Telcos Seek Clarity on Name Display in Caller ID Trials

Operators ask DoT how to handle business and family connections

Kiran Rathee

New Delhi: India's top telecom operators have sought clarity from the Department of Telecommunications (DoT) on displaying caller details related to business and family mobile connections as part of calling name presentation (CNAP) service being tested by them.

The telcos are currently doing inter and intra circle trials on CNAP and have faced queries from consumers regarding certain points. "We have asked the DoT to clarify on business and family connections and what name should be displayed," said an executive working with one of the firms.

Since business connections are issued in the name of a company and not individuals who use the number, the telcos want to know what should be displayed as the caller—the company name, the brand name or the individual. Similarly, in family plans, multiple numbers are taken by one individual and used by entire family members, so it needs to be clarified if the individual who is using the number should be displayed or the person who has taken the connection.

For certain business connections, the firms want to display

Pain Points

Business numbers: show company name, brand name or actual user?

Family plans: display the subscriber's name or family member actually using the number?

CAF (Customer Acquisition Form) details currently appear as caller ID

DoT's Stand

Final decision after ongoing inter- and intra-circle trials

Limitations

Technology not compatible with 2G networks

Requires handset manufacturers to enable CNAP feature

their brand name, which is more recognisable by the users.

Queries sent to Reliance Jio, Bharti Airtel and Vodafone Idea remained unanswered at the time of going to press.

The confusion arises as under CNAP, the details of customer acquisition form (CAF)

are displayed as caller details and not the person who is actually using the number. As the telcos are currently doing trials on the technology, the government would take a call on implementation timelines after conclusion of such tests.

"On the basis of the outcome of such trials and assessment by telecom service providers, the government shall take decision on implementation of CNAP service in mobile networks," minister of state for communications Pemasani Chandra Sekhar informed Parliament last month.

The DoT has been pushing the telcos to implement the CNAP service at the earliest. The plan to make name display compulsory for incoming calls is meant to curb spam and scam calls as the recipient of calls will be able to know who is calling. But technological constraints have prevented the implementation of the service on 2G networks, according to telcos.

In February last year, the Telecom Regulatory Authority of India (Trai) had called on the government to mandate telcos to implement the CNAP service and push handset manufacturers to enable the feature in six months in a bid to reduce customer harassment from unknown or spam callers.

SC to Hear Plea on Consolidating Online Gaming Cases at 3 HCs

Indu Bhan

New Delhi: The Supreme Court on Thursday agreed to hear on Monday the Centre's plea seeking transfer of petitions challenging the Promotion and Regulation of Online Gaming Act, 2025, from three high courts to the apex court to avoid conflicting rulings.

The Ministry of Electronics and Information Technology (MeitY) has sought transfer of three pending cases from the high courts of Karnataka, Delhi and Madhya Pradesh to the Supreme Court on the grounds that different HCs may deliver inconsistent findings on the same Central law, creating legal uncertainty. A consolidated hearing before the apex court would also ensure uniformity of judicial pronouncements.

The Centre's petition seeks transfer of cases filed by Head Digital Works (pending before Karnataka HC), Bagheera Carrom (OPC) (pending before Delhi HC) and Clubbom II Sports & Entertainment (pending before Madhya Pradesh HC).

"Due to multiple litigations pending before various high courts involving the same or substantially similar questions of law, and challenging the vires of the same impugned Act, it is imperative that these matters be transferred to this court or any one high court to avoid divergent opinions or multiplicity of proceedings," the plea stated.

INTEGRATED PROTEINS LIMITED

SoftBank Pares Stake in Ola Electric to 15.7%

Japanese investor pares holding from 17.8% via multiple deals over past two months

Our Bureau

Bengaluru: Masayoshi Son-led SoftBank Group has trimmed its holding in electric scooter maker Ola Electric to 15.68% from 17.83% by offloading 2.15% over the past two months, according to a stock exchange filing on Thursday.

SoftBank, the second-largest shareholder in

the Bengaluru-headquartered company after founder Bhavish Aggarwal, sold 94.9 million shares through multiple transactions between July 15 and September 2.

The filing did not disclose the sale price of the shares.

Other major investors in Ola Electric include Tiger Global Management, Alpha Wave Ventures, and Z47 (former-

ly Matrix Partners India). Both Z47 and Tiger Global, early backers of the company, also pared their holdings between April and June this year.

In June, Hyundai Motor Company and Kia Corporation had offloaded around 10.8 crore and 2.7 crore shares, re-

spectively, raising ₹52 crore and ₹137 crore.

For the June 2025 quarter, Ola Electric's operating revenue nearly halved year-on-year, while net losses widened as sales weakened amid intensifying competition in India's electric two-wheeler market. The company reported a net loss of ₹428 crore on revenue of ₹828 crore in Q1 FY26. Vehicle deliveries also dropped to 68,192 units during the quarter, down from 1,25,198 units a year earlier.
