# HCLTech emerges fastest growing IT firm amid global headwinds

AVIK DAS  
Bengaluru, 17 October

Indian information technology (IT) services companies reported lacklustre growth in the second quarter, at a time when the macroeconomic environment did not deteriorate further.

HCLTech emerged the best performer among India's top six IT services firms with a constant-currency growth rate of 4.6 per cent, even though uncertainties continued to persist. While some of the top players saw low-single-digit constant-currency growth during the period ended September 30, others witnessed negative growth.

HCLTech's constant currency growth was higher than LTIMindtree's (4.4 per cent) and Infosys' (2.9 per cent), helping HCL to cement its place as the fastest-growing IT services company in a difficult environment.

"HCLTech is the fastest-growing large-cap IT services company, and its all-weather portfolio remains the best large-cap bet in an uncertain macro environment," Motilal Oswal said in a research report earlier this week.

It also became the first company to call out revenue from advanced artificial intelligence (AI), which crossed \$100 million in the second quarter. Executives remained conservative on growth prospects as companies walk the tightrope to manage policy uncertainties and the impact of AI, which is interrupting the software development life cycle, and improving efficiency.

While most companies record healthy total contract value (TCV), they prefer to wait and watch on how long it takes for those deals to materialise — as is often the case when spending is tight.

That is why a \$10 billion TCV from TCS, a 1.2 billion pounds deal from NHS for Infosys, or three large deals for LTIMindtree in the last six months do not immediately mean that the industry is out of the woods. Gaurav Vasu, founder, Unear-

thInsights, believes that for FY26, the services industry will not grow more than 3-4 per cent even though the level of uncertainty has come down.

A low single-digit growth for the third consecutive year would be almost unprecedented for Indian IT service providers. And, it only underscores the structural challenge they face, going forward, which has only been accentuated by AI.

Phil Fersht, founder and CEO of HFS Research said the key takeaway is that the sector has moved past its correction phase but not yet into high-growth territory.

"FY26 should be modestly better than FY25, with selective acceleration in the second half as clients restart modernisation programmes. Growth will increasingly depend on non-linear levers, such as AI, automation, and outcome-based pricing, rather than adding more people. The providers that build scalable AI platforms and intelligent delivery models will set the pace for the indus-

try's next chapter." The top six companies added 3,510 people in the second quarter and 7,377 during the first half, compared to 19,767 and 18,261, respectively, during the comparable periods a year earlier.

The headcount addition was dragged down in the recently-concluded quarter mainly due to the huge layoffs by TCS. All the other firms saw headcount addition with Infosys adding 8,203 people.

Analysts, however, cautioned that it is premature to link headcount growth to revenue growth or demand coming back as some individual client needs may have spiked up.

In the long run, the pyramid model, which runs on adding more people to the bottom, is likely to change. This comes as AI makes many entry-level jobs redundant and there is a gradual decoupling between revenue and headcount. Net addition for the full year is expected to remain stagnant.

# Rapido cofounder: Subscription model has halved customer acquisition cost

SURAJEET DAS GUPTA  
New Delhi, 17 October

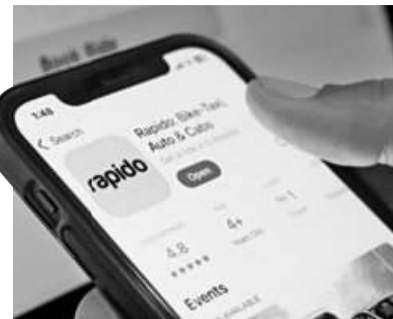

Rapido's customers have doubled since the launch of a subscription model 18 months ago, and the cost of acquiring them has halved, said a senior executive of the ride-hailing company.

The startup aims to be profitable in a year and go public if it makes business sense. "Though the number of customers we started acquiring has doubled on our platform, our cost of acquisition has come down by 50 per cent. This is the advantage of having a platform [subscription model]," Aravind Sanka, cofounder of Rapido, told Business Standard.

"We get 60 per cent of our business from customers who use more than one service on our platform — bike taxis, auto-rickshaws or cars — from us. One of the big costs in our business is acquiring more and

## Smooth ride

- Firm targets profitability within a year; no fresh fundraise planned
- Present in 300+ cities, expanding to 500 in 12 months
- Subscription model boosts driver income and ride volumes on the platform

more customers, and that has come down substantially," he said in a video interview.

The subscription model will help Rapido to become profitable as it expands to more cities. "We are already operationally profitable, so we don't lose money to run our operations. But at the same time there are some costs, as we are investing for our growth. Scalewise also we are just a year away from

turning the company profitable." Asked about the company's finances, Sanka said: "Because we are operationally profitable, we have enough capital to take care of our fixed costs for many more years. We are not looking at a fundraise actively."

About going public, he said: "We are not chasing any timelines but obviously we want to be ready by next year, so that we can take a call

whenever it is good for business. We do not have a capital need to go public. It will be a business call."

Rapido is in more than 300 Indian cities and will expand to 500 cities in 12 months to reach 500 million people. It disrupted the mobility business with a subscription model where drivers pay a small fee for the days they use the platform. The earlier commission model had drivers pay 25 per cent of the total trip bill to mobility operators, reducing their incomes and making rides expensive. The subscription model has led to a sharp increase in drivers and rides on Rapido's platform.

Namma Yatri, a community-driven ride-hailing app in Bengaluru, started the subscription model that has now caught on. A week ago, Uber India announced it will shift to a subscription model nationwide for its driver partners of cars, autorickshaws and bikes.

## RISDIPLAM GENERIC DRUG CASE

# SC rejects Roche plea against Natco pharma

BHAVINI MISHRA  
New Delhi, 17 October

The Supreme Court on Friday rejected Swiss pharma giant F Hoffmann-La Roche AG's plea against the Delhi High Court's order allowing Natco Pharma to manufacture and sell a generic drug of Risdiplam.

Risdiplam is an oral medicine used for the treatment of spinal muscular atrophy (SMA) in patients aged two months or above. SMA is a rare, progressive, and genetic disease that affects motor neurons in the spinal cord, causing muscle weakness and wasting.

A bench of Justice PS Narasimha and Justice AS Chandurkar declined to interfere with the High Court's order, saying that it was only an interim order. It said that both the single bench and the division bench of the High Court have entered concurrent findings and urged the High Court to dispose of Roche's plea expeditiously.

"We are not inclined to interfere for the reason that it is interim in nature and also because the findings are concurrent. We have not expressed anything on merits. Needless to say, the observations made in the civil applications are intended only to dispose of the appeals and will have no bearing on the final decision. The High Court shall endeavour to dispose of the suit expeditiously," the bench observed in the order.

# Mahindra, Embraer join hands to bring C-390 Millennium to India

PRESS TRUST OF INDIA  
New Delhi, 17 October

The Mahindra group on Friday said it had inked a pact with Embraer Defense & Security for introduction of C-390 Millennium military transport aircraft in India. Embraer Defense & Security and the Mahindra group have signed a landmark strategic cooperation agreement to advance the C-390 Millennium solution for the Indian Air Force's Medium Transport Aircraft programme, Mahindra Group said in a statement.

This agreement was inked alongside the inauguration of Embraer's national office in Aerocity, New Delhi.

The agreement builds upon the memor-

andum of understanding signed in February 2024 at the Embassy of Brazil in New Delhi, deepening the scope of cooperation to include joint marketing, industrialisation and developing India as a hub for the C-390 Millennium. Since the signing, the C-390 Millennium aircraft has further increased its operator base globally.

Embraer and Mahindra Group will work closely with stakeholders in the country and engage with India's military and aerospace ecosystem to identify opportunities for local manufacturing, assembly facilities, supply chain and MRO activities, it stated. The long-term ambition is to position India as a manufacturing and support hub for the C-390 Millennium aircraft, serving both domestic and regional requirements, it said.

# LoveLocal to launch 30-min delivery, expand outside Mumbai

UDISHA SRIVASTAV  
New Delhi, 17 October

Hyperlocal quick-commerce (qcom) platform LoveLocal is set to roll out 30-minute delivery services as it looks to step up its qcom play and expand beyond its home base of Mumbai. The move marks the company's push to compete in the country's growing instant delivery market while strengthening its hyper-local retailer network.

LoveLocal, which focuses on the fresh edibles category, acts as a bridge between local retailers and customers. Currently, it offers two options: Instant ordering (with a two-hour delivery time) and scheduled delivery. It plans to add express delivery as another option.

Akanksha Hazari, founder and chief executive officer (CEO) of the platform, said,

"We will have an express delivery option by the end of the quarter. As for expansion, the focus is to essentially cover 100 per cent of Mumbai and then grow our brand and become a household name in Mumbai. Next year, we want to

start launching in new cities and would look at Pune as our next city because it's also adjacent to Mumbai, with a lot of similar dynamics." In Mumbai, the platform has onboarded 650 retailers to date and plans to get to nearly 1,000 retailers over the next 18 months. The platform currently has one lakh monthly transacting users and plans to grow it tenfold. The customer count is growing at 25-30 per cent month-on-month, Hazari said. The qcom company has two dominant categories: Meat and fish in one basket and fruits and vegetables in the other basket.

# ShareChat reduces losses by 72%, revenue rises to ₹723 crore

PEERZADA ABRAR  
Bengaluru, 17 October

ShareChat, India's largest homegrown social media company, sharply narrowed its adjusted earnings before interest, tax, depreciation, and amortisation (Ebitda) loss by 72 per cent to ₹219 crore in FY25 from ₹793 crore a year earlier, as it pursued cost efficiencies and platform sustainability.

Revenue rose slightly to ₹723 crore compared to ₹718 crore in the previous period supported by efforts to build what the company calls the world's most cost-effective content recommendation system. "Our disciplined approach to cost optimisation and strategic diversification is now

delivering results," said Ankush Sachdeva, chief executive and cofounder, ShareChat and Moj, the video platform. "We have built a strong core business with a large and sticky user base that allows us to invest confidently in the next phase of growth."

Backed by a monetisable user base of over 200 million providing a strong foundation for scalable and sustained growth, ShareChat said it is focused on building on its current revenue momentum while maintaining profitability in its core business segments.

Sachdeva added, "The mission of a sustainable core business is well achieved, and we are now shifting gears to accelerate growth."

মাধ্যমিক: ক্যাম্পের মাধ্যমে স্কুলকে টেস্ট পেপার দেবে পর্যদ

আজকালের প্রতিবেদন

আর ডিআইদের মাধ্যমে নয়, ক্যাম্প করে সরাসরি স্কুলগুলিকে মাধ্যমিক পরীক্ষার টেস্ট পেপার দেবে মধ্য শিক্ষা পর্যদ। বিগত বেশ কয়েক বছর ধরেই মাধ্যমিক পরীক্ষার্থীদের জন্য টেস্ট পেপার প্রকাশ করে পর্যদ। কিন্তু তা ছাত্রছাত্রীদের হাতে টিক সময় পৌঁছাতে দেরি হয় বলে অভিযোগ। ছাত্রছাত্রীরা যাতে তাড়াতাড়ি এই টেস্ট পেপার হাতে পায় এবং তাদের পরীক্ষার প্রস্তুতি কাজে লাগাতে পারে তার জন্যই স্কুলের হাতে সরাসরি তা পৌঁছে দেওয়ার সিদ্ধান্ত নেওয়া হয়েছে।

বিলি করা হত। এতে অনেকটাই সময় নষ্ট হত। ক্যাম্পের মাধ্যমে সরাসরি স্কুলের হাতে দিলে, যেদিন স্কুল পাচ্ছে তার পরদিন বা দু-তিনদিনের মধ্যেই পরীক্ষার্থীদের হাতে টেস্ট পেপার পৌঁছে যাবে। স্কুলগুলির টেস্ট শেষ হওয়ার এক মাসের মধ্যেই অর্থাৎ ডিসেম্বরের তৃতীয় বা চতুর্থ সপ্তাহের মধ্যেই টেস্ট পেপার প্রকাশিত হতে পারে। স্কুলগুলিতে ৩ থেকে ১৩ নভেম্বরের মধ্যে টেস্ট শেষ করার নির্দেশ দেওয়া হয়েছে। টেস্টের প্রস্তুতি দিতে স্কুল এবং বিষয়ভিত্তিক শিক্ষকই যাতে করেন তার নির্দেশ দিয়েছে পর্যদ। কোনও সংগঠন বা এজেন্সির মাধ্যমে প্রস্তুতি দেওয়া যাবে না। প্রতিটি স্কুলকে তাদের টেস্ট মিত্রে সেই প্রস্তুতি পর্যদই ই-মেল করে পাঠাতে হবে। টেস্টের প্রস্তুতি এমনি কোনও বিতর্কিত প্রশ্ন করা যাবে না যাতে রাজ্য সরকার এবং পর্যদের ভাবমূর্ত্তি ক্ষতিগ্রস্ত হয়। কোনও বিতর্কিত প্রশ্ন হলে তার দায় সংশ্লিষ্ট স্কুলের প্রধান শিক্ষককে। কোনও স্কুল এই নিয়মগুলি না মানলে, সেই স্কুলের বিরুদ্ধে ব্যবস্থা নেওয়া হবে।
