Park Group of Hospitals launches of The Medicity Hospital, Rudrapur, Uttarakhand

Park Medi World Limited (NSE: PARKHOSPS; BSE: 544645): Park Group of Hospitals today announced the launch of **‘The Medicity Hospital, Rudrapur’** - a 330-bed multi-super specialty facility and the largest hospital in the Kumaon region - marking the Group's strategic entry into Uttarakhand and expanding its operational presence to six states across North India. This expansion represents a significant milestone in Park Group's growth trajectory, adding meaningful bed capacity and deepening penetration in a high-potential, underserved catchment area. The Hospital enhances the Group's regional density and scale, reinforcing its positioning as a market-leading, multi-state healthcare platform in North India. The transaction is consistent with Group's stated strategy of pursuing disciplined, high-growth expansion to build an integrated hospital network with strong regional density, referral synergies, and long-term value creation potential.

The facility is equipped with advanced multi-disciplinary clinical capabilities and modern medical infrastructure, and is staffed by a specialist team drawn from premier medical institutions - supporting the Group's ability to command premium case mix and drive sustainable revenue growth. With a strong patient-centric care model built on evidence-based clinical protocols and advanced technology, ‘The Medicity Hospital’ is well positioned to capture rising healthcare demand in the region and contribute to Group's medium-to-long-term revenue and profit growth objectives.

Commenting on the launch **Dr. Ankit Gupta, Managing Director, Park Medi World Limited, said:**

“The launch of ‘The Medicity Hospital’, Rudrapur represents a landmark milestone in Park Hospital's aggressive expansion strategy, further cementing our position as the dominant multi-super specialty healthcare platform across North India. With this addition, we have successfully established ‘The Medicity Hospital’ as the definitive comprehensive healthcare destination for the entire Kumaon region – a large, underpenetrated market with significant untapped demand.

By bringing together best-in-class medical infrastructure, an extensive multi-specialty portfolio, and a highly credentialed clinical team under a single roof, we have created a high-value regional asset poised to capture outsized market share and drive strong, sustainable patient volumes from day one. This launch directly addresses the accelerating demand for specialized tertiary and quaternary care in the region, positioning the facility for robust growth in both case volumes and case complexity – key drivers of long-term revenue and margin expansion.

This milestone is a direct execution of our disciplined, high-growth strategy of building centres of excellence in tertiary and quaternary care, further strengthening our integrated, multi-state healthcare network and enhancing our scale, referral synergies, and competitive moat across North India. We remain firmly committed to compounding shareholder value through continued strategic expansion into high-potential markets.”

About Park Group

Park Group is North India's 2nd largest Hospital Chain, now operating 17 hospitals with a combined capacity of ~4,300 beds. The Group is in the process of integrating three additional hospitals and expanding capacity at three existing units. These are in various stages of execution and will add 1,300 beds to our network. With these, Park Group's total capacity is expected to reach ~5,600 beds by March 2028, underscoring its commitment to leadership and growth in healthcare delivery.

The Group has established a strong presence across 15 key cities including Delhi, Gurgaon, Faridabad, Panipat, Karnal, Sonapat, Ambala, Mohali, Patiala, Bathinda, Behror, Jaipur, Agra, Panchkula and Rudrapur, and is expanding into Gorakhpur (Uttar Pradesh) and Rohtak (Haryana). Built on a commitment to accessible, high-quality healthcare, Park Group offers a comprehensive range of clinical services—spanning super-specialities such as cardiology, neurology, oncology, orthopaedics, gastroenterology, critical care, nephrology, organ transplants, gene therapy, stem-cell therapy, and women & child health. Each facility is equipped with modern medical infrastructure, advanced diagnostics, 24×7 emergency support, and multi-disciplinary teams delivering evidence-based care. Through continuous expansion and strategic investments, Park Group is strengthening its mission to build a dependable, technology-enabled healthcare ecosystem that serves both metropolitan and regional communities across North India.
