- 2 Given the seasonal nature of industry, the results of any quarter may not be a true and/or proportionate reflection of the annual performance of the Company.
- 3 The Optionally Convertible Debentures (OCDs) aggregating to Rs. 3483.25 Crore issued by Company to the Joint Lenders' Forum (JLF) of the Company in accordance with the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) towards conversion of a part of the unsustainable debt, provides the holders an option to exercise the right to convert the outstanding OCDs into the equity shares of the Company at a price in accordance with Applicable Law (including the ICDR Regulations). The OCDs carry a concessional coupon rate (0.01% p.a. for the current financial year) and the difference between going weighted average interest cost and said coupon rate (YTM) is payable as premium along with redemption of OCDs in 13 equal instalments commencing from financial year 2024-25. Since premium to be paid is contingent on the occurrence of the event of redemption of OCDs, the YTM of Rs. 514.50 crore from the date of allotment of OCDs till March 31, 2019 (including Rs. 99.53 crore and Rs. 403.63 crores for the quarter and year ended March 31, 2019 respectively) is treated as contingent liability and would be accounted for as finance cost at the time of redemption of respective OCDs. Auditors have drawn qualification for non provision of YTM premium for the quarter and year ended March 31, 2019.
- 4 The Company has non-current investments (long term investments) aggregating to Rs. 97.34 Crore in subsidiaries and current investment in a group company of Rs 770.13 Crore, loans & advances along with accrued interest of Rs 1634.72 Crore and trade receivables of Rs 16.29 Crore recoverable from subsidiaries and Loans & advances along with accrued Interest of Rs. 511.86 Crore (Rs. 1086.33 Crore in consolidated results) from other company, all aggregating Rs 3030.34 Crore. Some of these subsidiaries and other companies have accumulated losses and/or negative net worth and/or current liabilities exceeding their respective current assets, as at the respective balance sheet dates. Management has evaluated this matter and is of the firm view that sufficient efforts are being undertaken to revive the said subsidiary and other companies in the foreseeable future so as to recover carrying value of the investment and the diminution, if any, even if it exists is only temporary. Further, management believes that the loans and advances given to these subsidiary and companies are considered good and recoverable based on the future projections, and ongoing efforts towards obligation casted on the Company and its promoters to recover the outstanding loans in phased manner in terms of the agreements executed to give effect to the debt restructuring schemes from time to time and accordingly no provision other than those already accounted for, has been considered necessary. Auditors have drawn matter of emphasis in their audit report.
- 5 The company has discontinued the policy of deferment of certain off season expenses to align with the requirement of IND AS 34 "interim financial reporting" since quarter ended December 31, 2018; all the deferred expenses of Rs 98.10, in first two quarters, have been charged off in quarter ended December 31, 2018. The corresponding quarter ended on March 31, 2018 includes "deferred off season expenses" charged off Rs 67.23 crore
- 6 Due to the losses incurred by Company during last few years, there has been reduction in the net worth of the Company. The losses are mainly attributable to high raw material cost i.e. sugarcane price (as fixed by Government) and relatively lower price of finished goods i.e. sugar and molasses, which are determined by market forces based on demand and supply scenario, which are external factors. As at year end, the Company has overdue instalments of certain debts and dues payable to farmers for sugarcane purchases. The Company is continuously striving for improvement in the operational efficiencies in other parameters. The debt restructuring concluded during last year FY 18, under S4A scheme of RBI has resulted into improved liquidity. Keeping in view the efforts to recover its investments, loans and advances as referred to in Note 4 above and the status of its claim under Sugar Industries Promotion Policy 2004, the Company expects to further improve its liquidity position. In view of the above, the management expects to generate positive cash flow from operations and timely settlement of its outstanding liabilities. Accordingly, the financial statements are continued to be presented on going concern basis, which contemplates realisation of assets and settlement of liabilities in the normal course of business. Auditors have drawn material uncertainty relating to going concern in their audit report.
- 7 The figures for the quarter ended March 31, 2019 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures upto the third quarter of the financial year 2018-19.
- 8 The above results have been reviewed by the audit committee and approved by the Board of Directors at their respective meetings held on May 22, 2019.
- 9 Previous periods figures have been regrouped/ rearranged/ reworked/ restated wherever necessary to conform to the current period classification.

To the Board of Directors of
Bajaj Hindustan Sugar Limited

Independent Auditor's Report on the Standalone Financial results

1. We have audited the financial results of Bajaj Hindustan Sugar Limited ('the Company') for the year ended March 31, 2019 ('the Statement') attached herewith, being submitted by the Company pursuant to the requirement of Regulations 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with relevant circulars issued by SEBI. Attention is drawn to the fact that the figures for quarter ended 31 March 2019 and corresponding quarter ended in previous year as reported in these financial results are the balancing figures between audited figures in respect of the full financial year and published year-to-date figures up to the end of the third quarter of the current and previous financial year respectively. Also the figures up to the end of the third quarter for the current and previous financial year had only been reviewed and not subject to audit.

Management's Responsibility for the Standalone Financial Statement

2. The Statement has been prepared on the basis of the Standalone annual Ind AS financial statements which is the responsibility of Company's management and has been approved by the Board of Directors in their meeting held on 22nd May 2019. The Statement has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 ('the Act') read with relevant rules issued thereunder and other accounting principles generally accepted in India and other recognized accounting practices and policies and in compliance with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with relevant circulars issued by SEBI.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Statement based on our audit of the Standalone annual Ind AS financial statements. We conducted our audit in accordance with the Auditing Standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed in financial results. An audit also includes assessing the accounting principles used and significant estimates made by the management. We believe that our audit provides reasonable basis for our opinion.

Basis for Qualified Opinion

4. We draw attention to Note No.3 of the Statement, regarding the non-provision of premium payable on Optionally Convertible Debentures (OCDs) at the time of redemption of OCDs issued to lenders pursuant to the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) which stipulates that the yield to maturity (YTM) being the difference between weighted average interest and coupon rate payable as redemption premium at the time of redemption of OCDs redeemable in 13 equal instalments commencing from the Financial year

**Independent Auditor's Report on the Standalone Financial results
(Continue)**

2024-25. The Company considers such YTM/ redemption premium as contingent liability and has not provided for the same in the books of account for the quarter and year ended march 2019 amounting to Rs 99.53 crore and 403.63 crore respectively. The aggregate liability for such YTM from the date of allotment of OCDs till year ended March 31, 2019 is Rs.514.50 crore from date of allotment of OCDs. Had such interest been provided, the reported profit /(loss) for the quarter and year ended March 2019 would have been Rs.146.68 crore and (467.71) crore respectively and Net worth of the Company would have been Rs. 2890.55 crore.

Qualified Opinion

5. In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in paragraph 4 above, the Statement:
- (i) is presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with relevant circulars issued by SEBI; and
 - (ii) gives a true and fair view in conformity with the aforesaid Ind AS and other accounting principles generally accepted in India of the net profit/ (loss), total comprehensive income and other financial information for the quarter and year ended 31 March 2019.

Material Uncertainty related to Going Concern:

6. As stated in Note no. 6 of the Statement, the Company continues to incur losses resulting into reduction of net worth. As at the year end , the Company has overdue instalments of certain debts and dues payable to farmers for sugar cane purchases. The above factors indicate a material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. However the management expects to generate positive cash flow from operation this year based on improvement in sugar recovery percentage & expects further improvement in the operational efficiencies in other parameters based on various corrective measures taken by the Company including the restructuring of debts as stated in the said note and the company expects to receive benefits under the Sugar Promotion Policy 2004 pursuant to a favorable Order of Hon'ble Supreme Court of India. Accordingly, the Company is of the view that going concern of the accounting is appropriate.

Our report is not modified in respect of the above matter.
