## **Panache Digilife announces new product in 4G/5G compatible Classroom Education Learning Solution**

*Adding one more feather to its Leadership position in the Digital Education Space*

**Mumbai, June 23, 2021:** Panache DigiLife Limited ("Panache") is pleased to inform our esteemed stakeholders about the launch of 4G /5G compatible Classroom Education Learning Solution using IFPD (Interactive Flat Panel Display) and OPS (Open Pluggable System). This device can also be used for a Digital Signage solution.

This solution is based on IoT and in sync with our Governments Digital India campaign. This enables IT managers to discover, repair, and help protect the digital signage network with remote maintenance and wireless manageability. You save time and simplify the lifecycle transitions of your OPS media players. The 4G networking platform means that the OPS is a connected / IOT device, also ensuring the remote maintenance of the connected device. This also ensures that these devices can be used in remote and rural locations. Thus expanding the reach of Education in the remote interiors of the country.

This development will leverage the world class solution building capabilities of the said company, and Panache's well-established design skills along with manufacturing capabilities resulting in delivering world class solutions all Made in India.

**Commenting on the same, Mr. Amit Rambhia, Chairman & Managing Director,** "Panache Digilife Limited strives to develop and offer latest technologies and products in the embedded AI & IOT devices space used in Education and Digital Signage. The latest offering drives in connectivity of devices enabling AI and IOT solutions. We at Panache always look forward to serve our customers and society with simplified advanced technology solutions as we have always aimed in working towards our vision of ***Making Human Life Easy***'.

Education today; is undergoing a major revolution, most of the new solutions are driven by AI & IOT technologies. The Next-Gen digital learning era is moving beyond just the compute devices to tech-infused embedded solutions with built-in artificial intelligence & IOT. We hope to play a significant role in this transformational process and would be delighted to seize these opportunities not only as a means of expanding our business, but also as a means of fulfilling our social responsibility to provide quality education in India and other global markets."

### **Panache Overview**

Panache Digilife Limited is an NSE-listed company (NSE Code: PANACHE). Panache is a leader in the new-age AI & IOT technology solutions with a vision to align & utilize the 'Make in India' and 'Atmanirbhar' policy of the Government of India in the ICT & IOT Electronics domain.
