L&T Wins (Significant*) Order for Buildings & Factories Business

Mumbai, March 27, 2026: The Buildings & Factories (B&F) business vertical of L&T has secured multiple orders across several states in India.

In Gujarat, it has secured an order for the construction of a Float Glass Plant. The scope includes design and construction of all civil, steel, mechanical, electrical & plumbing and associated external development.

In Andhra Pradesh, the business has secured an order from a leading two-wheeler company for the construction of their state-of-the-art manufacturing facility. The scope includes civil, steel and architectural works.

Further, the business has secured multiple add-on orders in existing projects, reflecting its strong execution capabilities and the customer confidence it commands.

The B&F business vertical possesses strong domain knowledge, proven expertise and extensive experience in delivering EPC solutions across segments such as, hospitals, public spaces, airports, data centre, residential buildings, commercial spaces and factories, including automobiles, proving tracks, new energy facilities like solar panel and battery storage plants, paint and chemical plants, glass plants, food processing units and other complex industrial structures

Background:

Larsen & Toubro is a USD 30 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
