Nitiraj is eying for the State Governments spend of Rs. 500 crore

on weighing scales for Women Welfare and Healthcare Development

Has received an order for 22,616 electronic weighing scales from Government of Andhra Pradesh

Mumbai May 30, 2018: Nitiraj Engineers, leading manufacturer of electronic & mechanical weighing scale machines has announced that the company has received an order for 22,616 digital weighing scales from the Women Development & Child Welfare Department in Andhra Pradesh. These weighing scales will be used at ICDS Anganwadis.

State Governments are going to spend Rs. 500 crore during the current year on weighing scales for Mother and Child welfare. The Mother and Childcare segment is growing progressively and there is remarkable growth expected during the current year and years to come. The healthcare for the mother and the child has become the focus area for the Government of India and State Governments. Nitiraj is currently bidding for weighing scales orders from various State Governments. As the allocation of taxes from Centre Government has increased to States, the States Governments spend on welfare schemes have been increasing drastically.

Commenting on the developments, **Mr. Rajesh Bhatwal Managing Director** said that, "we are happy to receive one more order from the Government of Andhra Pradesh. Currently, 40% of our business comes from the Government and momentum of the orders have just started. We are confident that our revenues will grow well during the current year"

Nitiraj currently manufactures electronic weighing machines and systems, currency counting machines and digital fare meters. The user industries for its products spread across sectors like jewellery, Banks, NBFCs, Kirana Stores, commercial establishments, healthcare centres, hospitals, Governments of States and Central Government, transportation.

The company has 13 branch offices spread across India with 430 dealers selling its range of products. The company has state of the art manufacturing plant at Parwanoo in Himachal Pradesh.

The company is constructing state of the art manufacturing facility at Dhule. The capacity of the new facility would be 5 lakh weighing scales per annum. The plant would start operations in FY19.
