Press Release - For Immediate Release

Premier Energies Secures Orders Worth Rs ₹2,577 Crores in Q4 FY 2026

Hyderabad, 9 April 2026

Premier Energies Limited has received orders aggregating to ₹2,577 crore in Q4 FY 2026 for supply of 1,600 MW solar cells and modules. Execution of these orders is scheduled across FY 2027 and 2028. The contracts have come from a mix of leading domestic Independent Power Producers (IPPs), module manufacturers and EPC contractors in India, reflecting continued confidence in the company's execution capabilities and integrated manufacturing platform.

The growing order book reflects the company's growing scale with cell capacity expected to touch 10.6 GW by Sep-2026 and module manufacturing capacity recently expanded to 11.1 GW. Commenting on the development, Premier Energies Managing Director, Mr. Chiranjeev Saluja, said: "This robust order inflow underscores the trust placed by our customers in our manufacturing capabilities and technology roadmap. As India accelerates renewable energy deployment under the Atmanirbhar Bharat initiative, we remain focused on delivering high-quality solar solutions at scale."

About Premier Energies Limited

Premier Energies, a publicly listed company, is one of the largest integrated solar module manufacturers in India. With a proven track record of 30 years in the business, the company is known for its focus on technology innovation, sustainability and employee-centric culture. It holds the distinction of receiving a Great Place to Work certification for five consecutive years.
