L&T Wins (Significant*) Orders for Water & Effluent Treatment Business

Mumbai, June 03, 2025: The Water & Effluent Treatment (WET) business vertical of L&T has secured significant orders from the Public Health Engineering Department of Rajasthan.

It has won an EPC order for the Rajasthan Rural Water Supply and Fluorosis Mitigation Project - Phase II, Package-1. The scope encompasses supply & installation of 5,251-km transmission and distribution pipelines, construction of 38 ground level reservoirs with an aggregate capacity of 40 ML, 20 pump houses and 132 overhead service reservoirs with an aggregate capacity of 25 ML.

The project is aimed at meeting the demand for water in 285 villages and the towns of Surajgarh and Udaipurwati in Jhunjhunu district.

Another project won by the business vertical pertains to strengthening and rehabilitation of the water supply system on the Kekri-Sarwar sector in Ajmer district. The scope of the project includes the supply & installation of 43-km transmission pipelines.

Associated electromechanical, instrumentation, automation and SCADA works, 1 year defects liability period and 10 years operations & maintenance are also in the scope of both the projects.

These repeat orders is a testament to L&T's capabilities in the execution of water infrastructure projects. L&T has so far delivered 24 such water projects alone in Rajasthan.

Background:

Larsen & Toubro is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
