Paisalo Signs ₹500 Cr Co-Lending MOU with FatakPay

Strategic partnership strengthens Paisalo's co-lending ecosystem and supports its three-year strategic growth roadmap

New Delhi, August 13, 2026: Paisalo Digital Limited, a technology-enabled lending platform focused on expanding formal credit access to micro-enterprises, MSMEs and underserved borrowers across India, today announced the signing of a ₹500 Cr co-lending MOU with FatakPay.

The MOU represents another significant co-lending partnership for Paisalo and reinforces the company's strategy of scaling growth through strategic alliances, technology-led distribution and broader access to credit. This is expected to expand Paisalo's lending reach while enabling more eligible borrowers to access formal and affordable credit through a seamless digital journey

Under the MOU, the co-lending partnership will have an overall limit of ₹500 Cr and will operate on an 80:20 participation basis, with Paisalo funding 80% and FatakPay funding 20% of each loan. The facility will focus on extending credit to eligible borrowers, including micro-enterprises and MSMEs.

As part of the operating framework, Paisalo will undertake KYC verification of customers in compliance with regulatory requirements and customer data storage in compliance with regulatory requirements.

This MOU also fits into Paisalo's broader strategic direction of using partnerships to expand reach while maintaining credit discipline. Paisalo's growth framework is centered on the Triple A approach – Accessibility, Affordability and Awareness – supported by distribution expansion, technology and AI integration, strategic partnerships and responsible growth.

Commenting on the MOU, Santanu Agarwal, Deputy Managing Director, Paisalo Digital Limited, said: *"This ₹500 crore co-lending MOU represents another important milestone in Paisalo's growth journey and reflects the increasing momentum in our partnership-led lending strategy.*

We continue to strengthen our co- lending ecosystem with partners that complement our distribution capabilities and help us expand access to formal credit at scale.

As we work towards our three-year roadmap of doubling AUM, income and PAT, partnerships such as these remain a key growth driver."

About Paisalo Digital Ltd: Paisalo Digital Limited is engaged in the business of providing convenient and accessible formal credit to underserved borrowers, MSMEs and micro-enterprises across India. The company has a wide geographic reach with a network of 5,995 touch points across 23 states & UTs in India. The Company's mission is to simplify MSME and micro-enterprise loans by establishing itself as a trusted, technology-enabled and customer-centric financial companion for the people of India. Its combination of deep distribution, digital capabilities, customer-centric approach and data analytics empowers Paisalo to deliver tailored, scalable solutions while minimizing risks and maintaining the highest standards of governance and regulatory adherence.
