L&T Hydrocarbon Engineering awarded Marjan Oil Increment EPCI (Mega) Project in Saudi Arabia

Mumbai, July 18, 2019: L&T Hydrocarbon Engineering Limited (LTHE) has been awarded another Mega project in the Marjan Field by Saudi Aramco. The Saudi company's trust on LTHE's commitment to consistent project performance and ability to put the best team of young professionals to deliver value, time and again has resulted in the award of this mega contract for oil facilities for the Marjan Increment Program.

It bears testimony to the execution capability of LTHE with excellent safety and quality performance, which was repeatedly demonstrated in the execution of the Hasbah Gas Increment Project and other projects in the Kingdom of Saudi Arabia, including: Marjan, Safaniya, Zulf and Berri. All projects were executed through LTHE's fabrication facilities in the Middle East and India.

The project scope for oil facilities for the Marjan Incremental Development Project consists of four tie-in platforms, one tie platform module, nine production deck modules (wellhead decks), 217 kilometers of subsea pipelines across 25 segments, and 145 kilometers of subsea cables across 16 segments. It also includes the replacement of existing control gears at eight existing SA Offshore platforms and tie-in to existing systems.

This award is received by the consortium of LTHE with EMAS AMC (A Subsea7 Company).

LTHE is a subsidiary of Larsen & Toubro and is based in Mumbai, India.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 20 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

** Project Classification*

Classification	Significant	Large	Major	Mega
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 7,000	>7,000
