PRESS RELEASE

Paisalo has entered into a Co-lending Arrangement for SME Products With the State Bank of India

New Delhi, June 27, 2025: Paisalo Digital Limited, a leading systemically important non-deposit taking NBFC, has entered into a Co-Lending Loan Arrangement for SME products with the State Bank of India (SBI), the country's largest public sector bank. This agreement, formalised on June 26, 2025, marks a significant extension of the existing SBI–Paisalo partnership and further strengthens their collaborative platform for inclusive credit delivery.

This new co-lending arrangement builds upon the already operational co-lending (formerly co-origination) digital platform established between Paisalo and SBI in 2021. It is fully aligned with the Reserve Bank of India's guidelines on co-lending of loans issued on November 5, 2020, which aim to deepen credit flow to priority sectors, including micro, small and medium enterprises (MSMEs), by leveraging the combined reach and strengths of banks and NBFCs.

Under this arrangement, SBI and Paisalo will jointly fund SME loans, enabling wider access to formal credit for India's growing base of small businesses, especially in tier 2, tier 3 cities and rural markets. The SBI–Paisalo co-lending platform is a digital platform that offers end-to-end services for loan origination, processing, disbursement, servicing, and recovery, ensuring efficiency and transparency throughout the loan lifecycle.

Mr. Santanu Agarwal, Deputy Managing Director of Paisalo Digital Limited, commented on the development, "This new arrangement with SBI underlines our shared vision to expand affordable and timely credit access to the backbone of the Indian economy. By leveraging our integrated physical and digital approach and SBI's robust banking infrastructure, we are positioned to scale our impact, drive entrepreneurship, and contribute meaningfully to employment generation across the country."

The SBI–Paisalo co-lending platform has a proven track record, having successfully serviced over 94 lakh+ customers, with 3,565 touchpoints since its inception. This expanded scope to include SME products is expected to catalyse further growth in priority sector lending while addressing the unmet needs of India's underserved business segments.

About Paisalo Digital Ltd: Paisalo Digital Limited is a non-deposit-taking NBFC registered with the Reserve Bank of India. A thriving listed NBFC with a robust distribution network in rural and semi-urban areas of India. Having served over 94 lakh+ borrowers and 3,565 touch points across the country, Paisalo is currently at the forefront of co-lending and a pioneer in seamless credit distribution services and the administration of income-generating loans.
