and 194% YoY to ₹73.7 crore in H1 FY27.

With an approximately 22.9% market share and a Top 4 industry ranking, we continue to strengthen our position in networking cables while diversifying into high-growth areas, including E-Beam cables, EV charging assemblies and solar junction boxes. These opportunities complement our existing portfolio and support our ambition to become a one-stop provider of passive networking infrastructure and allied solutions.

Our long-standing customer relationships, strong engineering and quality capabilities, and integrated, scalable manufacturing footprint position us well to address evolving customer requirements and capture emerging opportunities.

Looking ahead, while Q3 is typically a seasonally softer quarter for our business, we expect momentum to improve in Q4, in line with historical trends, supported by a healthy order projection and sustained demand across key segments. Accordingly, we expect our absolute performance in H2 FY27 to be broadly in line with H1 FY27. The growth is expected to be supported by healthy organic business momentum, better capacity utilisation at our Bengaluru facility and increasing contributions from our emerging Power and Renewables segments (E-Beam). We also expect profitability to improve on a year-on-year basis, driven by a favourable product mix, operating leverage and continued focus on operational efficiencies.

Our key priorities include ramping up the new manufacturing facility at Bhiwadi, Rajasthan, expanding our presence in emerging product segments such as EV charging guns and cables, leveraging our joint venture with Aditya Infotech, and pursuing growth opportunities in export markets. These initiatives, alongside disciplined execution and operational efficiencies, are expected to strengthen our growth trajectory while maintaining a sustainable and profitable business model.

We remain focused on portfolio expansion, operational excellence and sustainable long-term value creation for all our stakeholders."

About Orient Cables (India) Limited:

Orient Cables is a manufacturer of cables and interconnection solutions with nearly two decades of experience, catering to sectors such as telecommunications, broadband, data centres, renewable energy, EV charging, smart buildings, security and industrial applications. The company offers a diversified portfolio across four segments – Networking Cables and Solutions, Specialty Power and Optical Fibre Cables, Wire and Cable Harness Assemblies (including EV charging assemblies), and Other Allied Products. Ranked among India's Top 4 Networking Cable Manufacturers, Orient Cables operates three strategically located manufacturing facilities across Bhiwadi, Rajasthan and Bengaluru, supported by 50+ high-speed extrusion lines and advanced testing infrastructure. The company derives approximately 91% of its revenue from domestic markets and 9% from exports, with a presence across 15 countries.
