Ref.: Omkar Speciality Chemicals Limited (Stock Exchange Code OMKARSPC)
Sub: Company Updates

Dear Sir / Madam,

We are glad to inform you that, we have forayed into pharmaceutical business with our recent acquisition of LASA Laboratory Private Limited located at Mahad in Raigad district, which has been an established player in the anthelmintic/ veterinary API segment with state-of-the-art API manufacturing facility.

The above acquisition will enable the company to focus on manufacturing anthelmintics, such as Albendazol EP, Albendazole IP/USP, Cyromazine, Fenbendazole, BP VET/ EP, Nitroxynil BP Vet, Ricobendazole, Toldimphos Sodium and Triclabendazole.

The API division is already in operations, and will initially focus on continuing the existing API business of LASA Laboratory, which has massive demand in India and abroad. The products are used as anthelmintics or deworming agents for veterinary. Currently, the product portfolio in this division comprises 10 products in the veterinary anthelmintics segment, mainly Benzimidazoles and other active pharma ingredients.

In addition, Omkar Speciality Chemicals Ltd. has also plans to manufacture APIs with forward integration of some of the key intermediates which are currently being manufactured in Omkar Speciality Chemicals Ltd.

This acquisition is strategic for the Company in terms of addition of new verticals as well as value addition.

Thanking you,
Yours faithfully,
For Omkar Speciality Chemicals Limited

Pravin S. Herlekar
Chairman & Managing Director

CC: National Stock Exchange of India Limited, Mumbai.
