HOUSING PROJECT | Funds from 12 No. Stop project diverted to complete stalled Baghmugalia HFA project

FUND DIVERSION ROW ROCKS
BMC COUNCIL MEETING

Our Staff Reporter

BHOPAL

Questions over the alleged diversion of funds meant for economically weaker sections (EWS) from the 12 Number Stop housing project to the stalled Baghmugalia Housing for All (HFA) project triggered a controversy at the Bhopal Municipal Corporation (BMC) Council meeting. The issue came to the fore when the Mayor-in-Council (MiC) member concerned failed to provide clear answers on the fund transfer.

MiC member fails to answer questions on fund diversion in stormy council meeting

The issue was raised by leader of opposition (LoP) Shabista Zaki on Wednesday, who questioned the corporation's handling of funds meant for housing for econ-

HFA building at 12 No.-bus stop

omically weaker sections (EWS). MiC member Chhaya Thakur admitted that corporation officials had failed to provide her with adequate information, saying, "Corporation officials do not listen to me, I have been frustrated for four years." Responding to Zaki's questions, Thakur could not provide the total cost of either project or details of the payments made to contractors. She later blamed corporation officials for withholding information and said she had been sidelined despite serving as a MiC member for four years.

Baghmugalia project stuck after contractor's failure

The Baghmugalia HFA project was launched in 2019, with the corporation issuing a work order to M/s Gulshan Rai Jain (Second) on Feb 4, 2019. The project envisaged 768 housing units comprising 336 EWS, 288 LIG and 144 MIG units and it was scheduled for completion in 2022. However, the contractor sought extensions nearly four times and even then failed to complete the project. The corporation eventually terminated the

contract on Aug 29, 2024, citing violation of contractual conditions, and forfeited the firm's performance security.

New contractor used funds from another project

The BMC subsequently issued a work order to M/s Pelji Ratna Sorathia Infra Pvt Ltd on Sept 19, 2024, to complete the stalled Baghmugalia project. While the contractor was assigned 768 unfinished housing units, only 432 units were completed. According to corporation records, the expendi-

ture was booked under Project No. 12, linked to the 12 Number Stop project.

EWS blocks surrendered, funds shifted

BMC records further indicate that two blocks meant for EWS beneficiaries under Project No. 12 were surrendered to the Urban Administration and Housing Department (UADD). The funds allocated for these blocks were subsequently added to the Baghmugalia project's balance, effectively using Project No. 12 funds for construction at Baghmugalia.

BMC cites protests by allottees

MiC member Thakur said the decision was taken after Baghmugalia allottees repeatedly protested at the corporation headquarters, Collectorate and Chief Minister's residence. It claimed the protests were affecting the government's image and that the fund adjustment was made after approval from the Mayor-in-Council.

ASI booked after 30 years of service for allegedly using fake educational documents

Our Staff Reporter

INDORE

A 57-year-old assistant sub-inspector (ASI) posted at the Police Radio Training School has been booked for allegedly securing a government job using forged educational documents. The ASI had received a compassionate appointment around 30 to 35 years ago. A departmental inquiry following a confidential complaint found his marksheet and other educational documents to be fake and forged.

According to Malharganj police station in-charge Neeraj Bithrahe, the suspect ASI, Kaushlendra Singh Chauhan, is currently attached to the Po-

lice Telecommunications Headquarters in Bhopal. A confidential complaint was received by the department some time ago regarding his appointment and educational documents.

Following the complaint, the department conducted an inquiry and verified his educational records with the Madhya Pradesh Board of Secondary Education, Bhopal. The verification found discrepancies in his marksheet and other documents, which were declared forged and fabricated.

Based on the inquiry report, officials of the Police Radio Training School sent the report and related documents to

the Malharganj police station. Police registered a case under Sections 420, 468, 471 and 34 of the IPC.

The police have named ASI Kaushlendra Singh Chauhan and others as suspects in the case. Officials are now trying to find out who prepared the forged documents and what role the ASI played in using them to obtain the appointment.

The case has come to light after the suspect had already spent nearly three decades in government service. Police are also examining old records and documents related to his appointment to establish how the alleged fraud went undetected for so many years.

Driver says suspicions over wife's character drove him to murder

The driver Sunil Chauhan, who murdered his wife, Anita, and threw his two children into a pond, leading to the death of their daughter, Mahi, while son Ajay survived, has allegedly confessed that deep-seated suspicions regarding his wife's character drove him to the crime.

He claimed he doubted the paternity of his children, suspecting an affair between Anita and a youth from her native village.

When questioned about why he targeted his children, Sunil allegedly stated that he intended to end his own life after killing his wife. Worried about what would become of his

children after his death, he decided to kill them as well.

According to Anita's sworn brother, Bablu Masoure, Sunil was excessively possessive and isolated Anita from neighbours. Bablu said that Sunil had previously assaulted him simply for visiting to celebrate Rakshabandhan, leading Bablu to stop visiting the family altogether.

Sanjana Park's 205-home push for a greener future

Our Staff Reporter

INDORE

When a residential community of 205 households comes together to conserve every possible drop of water, the impact can go far beyond its boundaries. Sanjana Park Society has brought residents together around a common goal - reducing water consumption, strengthening groundwater resources and creating a greener neighbourhood. The combination of recharge structures, wastewater reuse, water-saving valves and plantation reflects a broader strategy in which infrastructure and everyday habits work together.

From individual habits to collective impact

What makes the initiative notable is its community-wide approach. Instead of treating water conservation as an individual household responsibility, Sanjana Park Society has brought residents together around a common goal - reducing water consumption, strengthening groundwater resources and creating a greener neighbourhood. The combination of recharge structures, wastewater reuse, water-saving valves and plantation reflects a broader strategy in which infrastructure and everyday habits work together.

For the residents, however, groundwater recharge is only one part of the effort. The society has also focused on changing everyday water-use habits. Residents have been encouraged to avoid unnecessary consumption while watering plants and washing vehicles and to reuse water wherever possible.

RO wastewater is being collected instead of being discarded and reused for suitable household activities. Water

left after washing fruits, vegetables and pulses is also being diverted towards plants. The aim is to make water conservation a routine part of daily life rather than an occasional campaign.

In a significant society-wide intervention, water-saving valves have been installed in all 205 houses. The measure is intended to regulate consumption and prevent avoidable water wastage across the residential complex.

Our staff reporter

Municipal Commissioner Kshitij Singhal on Thursday inspected Sirpur Lake, the Gondwale Dham water tank and an under-construction sumpwell at Falbag, directing officials and contractors to accelerate work and complete key water infrastructure projects within stipulated deadlines.

At Sirpur Lake, Singhal directed officials to undertake formal demarcation of the lake. He also reviewed work at the interpretation centre and directed officials to expedite it. Officials were further instructed to fill the artificial pond near the centre with treated water whenever its water level falls.
