Independent Auditor's Limited Review Report on quarterly and year to date unaudited standalone financial results of Petronet LNG Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To the Board of Directors of Petronet LNG Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results ('the Statement') of **Petronet LNG Limited** ('the Company') for the quarter and six months ended 30th September 2026 being submitted by the Company pursuant to the requirement of Regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended ('the Regulations').

2. This Statement, which is the responsibility of the Company's management and has been approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited standalone financial results prepared in accordance with the recognition and measurement principles laid down in the applicable Indian Accounting Standards specified under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter

5. We draw attention to Note 3 to the Statement regarding the recoverability of Use or Pay ("UoP") dues as at 30th September 2026 included in trade receivables amounting to Rs. 408.23 crore (gross), (Rs. 177.51 crore (net) after making a provision of Rs. 230.72 crore). The Note also describes the recovery mechanisms agreed with customers and the progress made towards recovery of the outstanding UoP dues, including the settlement of certain UoP dues during the current quarter and six months ended. Management is confident of recovery of the outstanding UoP dues based on the contractual arrangements and recovery mechanisms agreed with the customers.

V. SANKAR AIYAR & CO. NEW DELHI FRN 109208W CHARTERED ACCOUNTANTS

6. We draw attention to Note 4 of the Statement regarding claims aggregating to Rs. 625.42 crore plus applicable taxes as at 30th September 2026 by the owners of the Company's dedicated LNG vessels and other associated costs arising from the suspension of operations of the vessels. The Company has not recognised any provision in respect of these claims, as, in its assessment, the claims are not tenable under the contractual obligations under the respective Time Charter Agreements. The vessel owners have initiated arbitration proceedings in respect of their claims, the outcome of which and the resultant financial impact, if any, cannot presently be determined.

   Our conclusion is not modified in respect of above matters.

Notes :

1 The above results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company at their respective meetings held on 2nd November 2026. The statutory auditors of the Company have carried out limited review of the aforesaid results.

2 The Company primarily operates in the business of import and processing of liquefied natural gas. Accordingly, there is only one Reportable Segment i.e. "Natural Gas Business". Hence, no specific disclosure has been made w.r.t. operating segments.

3 Trade receivables as at 30th September 2026 include 'Use or Pay' (UoP) dues amounting to Rs. 408.23 crore (gross) (Rs. 177.51 crore (net) after making a provision of Rs. 230.72 crore). These dues have arisen due to lower capacity utilisation by customers under long-term regasification agreements entered into by the Company. These UoP dues pertain to FY 2022–23 (CY 2022): Rs. 13.11 crore, FY 2023–24 (CY 2023): Rs. 228.89 crore, FY 2024–25 (CY 2024): Rs.117.27 crore and FY 2025–26 (CY 2025): Rs. 48.96 Crore.
The Board had approved a recovery mechanism for UoP dues relating to CY 2023 and CY 2024, in accordance with agreements reached with customers. Bank guarantees pertaining to outstanding UoP dues for CY 2023 and CY 2024 have been received from the customers.
As per the terms of the Settlement Agreement under the recovery mechanism for Use or Pay (UoP) dues of CY 2023, some of the customers have brought LNG quantities up to 30th September 2026, for which revenue has been recognised at the prevailing Regasification Rate. Correspondingly, the Company has waived off UoP dues amounting to Rs. 252.80 Crore and Rs 311.61 Crore during the quarter and half year ended 30th September 2026 respectively by charging it to the Statement of Profit and Loss.
The Company continues to engage with the Customers for the recovery of UoP dues. While some customers have not provided balance confirmations for the UoP dues, management remains confident of recovery, as the amounts are contractually obligated. As a measure of prudence, the Company has made a time-based provision of Rs. 230.72 Crore as at 30th September 2026 (Rs.306.82 crore as at 31st March 2026).

4 The Company has a long-term Sale and Purchase Agreement (SPA) with QatarEnergy LNG S (2) (QE) for the supply of 7.50 MMTPA of LNG on FOB basis from Qatar. The Company also has corresponding long-term Gas Sale and Purchase Agreements (GSPAs) with its customers in India.
Armed conflict and related hostilities in the Middle East region commenced on 28 February 2026, resulting in significant disruption to maritime navigation through the Strait of Hormuz and LNG loading operations in the region. The Force Majeure (FM) conditions, which commenced in March 2026, continued till the quarter ended 30 September 2026. However, on best effort basis, QE has delivered few LNG cargoes during the quarter through alternate voyage charters.
For transportation of LNG to India, the Company has engaged three dedicated LNG vessels namely Disha, Raahi and Aseem under long-term Time Charter Agreements with India LNG Transport Company (No.1) Limited, India LNG Transport Company (No.2) Limited and India LNG Transport Company (No.3) Limited respectively. The operation of all the three vessels remained totally suspended since 2nd March 2026 except for one vessel which was used for approximately seven days during the month of June 2026. The aggregate claim by the owners of the vessels and other associated cost stand at Rs 625.42 Crore plus applicable taxes as on 30th September 2026. (Rs 89.30 Crore as on 31st March 2026). Based on legal advice, the Company is of the view that such claims are not tenable under the relevant provisions of the respective Time Charter Agreements. Accordingly, provision has not been considered in this regard. The owners of the vessels have initiated arbitration proceedings to enforce their claims which are being contested by the Company. The ultimate outcome of the arbitration proceedings and the resulting financial impact, if any, cannot presently be determined.

5 The Board of Directors has declared an Interim Dividend of Rs 7/- per equity share (Face Value of Rs 10/- per equity share) at their meeting held on 2nd November 2026.

6 Previous year / period figures have been regrouped and rearranged to make them comparable with current period figures.

Our responsibility is to express a conclusion on the Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

   We also performed procedures in accordance with the SEBI Circular CIR/CFD/CMD1/44/2019 dated 29 March 2019 issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), to the extent applicable.

4. The Statement includes the results of the following entities:

5. Based on our review conducted and procedure performed as stated in paragraph 3 above and upon consideration of the review reports of other auditors referred to in paragraph 8 below, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles / laid down in the applicable Indian Accounting Standards specified under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter

6. We draw attention to Note 3 to the Statement regarding the recoverability of Use or Pay ("UoP") dues as at 30th September 2026, included in trade receivables amounting to Rs. 408.23 crore (gross), (Rs. 177.51 crore (net) after making a provision of Rs. 230.72 crore). The Note also describes the recovery mechanisms agreed with customers and the progress made towards recovery of the outstanding UoP dues, including the settlement of certain UoP dues during the current quarter and six months ended. Management of the Holding Company is confident of recovery of the outstanding UoP dues based on the contractual arrangements and recovery mechanisms agreed with the customers.

7. We draw attention to Note 4 of the Statement regarding claims aggregating to Rs. 625.42 crore plus applicable taxes as at 30th September 2026 by the owners of the Holding Company's dedicated LNG vessels and other associated costs arising from the suspension of operations of the vessels. The Holding Company has not recognised any provision in respect of these claims, as, in its assessment, the claims are not tenable under the contractual obligations under the respective Time Charter Agreements. The vessel owners have initiated arbitration proceedings in respect of their claims, the outcome of which and the resultant financial impact, if any, cannot presently be determined.

   Our conclusion on the Statement is not modified in respect of the above matters.

8. We did not review the financial results of a subsidiary company, whose interim financial information reflects total revenue of Rs.0.31 crore and Rs.61.90 crore and profit / (loss) after tax of Rs. Notes :

1 The above results have been reviewed by the Audit Committee and approved by the Board of Directors of the Holding Company at their respective meetings held on 2nd November 2026. The statutory auditors of the Holding Company have carried out limited review of the aforesaid results.

2 The Holding Company primarily operates in the business of import and processing of liquefied natural gas. Accordingly, there is only one Reportable Segment i.e. "Natural Gas Business". Hence, no specific disclosure has been made w.r.t. operating segments.

3 Trade receivables as at 30th September 2026 include 'Use or Pay' (UoP) dues amounting to Rs. 408.23 crore (gross) (Rs. 177.51 crore (net) after making a provision of Rs. 230.72 crore). These dues have arisen due to lower capacity utilisation by customers under long-term regasification agreements entered into by the Holding Company. These UoP dues pertain to FY 2022–23 (CY 2022): Rs. 13.11 crore, FY 2023–24 (CY 2023): Rs. 228.89 crore, FY 2024–25 (CY 2024): Rs.117.27 crore and FY 2025–26 (CY 2025): Rs. 48.96 Crore.
The Board had approved a recovery mechanism for UoP dues relating to CY 2023 and CY 2024, in accordance with agreements reached with customers. Bank guarantees pertaining to outstanding UoP dues for CY 2023 and CY 2024 have been received from the customers.
As per the terms of the Settlement Agreement under the recovery mechanism for Use or Pay (UoP) dues of CY 2023, some of the customers have brought LNG quantities up to 30th September 2026, for which revenue has been recognised at the prevailing Regasification Rate. Correspondingly, the Holding Company has waived off UoP dues amounting to Rs. 252.80 Crore and Rs 311.61 Crore during the quarter and half year ended 30th September 2026 respectively by charging it to the Statement of Profit and Loss.
The Holding Company continues to engage with the Customers for the recovery of UoP dues. While some customers have not provided balance confirmations for the UoP dues, management remains confident of recovery, as the amounts are contractually obligated. As a measure of prudence, the Holding Company has made a time-based provision of Rs. 230.72 Crore as at 30th September 2026 (Rs.306.82 crore as at 31st March 2026).

4 The Holding Company has a long-term Sale and Purchase Agreement (SPA) with QatarEnergy LNG S (2) (QE) for the supply of 7.50 MMTPA of LNG on FOB basis from Qatar. The Holding Company also has corresponding long-term Gas Sale and Purchase Agreements (GSPAs) with its customers in India.
Armed conflict and related hostilities in the Middle East region commenced on 28 February 2026, resulting in significant disruption to maritime navigation through the Strait of Hormuz and LNG loading operations in the region. The Force Majeure (FM) conditions, which commenced in March 2026, continued till the quarter ended 30 September 2026. However, on best effort basis, QE has delivered few LNG cargoes during the quarter through alternate voyage charters.
For transportation of LNG to India, the Holding Company has engaged three dedicated LNG vessels namely Disha, Raahi and Aseem under long-term Time Charter Agreements with India LNG Transport Company (No.1) Limited, India LNG Transport Company (No.2) Limited and India LNG Transport Company (No.3) Limited respectively. The operation of all the three vessels remained totally suspended since 2nd March 2026 except for one vessel which was used for approximately seven days during the month of June 2026. The aggregate claim by the owners of the vessels and other associated cost stand at Rs 625.42 Crore plus applicable taxes as on 30th September 2026. (Rs 89.30 Crore as on 31st March 2026). Based on legal advice, the Holding Company is of the view that such claims are not tenable under the relevant provisions of the respective Time Charter Agreements. Accordingly, provision has not been considered in this regard. The owners of the vessels have initiated arbitration proceedings to enforce their claims which are being contested by the Holding Company. The ultimate outcome of the arbitration proceedings and the resulting financial impact, if any, cannot presently be determined.

5 The Board of Directors has declared an Interim Dividend of Rs 7/- per equity share (Face Value of Rs 10/- per equity share) at their meeting held on 2nd November 2026.

6 Previous year / period figures have been regrouped and rearranged to make them comparable with current period figures.
