L&T Heavy Engineering Wins (Significant*) Orders in India and Abroad

Mumbai, Oct 28, 2025: The Heavy Engineering vertical of L&T has recently secured multiple orders in the international and domestic markets.

On the international front, the vertical has secured an order from the United States to manufacture Vessels for an NGL fractionator project and the Cartridge for a Blue Ammonia project in Louisiana.

From Mexico, the vertical has secured orders for ammonia and urea processing equipment for two fertiliser plants. From Brazil for critical Heat Exchangers in the replacement market.

From Saudi Arabia the vertical has won the order for a refinery and integrated petrochemical complex in Saudi Arabia for amendment to a critical contract related to the HOFCC Reactor and Regenerator revamp.

This demonstrates L&T's reliability and technical excellence in delivering high-performance solutions.

In the nuclear power equipment sector, vertical has secured orders for critical equipment to be supplied to international and domestic nuclear projects.

In the domestic market, vertical has secured crucial equipment orders for the 2RK65 Heat Exchanger Package (4 units) of proprietary MOC, meant for one of the major customer's 3 MMTPA PTA7 project at Dahej in Gujarat.

All these orders underscore the trust that customers repose on L&T's cutting-edge manufacturing capabilities to deliver high-quality, fully dressed equipment across the globe.

Background:

Larsen & Toubro is a USD 30 billion Indian multinational enterprise engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

Project Classification	Significant	Large	Major	Mega	Ultra-Mega
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 10,000	10,000 to 15,000	>15,000
