PRESS RELEASE

New Delhi

24 September 2025

Panacea Biotec Launches India's first 100% toxin-free and safe NikoMom Baby Skin Care

Panacea Biotec proudly announces the launch of NikoMom Baby Skin Care products, a specially crafted line of products designed to nurture babies with the utmost care, safety, and scientific precision.

Built on Panacea Biotec's legacy of innovation in healthcare, **NikoMom** combines plant-based natural ingredients, dermatologically tested formulations, and modern research to deliver the gentlest care for babies.

NikoMom Baby Care Expert has been developed with a focus on safety, purity, and effectiveness. Each product is hypoallergenic, toxin-free, and dermatologically tested, ensuring that delicate baby skin receives only the best. Infused with natural oils, plant-based extracts, and nourishing vitamins, the range provides holistic baby care without harmful chemicals like parabens, sulfates, silicones, or artificial dyes.

NikoMom Baby Care covers a wide spectrum of everyday essentials for new born babies. They complement the already available NikoMom Tape Diapers and NikoMom Diaper Pants.

- **Baby Massage Oil:** Powered by 'Hydranest Technology' that strengthens muscles and bones, deeply hydrates the skin and enhances skin elasticity.
- **Baby Head to Toe Wash:** Powered by 'TenderNest Technology' that gently cleanses delicate skin, prevents skin from moisture loss and protects skin's natural oils.
- **Baby Daily Lotion:** Powered by 'DermaNest Technology' that provides 24 hour hydration, strengthens skin's moisture barrier and promotes smooth and healthy skin.
- **Baby Diaper Rash Cream:** Powered by 'HealNest Technology' that boosts cellular skin repair, soothes and protects skin and prevents rash triggers.

NikoMom Baby Care complements NikoMom Diaper Pants and NikoMom Tape Diapers. **NikoMom Diaper Pants** are Easy-to-wear pull-up style with 360° comfort fit and up to 12 hours of dryness for active babies while, **NikoMom Tape Diapers** are Gentle tape-fastened diapers designed for newborns, offering soft protection and leak-proof comfort.

At NikoMom, our commitment goes beyond gentle baby care — it is about delivering purity powered by technology. Each product is crafted with advanced research and innovation to provide affordable healthcare solutions for every family. By combining science-backed formulations with naturally safe ingredients, NikoMom ensures babies receive the purest care possible. All products are free from toxic chemicals such as parabens, sulfates, silicones, mineral oils, and artificial dyes — because we believe every child deserves a safe, healthy start in life.

A Legacy of Innovation and Care

“With the launch of the NikoMom Skin Care, we are extending this commitment to the most precious members of our families — our babies. NikoMom stands for purity, safety, and innovation, ensuring that every child receives the gentlest care without toxic chemicals. This is not just a product range, but a promise of healthier, happier beginnings for every baby and peace of mind for every parent.

”- said **Dr. Rajesh Jain, Chairman and Managing Director, Panacea Biotec Ltd.**

About Panacea Biotec

Panacea Biotec is a leading biotechnology company with established research, manufacturing and marketing capabilities in vaccines, pharmaceuticals, and nutrition. Panacea Biotec has launched its consumer arm called **7N Panacea Biotec** created to bring science-driven, everyday healthcare solutions directly to families. The “7N” philosophy stands for Nutrition, Nurture, Nature, Newness, Novelty, Necessity, and Nourishment — seven pillars that guide the development of every product. From advanced nutritional supplements to baby care essentials, 7N Panacea Biotec blends purity, innovation, and affordability to ensure healthier lives across generations. All 7N products are doctor recommended and scientifically tested.

7NShop.com is the official online destination for 7N Panacea Biotec products, offering consumers a convenient and trusted platform to access safe, high-quality, and science-backed healthcare solutions. The e-commerce platform brings together the complete range of **nutritional supplements, baby care, wellness products, and preventive health solutions** under one roof. With **secure payments, free shipping, doorstep delivery, and exclusive offers**, 7NShop.com ensures that advanced healthcare is accessible and affordable for every household.

ChilRun provides clinically proven oral nutritional supplements, designed to be an additional source of nutrition to overcome the nutrition gap for growing children. It comes under 3 variants i.e. ChilRun full, ChilRun full No Sucrose, and ChilRun 7+. ChilRun full provides over 37 essential nutrients including protein, healthy fats, and carbohydrates with vitamins and minerals. It comes in 4 delicious flavours i.e. Chocolate, Mango, Vanilla, and Kesar Badam. For parents concerned about sugar intake, ChilRun full No Sucrose provides the same benefits with zero table sugar.

All 7N Panacea Biotec products are available on www.7NShop.com along with online retailers like Amazon, Flipkart, Tata 1mg, etc. They are also available at a retailer near you! Panacea Biotec is one of the leading manufacturers of paediatric vaccines and has played a pivotal role in eradication of Poliomyelitis. Panacea Biotec has supplied more than 10 billion doses of polio vaccine in India and developing countries and supplied more than 200 million immunizations of fully liquid wP based combination vaccines. Our innovations have helped increase paediatric immunization coverage, provided significant savings in the overall cost of immunization and saved the lives of millions of children in developing countries.

The key products are Easyfive®-TT (DTwP-HepB-Hib), EasyFour®-TT (DTwP-Hib), IPV based tetravalent vaccine – EasyFour®-Pol (DTwP-IPV) and Bivalent oral polio vaccine (type-1 and type-3). Panacea Biotec's new vaccines in pipeline are Pneumococcal Conjugate Vaccine - NucoVac-11® and Recombinant Tetravalent Dengue Candidate Vaccine - DengiALL® and Td (tetanus and diphtheria – reduced).
