SUB: Outcome of Board Meeting- Intimation pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Madam/Sir,

In continuation of our earlier communications dated 28.07.2026 and 04.08.2026, we would like to inform that the Board of Directors of Power Finance Corporation Ltd. in its meeting held today i.e. 07.08.2026 have inter alia considered and approved the following:

1. **Un-audited financial results (Standalone & Consolidated) for the quarter ended 30.06.2026 and Un-audited Special Purpose Condensed Interim Financial Statements (Standalone & Consolidated) for the quarter ended 30.06.2026.**

Pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, please find enclosed herewith the Un-Audited Financial Results (Standalone & Consolidated) for the quarter ended 30.06.2026 and Un-audited Special Purpose Condensed Interim Financial Statements (Standalone & Consolidated) for the quarter ended 30.06.2026, along with Limited Review Report by Joint Statutory Auditors i.e. Thakur Vaidyanath Aiyar & Co., Chartered Accountants and Mehra Goel & Co. LLP, Chartered Accountants.

2. **Declaration of interim dividend @ Rs. 3.90/- (Rupees Three Paise Ninety only) per equity share (i.e. @ 39%) (subject to deduction of TDS) on the face value of the paid-up equity shares of ₹10/- each for the FY 2026-27.**

Further, it is to inform that **27.08.2026 (Thursday)** shall be reckoned as the '**Record Date**' for the purpose of ascertaining the eligibility of shareholders for payment of Interim Dividend for the FY 2026-27.

The date of payment of the aforesaid interim dividend shall be on or before 06.09.2026.

It is to further mention that as per provisions of Income Tax Act, as amended, dividend income is taxable in the hands of shareholders and the Company is required to deduct tax at source (TDS) at the

[Handwritten signature]

time of making payment of dividend, at the rates prescribed in the Income Tax Act, as amended. However, in case a shareholder wants that his/her tax should be deducted at lower rates or no tax should be deducted in accordance with Income tax Act, as amended, then he/she should submit scanned copy of PAN & other requisite documents for the financial year 2026-27 at following link:

<https://ris.kfintech.com/form15/forms.aspx?q=0>

No communication on the tax determination/deduction of tax at lower rates shall be entertained after 27.08.2026

Additionally, it may be noted that pursuant to the recent amendments to the Listing Regulations, dividend payments are now permitted to be made only through electronic modes. Consequently, the earlier facility of issuing dividend through physical instruments such as cheques or demand warrants has been withdrawn. Accordingly, members are requested to update their bank account details to facilitate smooth and timely credit of dividends, as detailed below:

- **For shares held in Demat form:** Members are requested to approach their respective Depository Participant (DP) to register or update their bank account details in their demat account, in accordance with the procedure prescribed by the DP.
- **For shares held in Physical form:** Members are requested to contact the Company's Registrar and Transfer Agent (RTA) and update their KYC & bank account details in their respective folio by submitting the required documents.

The Board Meeting commenced at 3:00 p.m. and concluded at 4:40 pm.

This is submitted for your information and record.

Thanking you,

Yours faithfully,
For Power Finance Corporation Ltd.

Independent Auditors' Review Report on Unaudited Standalone Financial Results for the quarter ended 30th June, 2026 of the Power Finance Corporation Limited Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

To
The Board of Directors,
Power Finance Corporation Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Power Finance Corporation Limited (the "Company") for the quarter ended 30th June, 2026 (the "Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors of the Company, in its meeting held on 7th August, 2026, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the Regulations. Our responsibility is to issue a report on the statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of Unaudited Standalone Financial results, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of the Regulation 33 and Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatements.

5. The Company has measured the Expected Credit Loss (ECL) on loan assets, undrawn loan exposures and undisbursed letter of comfort as per requirement of Ind AS 109 by an outside agency appointed by the company. The assumptions/criteria's (i.e. risk score/probability of default matrix etc. with respect to the borrowers) considered in the calculation of ECL are technical in nature and we have relied upon the same.

Our conclusion on the statement is not modified in respect of the above matter.

* EPS for the Quarters is not annualised.

See accompanying notes to the Un-Audited Standalone Financial Results.

1	These unaudited standalone financial results of the Company for the quarter ended 30.06.2026 have been reviewed and recommended by the Audit Committee and subsequently approved and taken on record by the Board of Directors of the Company (the Board) in their respective meetings held on 07.08.2026. Thakur, Vaidyanath Aiyar & Co., Chartered Accountants and Mehra Goel & Co LLP, Chartered Accountants have conducted limited review of these financial results in terms of Regulation 33 and 52 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.																																						
2	These unaudited standalone financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard ('Ind AS') - 34 'Interim Financial Reporting, notified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.																																						
3	(a) The Board in their meeting held on 07.08.2026 declared first interim dividend @ <u>39%</u> on the paid up equity share capital i.e. ₹ <u>3.90</u> /- per equity share of ₹ 10/- each for the FY 2026-27. (b) The Board in their meeting held on 13.05.2026 had recommended final dividend @ 39.50% on the paid up equity share capital i.e. ₹ 3.95 /- per equity share of ₹ 10/- each for the FY 2025-26, subject to the approval of the shareholders at the ensuing Annual General Meeting.																																						
4	The Board of Directors at its meeting held on June 28, 2026, approved the Draft Scheme of merger by absorption amongst Power Finance Corporation Limited (PFC Limited- Transferee Company) and REC Limited (Transferor Company) and their respective shareholders and creditors, pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder and other applicable laws including the rules and regulations. The share exchange ratio shall be 88 equity shares of face value of ₹ 10/- each of PFC Limited for every 100 equity shares of face value of 10/- each of REC Limited As per the draft scheme, the Appointed Date means the opening of business on April 01, 2027, or such other date that is mutually agreed in writing between the Transferor Company and the Transferee Company. Upon the draft scheme becoming effective, PFC Limited will issue equity shares to the eligible shareholders of REC Limited as on the record date as per above share exchange ratio. The equity shares held by PFC Limited in REC Limited will be extinguished as per the draft scheme. The Draft Scheme is subject to the receipt of requisite approvals from statutory and regulatory authorities, and the respective shareholders and creditors, under applicable laws.																																						
5	The Company recognises impairment loss allowance on loan assets in accordance with the Board approved Expected Credit Loss (ECL) policy and report obtained from an independent agency, appointed by the Company for assessment of ECL as per Ind AS 109 'Financial Instruments'. Details in this regard are given below: (₹ in crore) <table><tr><th rowspan="2">S. No.</th><th rowspan="2">Particulars</th><th colspan="3">As on 30.06.2026</th><th colspan="3">As on 31.03.2026</th></tr><tr><th>Stage 1 & 2</th><th>Stage 3</th><th>Total</th><th>Stage 1 & 2</th><th>Stage 3</th><th>Total</th></tr><tr><td>a)</td><td>Loan Outstanding (principal o/s)</td><td>5,63,730.31</td><td>6,314.75</td><td>5,70,045.06</td><td>5,73,792.72</td><td>6,322.58</td><td>5,80,115.30</td></tr><tr><td>b)</td><td>Impairment Loss Allowance *</td><td>4,392.06</td><td>5,440.49</td><td>9,832.55</td><td>4,950.44</td><td>5,448.32</td><td>10,398.76</td></tr><tr><td>c)</td><td>Impairment Loss Allowance Coverage (%) (b/a)</td><td>0.78%</td><td>86.16%</td><td>1.72%</td><td>0.86%</td><td>86.17%</td><td>1.79%</td></tr></table> *In addition to the above, impairment loss allowance of ₹ 18.55 crore (as at 31.03.2026 ₹ 21.40 crore) has been maintained towards Letter of Comfort and Letter of Undertaking. Further, impairment loss allowance of ₹ 147.83 crore (as at 31.03.2026 – ₹ 134.52 crore) has been created towards Undrawn Loan Commitments of the Company.	S. 6	As a matter of prudence, income on credit impaired loans is recognised as and when received or on accrual basis when expected realisation is higher than the loan amount outstanding.
7	Disclosure as per the Regulation 52 (4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, is attached at Annexure A .
8	The Company raises funds in different currencies through a mix of term loans from banks/ financial institutions/ Govt. agencies and non-convertible securities of different tenors. During the quarter ended 30.06.2026, the Company has not defaulted in servicing of its borrowings.
9	During the quarter ended 30.06.2026, the Company has not raised any amount by issuance of non-convertible securities. Accordingly, disclosures as per the Regulation 52 (7) & 52 (7A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, regarding the utilization and material deviation(s) from the stated objects in the offer document/ information memorandum., are not applicable.
10	In compliance of Regulation 54 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, all the secured listed non-convertible debt securities of the Company are fully secured by way of mortgage on specified immovable properties and/or charge on receivables of the Company. The Company has maintained security cover of 1.03 times as per the terms of offer document / information memorandum sufficient to discharge the principal and interest thereon at all times for the secured listed non-convertible debt securities issued. The security cover disclosure in the prescribed format is attached at Annexure B. Further, security cover maintained by the Company for all secured non-convertible debt securities is 1.02 times.
11	The Company's operations comprise of only one business segment - lending to power, logistics and infrastructure sector. Hence, there is no other reportable business / geographical segment as per Ind AS 108 "Operating Segments".
12	Figures for the quarter ended 31.03.2026 are the balancing figures between audited figures for the year ended 31.03.2026 and unaudited figures for the nine months ended 31.12.2025.
13	Figures for the previous periods have been regrouped / reclassified wherever necessary, in order to make them comparable with the current period figures.

		Exclusive Security cover ratio	NA		Pari- Passu Security cover ratio	1.03									

We confirm that the Company has complied with the covenants mentioned in the disclosure documents of the secured redeemable non-convertible debentures for the period ended June 30, 2026.

* The market value of ₹ 13.45 Cr & ₹ 1.78 Cr (total ₹ 15.23 Cr) of the immovable properties are on the basis of certified valuation done on 19th May 2025 & 26th May 2025 respectively.

** Loans (Book Debts) shared by pari passu charge are calculated based on security cover requirements as per information memorandum for securities.

***Loans (Book Debts) shared by pari passu charge includes charge against 54EC bonds amounting to ₹ 10,460.89 Cr for which this certificate is not being issued.

****Security Cover ratio is calculated only on debt for which this certificate is being issued.

Applicable only for debt securities, borrowings (other than debt securities) and subordinated debt.

Independent Auditor's Review Report on Unaudited Consolidated Financial Results for the Quarter ended 30th June, 2026 of the Company Pursuant to the Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

To,
The Board of Directors,
Power Finance Corporation Limited

1. We have reviewed the accompanying statement of unaudited consolidated financial results of Power Finance Corporation Limited (the 'Parent') and its three subsidiaries (the Parent and its subsidiaries together referred to as the 'Group'), and its three Associates for the Quarter ended 30th June, 2026 (the 'Statement') attached herewith, being submitted by the Parent pursuant to the requirement of Regulation 33 & 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors in its meeting held on 7th August 2026, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 ('Ind AS 34') "Interim Financial Reporting", prescribed under Section 133 of the Companies Act, 2013, as amended read with relevant rules issued there under, and other accounting principles generally accepted in India and in compliance with Regulation 33 and 52 of the Listing Regulations. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India and also considering the requirement of Standard on Auditing (SA 600) on 'Using the work of Another Auditor'. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended time to time, to the extent applicable.

4. The Statement includes the financial results of the following entities:

Name of the Entity		Status
Parent		
1	Power Finance Corporation Limited	Reviewed
Subsidiaries:		
1	REC Limited*	Reviewed
2	PFC Consulting Limited*	Unreviewed
3	PFC Infra Finance IFSC Limited**	Unreviewed
Associates**:		
1	Orissa Integrated Power Limited	Unreviewed
2	Coastal Tamil Nadu Power Limited	Unreviewed
3	Bihar Mega Power Limited	Unreviewed

*Consolidated financial results considered for consolidation

** Standalone financial results considered for consolidation

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review report of other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited consolidated financial results, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulations 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatements.

6. Other Matters

- We did not review the unaudited financial results of a subsidiary included in the unaudited consolidated financial results, whose financial results reflect Group's share of total revenue of ₹ 14,469.49 crore, total net profit after tax of ₹ 4,192.76 crore and total comprehensive income (net of tax) of ₹ 7,439.95 crore for the quarter ended 30th June, 2026, as considered in the unaudited consolidated financial results. These financial results have been reviewed by other independent auditors whose report has been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, is based solely on the report of the other auditor and the procedures performed by us as stated in paragraph 3 above.
- The unaudited consolidated financial results include the financial results of two other subsidiaries which have not been reviewed, which reflect Group's share of total revenues of ₹ 99.30 crore, total net profit after tax of ₹ 59.71 crore and total comprehensive income of ₹ 59.94 crore for the quarter ended 30th June, 2026 based on their financial results which are stated to have been certified by the management of the respective Subsidiaries.

Further, the unaudited consolidated financial results also includes the unaudited financial results in respect of three Associates referred to in paragraph 4 above, whose financial results reflects Group's share of net profit after tax of Nil crore and total comprehensive income of Nil crore for the quarter ended 30th June, 2026, based on their financial results which are stated to have been certified by the management of the respective Associates.

The unreviewed financial results of above two Subsidiaries and three Associates have been furnished to us by the management of the parent, and our conclusion on the unaudited consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these two subsidiaries and three associates is based solely on managements certified financial results. In our opinion and according to the information and explanations given to us by the management of the parent, this unreviewed financial information is not material to the Group.

- c. Expected Credit Loss (ECL) on loan assets and undisbursed letter of comfort has been measured as per requirement of Ind AS 109 by an outside agency appointed by the Parent and its Subsidiary, REC Limited. The assumptions (i.e. credit rating/risk score/probability of default matrix etc. with respect to the borrowers) considered in the calculation of ECL are technical in nature, hence, we have relied upon the same.
- d. The Comparative figures for the quarter ended March, 2026 as reported in this statement of unaudited Consolidated financial results are the balancing figure between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.

Our conclusion is not modified in respect of these matters.

* EPS for the Quarters is not annualised. See accompanying notes to the Un-Audited Consolidated Financial Results.					

1	These unaudited consolidated financial results of the Group for the quarter ended 30.06.2026 have been reviewed and recommended by the Audit Committee and subsequently approved & taken on record by the Board of Directors of the Company (the Board) in their respective meetings held on 07.08.2026. Thakur, Vaidyanath Aiyar & Co., Chartered Accountants and Mehra Goel & Co LLP, Chartered Accountants have conducted limited review of these financial results in terms of Regulation 33 and 52 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.																												
2	These unaudited consolidated financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard ('Ind AS') - 34 'Interim Financial Reporting, notified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.																												
3	These unaudited consolidated financial results include the quarterly limited reviewed consolidated financial results of one subsidiary; management approved consolidated financial results of one subsidiary and management approved standalone financial results of one subsidiary and three associates. The Financial results of these subsidiaries and associates have been consolidated in accordance with Ind AS 110 – 'Consolidated Financial Statements' and Ind AS 28 – 'Investments in Associates and Joint Ventures'.																												
4	(a) The Board of the Company in their meeting held on 07.08.2026 declared first interim dividend @ <u>39%</u> on the paid up equity share capital i.e. ₹ <u>3.90</u> /- per equity share of ₹ 10/- each for the FY 2026-27.																												
	(b) The Board of the Company in their meeting held on 13.05.2026 had recommended final dividend @ 39.50% on the paid up equity share capital i.e. ₹ 3.95 /- per equity share of ₹ 10/- each for the FY 2025-26, subject to the approval of the shareholders at the ensuing Annual General Meeting.																												
5	The Board of Directors at its meeting held on June 28, 2026, approved the Draft Scheme of merger by absorption amongst Power Finance Corporation Limited (PFC Limited- Transferee Company) and REC Limited (Transferor Company) and their respective shareholders and creditors, pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder and other applicable laws including the rules and regulations. The share exchange ratio shall be 88 equity shares of face value of ₹ 10/- each of PFC Limited for every 100 equity shares of face value of 10/- each of REC Limited As per the draft scheme, the Appointed Date means the opening of business on April 01, 2027, or such other date that is mutually agreed in writing between the Transferor Company and the Transferee Company. Upon the draft scheme becoming effective, PFC Limited will issue equity shares to the eligible shareholders of REC Limited as on the record date as per above share exchange ratio. The equity shares held by PFC Limited in REC Limited will be extinguished as per the draft scheme. The Draft Scheme is subject to the receipt of requisite approvals from statutory and regulatory authorities, and the respective shareholders and creditors, under applicable laws.																												
6	(a) In respect of the Company and its subsidiary REC Ltd., impairment loss allowance on loan assets has been provided in accordance with the Board approved Expected Credit Loss (ECL) policy and based on the report obtained from an independent agency, appointed by the respective companies for assessment of ECL as per Ind AS 109 'Financial Instruments'. Details in this regard are given below: (₹ in crore) <table border="1"> <thead> <tr> <th rowspan="2">S. S. No.	Particulars	As on 30.06.2026			As on 31.03.2026																								
		Stage 1 & 2	Stage 3	Total	Stage 1 & 2	Stage 3	Total																						
a)	Loan Outstanding (principal o/s)	11,52,435.27	7,698.21	11,60,133.48	11,56,060.87	7,707.33	11,63,768.20																						

b)	Impairment Loss Allowance *	9,448.01	6,148.47	15,596.48	11,135.91	6,156.30	17,292.21
c)	Impairment Loss Allowance Coverage (%) (b/a)	0.82%	79.87%	1.34%	0.96%	79.88%	1.49%

*In addition to the above, impairment loss allowance of ₹ 53 crore (as at 31.03.2026 ₹ 54.94 crore) has been maintained towards Letter of Comfort and Letter of Undertaking. Further, impairment loss allowance of ₹ 596.41 crore (as at 31.03.2026 - ₹ 417.23 crore) has been created towards Undrawn Loan Commitments of the Group.

- 7 As a matter of prudence, income on credit impaired loans is recognised as and when received or on accrual basis when expected realisation is higher than the loan amount outstanding.
- 8 Disclosure as per the Regulation 52 (4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, is attached at **Annexure A**.
- 9 The Group's operations majorly comprise of only one business segment - lending to power, logistics and infrastructure sector. Hence, there is no other reportable business / geographical segment as per Ind AS 108 "Operating Segments".
- 10 Figures for the quarter ended 31.03.2026 are the balancing figures between audited figures for the year ended 31.03.2026 and unaudited figures for the nine months ended 31.12.2025.
- 11 Figures for the previous periods have been regrouped / reclassified wherever necessary, in order to make them comparable with the current period figures.

Independent Auditors' Review Report on Unaudited Special Purpose Condensed Interim Standalone Financial Statements for the quarter ended 30th June, 2026 of Power Finance Corporation Limited

To
The Board of Directors,
Power Finance Corporation Limited

We have reviewed the accompanying Special Purpose Condensed Interim Standalone Financial Statements of Power Finance Corporation Limited (the "Company") for the quarter ended 30th June, 2026 which comprise the Condensed Balance Sheet as at 30th June, 2026, Condensed Statement of Profit & Loss (including the Statement of other Comprehensive Income), Statement of Condensed Cash Flow and Statement of Condensed Changes in Equity for the period ended 30th June, 2026 and material Accounting Policies & Summarized Notes to Accounts thereon (herein after referred as "Special Purpose Condensed Interim Standalone Financial Statements") as required by Indian Accounting Standard 34 'Interim Financial reporting' ('Ind AS 34').

Management's Responsibility for the Special Purpose Condensed Interim Standalone Financial Statements

These Special Purpose Condensed Interim Standalone Financial Statements, which are the responsibility of the Company's management and approved by the Board of Directors of the Company, in its meeting on 7th August, 2026, have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India. These Special Purpose Condensed Standalone Financial Statements have been prepared solely for the purpose of updating of GMTN Programme for raising of foreign currency bonds of the Company.

Scope of Review

We conducted our review of the Special Purpose Condensed Interim Standalone Financial Statements in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Special Purpose Condensed Interim Standalone Financial Statements are free of material misstatement. A review of interim financial information is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Other Matters

The Company has measured the Expected Credit Loss (ECL) on loan assets, undrawn loan exposures and undisbursed letter of comfort as per requirement of Ind AS 109 by an outside agency appointed by the company. The assumptions/criteria's (i.e. risk score/probability of default matrix etc. with respect to the borrowers) considered in the calculation of ECL are technical in nature and we have relied upon the same.

Our conclusions is not modified in respect of the above matter.

Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Unaudited Condensed Interim Standalone Financial Statements, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other recognised accounting principles generally accepted in India has not disclosed the information required to be disclosed including the manner in which it is to be disclosed, or that it contains any material misstatements.

This report has been issued at the request of the Company for the purpose of updation of GMTN Programme for raising of foreign currency bonds of the Company and hence the same should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

1 Material Accounting Policy Information

The material accounting policy information in regard to preparation of the Standalone Financial Statements is given below:

1.1 Basis of Preparation and Measurement

These Standalone Financial Statements have been prepared on going concern basis following accrual system of accounting. The assets and liabilities have been measured at historical cost or at amortised cost or at fair value as applicable at the end of each reporting period. The functional currency of the Company is Indian Rupees (₹).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements are categorised into Level 1, 2 or 3 as per Ind AS requirement, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

1.2 Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits. The Company considers cash equivalents as all short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments.

On initial recognition, financial assets and financial liabilities are recognised at fair value plus / minus transaction cost that is attributable to the acquisition or issue of financial assets and financial liabilities. In case of financial assets and financial liabilities which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in Statement of Profit and Loss.

1.3.1 Financial Assets

All regular way purchases or sale of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

After initial recognition, financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Classification and Measurement of Financial Assets (other than Equity instruments)

(a) Financial Assets at Amortised Cost:

Financial assets that meet the following conditions are subsequently measured at amortised cost using Effective Interest Rate method (EIR):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Effective Interest Rate (EIR) method

The effective interest rate method is a method of calculating the amortised cost of financial asset and of allocating interest income over the expected life. The company while applying EIR method, generally amortises any fee, transaction costs and other premiums or discount that are integral part of the effective interest rate of a financial instrument.

Income is recognised in the Statement of Profit and Loss on an effective interest rate basis for financial assets other than those classified as at FVTPL.

EIR is determined at the initial recognition of the financial asset. EIR is subsequently updated at every reset, in accordance with the terms of the respective contract.

Once the terms of financial assets are renegotiated, other than market driven interest rate movement, any gain / loss measured using the previous EIR as calculated before the modification, is recognised in the Statement of Profit and Loss in period during which such renegotiations occur.

(b) Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if both the following conditions are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial asset; and
- The contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

All fair value changes are recognised in Other Comprehensive Income (OCI) and accumulated in Reserve.

(c) Financial Assets at Fair Value Through Profit or Loss (FVTPL)

A financial asset is measured at FVTPL unless it is measured at amortised cost or FVTOCI, with all changes in fair value recognised in Statement of Profit and Loss.

Business Model

An assessment of business model for managing financial assets is fundamental to the classification of a financial asset. The Company determines the business model at a level that reflects how financial assets are managed together to achieve a particular business objective of generating cash flows. The Company's business model assessment is performed at a higher level of aggregation rather than on an instrument-by-instrument basis.

The Company is in the business of providing loans across power, logistics & infrastructure sector and such loans are managed to realize the contractual cash flows over the tenure of the loan. Further, other financial assets may also be held by the Company to collect the contractual cash flows.

(ii) Classification, Measurement and Derecognition of Equity Instruments

All equity investments other than in subsidiaries, joint ventures and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company at initial recognition makes an irrevocable election to classify it as either FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

An equity investment classified as FVTOCI is initially measured at fair value plus transaction costs. Subsequently, it is measured at fair value and, all fair value changes are recognised in Other Comprehensive Income (OCI) and accumulated in Reserve. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company transfers the cumulative gain / loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Investment in equity shares of subsidiaries, joint ventures and associates are accounted at cost, less impairment if any.

(iii) Impairment of Financial Assets

Subsequent to initial recognition, the Company recognises expected credit loss (ECL) on financial assets measured at amortised cost as required under Ind AS 109 'Financial Instruments'. The Company presents the ECL charge or reversal (where the net amount is a negative balance for a particular period) in the Statement of Profit and Loss as "Impairment on financial instruments" and as a cumulative deduction from gross carrying amount in the Balance Sheet, wherever applicable.

(a) Impairment of Loan Assets, Investments (other than equity) and commitments under Letter of Comfort (LoC) & Letter of Undertaking (LoU):

The Company measures ECL on loan assets (including Credit Conversation Factor (CCF) applied undrawn commitment thereof) and Investments (other than equity) at an amount equal to the lifetime ECL if there is credit impairment or there has been significant increase in credit risk (SICR) since initial recognition. If there is no SICR as compared to initial recognition, the Company measures ECL at an amount equal to 12-month ECL. When making the assessment of whether there has been a SICR since initial recognition, the Company considers reasonable and supportable information, that is available without undue cost or effort. If the Company measured loss allowance as lifetime ECL in the previous period, but determines in a subsequent period that there has been no SICR since initial recognition due to improvement in credit quality, the Company again measures the loss allowance based on 12-month ECL.

ECL is measured on individual basis for credit impaired loan assets, and on other loan assets it is measured on collective basis using homogenous groups.

The Company measures impairment on commitments under LoC & LoU by applying loan-wise ECL percentage on the same.

(b) Impairment of other financial assets :

ECL on other financial assets is measured at an amount equal to life time expected losses.

(iv) De-recognition of Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset along with all the substantial risks and rewards of ownership of the asset to another party. The renegotiation or modification of the contractual cash flows of a financial asset can also lead to derecognition of the existing financial asset.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received & receivable, and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in Equity, is recognised in Statement of Profit and Loss if such gain or loss would have otherwise been recognised in Statement of Profit and Loss on disposal of that financial asset.

1.3.2 Financial Liabilities

- (i) All financial liabilities other than derivatives and financial guarantee contracts are subsequently measured at amortised cost using the effective interest rate (EIR) method.

EIR is determined at the initial recognition of the financial liability. EIR is subsequently updated for financial liabilities having floating interest rate, at the respective reset date, in accordance with the terms of the respective contract.

(ii) Financial guarantee

A financial guarantee issued by the Company is initially measured at fair value and, if not designated as at FVTPL, is subsequently measured at the higher of:

- the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in the Statement of Profit and Loss.

(iii) De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid & payable is recognised in Statement of Profit and Loss.

1.3.3 Derivative Financial Instruments

(i) The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks.

(ii) Under hedge accounting, an entity can designate derivative contracts either as cash flow hedge or fair value hedge. The Company designates certain derivative contracts as cash flow hedge or fair value hedge.

(iii) To qualify for hedge accounting, the hedging relationship must meet all of the following requirements:

- There is an economic relationship between the hedged item and the hedging instrument.
- The effect of credit risk does not dominate the value changes that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Company actually hedges and the quantity of the hedging instrument that the Company actually uses to hedge that quantity of hedged item.

(iv) Cash flow hedge

The hedging instruments which meets the qualifying criteria for hedge accounting are designated as cash flow hedge. The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in Other Comprehensive Income. The change in intrinsic value of hedging instruments is recognized in 'Effective Portion of Cash Flow Hedges'. The amounts recognized in such reserve are reclassified to the Statement of Profit or Loss when the hedged item affects profit or loss. Further, the change in fair value of the time value of a hedging instruments is recognized in 'Cost of Hedging Reserve'. The amounts recognized in such reserve are amortized to the Statement of Profit and Loss on a systematic basis. The gain or loss relating to ineffective portion is recognized immediately in Statement of Profit and Loss.

(v) Fair Value hedge

The Company remeasures the hedged item for fair value changes attributable to the hedged risk (i.e. changes in the benchmark rate). Such fair value hedge adjustment are recognised in the statement of profit or loss at end of every reporting period. The change in fair value of the underlying hedged item on account of attributable hedged risk (benchmark rate) is offset by corresponding change in fair value of the derivative (Fixed to Float IRS).

(vi) Hedge accounting is discontinued when the hedging instrument expires, or terminated, or exercised, or when it no longer qualifies for hedge accounting.

- (vii) Derivatives, other than those designated under hedge relationship, are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss.

1.4 Offsetting of Financial Assets and Financial Liabilities

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when currently there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

1.5 Property, Plant and Equipment (PPE) and Depreciation

- (i) Items of PPE are initially recognised at cost. Subsequent measurement is done at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land which is not depreciated. An item of PPE retired from active use and held for disposal is stated at lower of its book value or net realizable value.
- (ii) In case of assets put to use, capitalisation is done on the basis of bills approved or estimated value of work done as per contracts where final bill(s) is/are yet to be received / approved, subject to necessary adjustment in the year of final settlement.
- (iii) Cost of replacing part of an item of PPE is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. Maintenance or servicing costs of PPE are recognized in Statement of Profit and Loss as incurred.
- (iv) Under-construction PPE is carried at cost, less any recognised impairment loss. Such PPE items are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as of other assets, commences when the assets are ready for their intended use.
- (v) Depreciation is recognised so as to write-off the cost of assets less their residual values as per written down value method, over the useful lives as prescribed in Schedule II to the Companies Act, 2013, except for cell phones which are charged off in the year of purchase. Residual value is estimated as 5% of the original cost of PPE.
- (vi) Depreciation on additions to/deductions from PPE during the year is charged on pro-rata basis from / up to the date on which the asset is available for use/disposed.
- (vii) An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the de-recognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.
- (viii) Items of PPE costing up to ₹ 10,000/- each and those whose WDV as at the beginning of the year is up to Rs. 10,000/, are fully depreciated.

1.6 Intangible Assets and Amortisation

- (i) Intangible assets with finite useful lives that are acquired separately are recognised at cost. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use. Subsequent measurement is done at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over their estimated useful lives.

- (ii) Expenditure incurred which are eligible for capitalisation under intangible assets is carried as Intangible Assets under Development till they are ready for their intended use.
- (iii) Estimated useful life of intangible assets with finite useful lives has been estimated by the Company as 5 years.
- (iv) An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in the Statement of Profit and Loss when the asset is derecognised.

1.7

Leases

For recognition, measurement and presentation of lease contracts, the Company applies the principles of Ind AS 116 'Leases'.

(i) The Company as a lessee

The Company at inception of a contract assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- (a) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (b) the Company has the right to direct the use of the identified asset.

The Company at inception of a lease contract recognizes a Right-of-Use (RoU) asset at cost and a corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets which are recognised as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. RoU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use (RoU) assets are initially recognized at cost, which comprise the initial amount of the lease liability adjusted for any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. They are subsequently measured at cost less any accumulated depreciation and accumulated impairment losses. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

The lease liability is initially measured at amortised cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the company's incremental borrowing rates in the country of domicile of the leases.

Lease liabilities are re-measured with a corresponding adjustment to the related right-of-use (RoU) asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and RoU asset is separately presented in the Balance Sheet. Interest expense on lease liability is presented separately from depreciation on right of use asset as a component of finance cost in the Statement of Profit and Loss. Lease payments for the principal portion are classified as Cash flow used in financing activities and lease payments for the interest portion are classified as Cash flow used in operating activities.

(ii) The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Contracts in which all the risks and rewards of the lease are substantially transferred to the lessee are classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

Amount due from lessee under finance leases is recognised as receivable at an amount equal to the net investment of the Company in the lease. Finance income on the lease is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of lease at the reporting date.

1.8 Provisions, Contingent Liabilities and Contingent Assets

- (i) Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event, if it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.
- (ii) The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.
- (iii) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.
- (iv) Where it is not probable that an outflow of economic benefits will be required or the amount cannot be estimated reliably, the obligation is disclosed as contingent liability in notes to accounts, unless the probability of outflow of economic benefits is remote.
- (v) Contingent assets are not recognised in the financial statements. However, contingent assets are disclosed in the financial statements when inflow of economic benefits is probable.

1.9 Recognition of Income and Expenditure

- (i) Interest income, on financial assets subsequently measured at amortised cost, is recognized using the Effective Interest Rate (EIR) method. The Effective Interest Rate (EIR) is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to that asset's net carrying amount on initial recognition.
- (ii) Interest on financial assets subsequently measured at fair value through profit and loss(FVTPL), is recognized on accrual basis in accordance with the terms of the respective contract and disclosed separately under the head 'Interest Income'

- (iii) Rebate on account of timely payment of dues by borrowers is recognized on receipt of entire dues in time, in accordance with the terms of the respective contract and is netted against the corresponding interest income.
- (iv) Income from services rendered is recognized based on the terms of agreements / arrangements with reference to the stage of completion of contract at the reporting date.
- (v) Dividend income from investments including those measured at FVTPL, is recognized in Statement of Profit and Loss under the head 'Dividend Income' when the Company's right to receive dividend is established and the amount of dividend can be measured reliably.
- (vi) Interest expense on financial liabilities subsequently measured at amortised cost is recognized using Effective Interest Rate (EIR) method.
- (vii) Other income and expenses are accounted on accrual basis, in accordance with terms of the respective contract.
- (viii) A Prepaid expense up to ₹ 1,00,000/- is recognized as expense upon initial recognition in the Statement of Profit and Loss.

1.10 Foreign Currency Transactions and Translations

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

At the end of each reporting period, monetary items denominated in foreign currency are translated using exchange rates prevailing on the last day of the reporting period. Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise. However, for the long-term monetary items recognised in the financial statements before April 01, 2018, such exchange differences are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" and amortised over the balance period of such long term monetary item.

1.11 Employee Benefits

(i) Defined Contribution Plan

Company's contribution paid / payable during the reporting period towards pension is charged in the Statement of Profit and Loss when employees have rendered service entitling them to the contributions.

(ii) Defined Benefit Plan

The Company's obligation towards provident fund, gratuity to employees and post-retirement benefits such as medical benefit, economic rehabilitation benefit, and settlement allowance after retirement are determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Actuarial gain / loss on re-measurement of gratuity and other post-employment defined benefit plans are recognized in Other Comprehensive Income (OCI). Past service cost is recognized in the Statement of Profit and Loss in the period of a plan amendment.

(iii) Other long term employee benefits

The Company's obligation towards leave encashment, service award scheme is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These obligations are recognised in the Statement of Profit and Loss.

(iv) Short term employee benefits

Short term employee benefits such as salaries and wages are recognised in the Statement of Profit and Loss, in the period in which the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

(v) Loan to employees at concessional rate

Loans given to employees at concessional rate are initially recognized at fair value and subsequently measured at amortised cost. The difference between the initial fair value of such loans and transaction value is recognised as deferred employee cost upon issuance of Loan, which is amortised on a straight-line basis over the expected remaining period of the loan. In case of change in expected remaining period of the loan, the unamortised deferred employee cost on the date of change is amortised over the updated expected remaining period of the Loan on a prospective basis.

1.12 Material Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

1.13 Income Taxes

Income Tax expense comprises of current and deferred tax. It is recognised in Statement of Profit and Loss, except when it relates to an item that is recognised in OCI or directly in equity, in which case, tax is also recognised in OCI or directly in equity.

(i) Current Tax

Current tax is the expected tax payable on taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustments to tax payable in respect of earlier years.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax is measured at the tax rates based on the laws that have been enacted or substantively enacted by the reporting date, based on the expected manner of realisation or settlement of the carrying amount of assets / liabilities. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against liabilities, and they relate to income taxes levied by the same tax authority.

A deferred tax liability is recognised for all taxable temporary differences. A deferred tax asset is recognized for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

1.14 Earnings Per Share

Basic earnings per equity share is calculated by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.15 Expenditure on issue of shares

Expenditure on issue of shares is charged to the securities premium account.

1.16 Dividends

Final dividends are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

1.17 Business Combination under Common Control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and that control is not transitory.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method as follows:

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made only to harmonize material accounting policy information.
- The financial information in the financial statements in respect of prior periods is restated as if the business combination has occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.

The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

Summarised Notes to Special Purpose condensed Interim Standalone Financial Statements:

1	These Special Purpose condensed Interim Standalone Financial Statements for the quarter ended 30.06.2026 have been reviewed & recommended by the Audit Committee and subsequently approved and taken on record by the Board of Directors of the Company (the Board) in their respective meetings held on 07.08.2026. Thakur, Vaidyanath Aiyar & Co., Chartered Accountants and Mehra Goel & Co LLP, Chartered Accountants have conducted limited review of these Statements in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India.																												
2	These Statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard ('Ind AS') - 34 'Interim Financial Reporting', notified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.																												
3	(a) The Board in their meeting held on 07.08.2026 declared first interim dividend @ <u>39%</u> on the paid up equity share capital i.e. ₹ <u>3.90</u> /- per equity share of ₹ 10/- each for the FY 2026-27.																												
	(b) The Board in their meeting held on 13.05.2026 had recommended final dividend @ 39.50% on the paid up equity share capital i.e. ₹ 3.95 /- per equity share of ₹ 10/- each for the FY 2025-26, subject to the approval of the shareholders at the ensuing Annual General Meeting.																												
4	The Board of Directors at its meeting held on June 28, 2026, approved the Draft Scheme of merger by absorption amongst Power Finance Corporation Limited (PFC Limited- Transferee Company) and REC Limited (Transferor Company) and their respective shareholders and creditors, pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder and other applicable laws including the rules and regulations. The share exchange ratio shall be 88 equity shares of face value of ₹ 10/- each of PFC Limited for every 100 equity shares of face value of 10/- each of REC Limited As per the draft scheme, the Appointed Date means the opening of business on April 01, 2027, or such other date that is mutually agreed in writing between the Transferor Company and the Transferee Company. Upon the draft scheme becoming effective, PFC Limited will issue equity shares to the eligible shareholders of REC Limited as on the record date as per above share exchange ratio. The equity shares held by PFC Limited in REC Limited will be extinguished as per the draft scheme. The Draft Scheme is subject to the receipt of requisite approvals from statutory and regulatory authorities, and the respective shareholders and creditors, under applicable laws.																												
5	The Company recognises impairment loss allowance on loan assets in accordance with the Board approved Expected Credit Loss (ECL) policy and report provided by independent agency, appointed by the Company for assessment of ECL as per Ind AS 109 'Financial Instruments'. Details in this regard are given below: (₹ in crore) <table> <tr> <th rowspan="2">S. Independent Auditor's Review Report on Special Purpose Condensed Interim Consolidated Financial Statements for the Quarter ended 30th June 2026 of Power Finance Corporation Limited.

To,
The Board of Directors,
Power Finance Corporation Limited

We have reviewed the accompanying Special Purpose Condensed Interim Consolidated Financial Statements of Power Finance Corporation Limited (the 'Parent') and its three subsidiaries (the Parent and its subsidiaries together referred to as the 'Group'), and its three associates, which comprise the consolidated Balance Sheet as at 30th June 2026, Consolidated Statement of Profit & (loss), Consolidated Statement of Cash Flow and Consolidated Statement of Changes in Equity for the period ended 30th June, 2026 and Material Accounting Policies & Summarized Notes to Accounts thereon.

Management's Responsibility for the Special Purpose Condensed Interim Consolidated Financial Statements

These Special Purpose Condensed Interim Consolidated Financial Statements, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors in its meeting held on 7th August, 2026, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 ('Ind AS 34') "Interim Financial Reporting", prescribed under Section 133 of the Companies Act, 2013, as amended read with relevant rules issued there under, and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Special Purpose Condensed Interim Consolidated Financial Statements based on our review. These Special Purpose consolidated condensed financial statements have been prepared solely for the purpose of updation of GMTN Programme for raising of foreign currency bonds by the Parent Company of the Group.

Scope of Review

We conducted our review of the Special Purpose Condensed Interim Consolidated Financial Statements in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India and also considering the requirement of Standard on Auditing (SA 600) on 'Using the work of Another Auditor'. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Special Purpose Condensed Interim Consolidated Financial Statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

The Special Purpose Condensed Interim Consolidated Financial Statements includes the unaudited financial statements of the following entities:

Parent		
1.	Power Finance Corporation Limited	Reviewed
Subsidiaries:		
1.	REC Limited*	Reviewed
2.	PFC Consulting Limited*	Unreviewed
3.	PFC Infra Finance IFSC Limited**	Unreviewed
Associates:		
1.	Orissa Integrated Power Limited	Unreviewed
2.	Coastal Tamil Nadu Power Limited	Unreviewed
3.	Bihar Mega Power Limited	Unreviewed

*Consolidated financial statements considered for consolidation

** Standalone financial statements considered for consolidation

Other Matters

- We did not review the special purpose unaudited consolidated interim financial statement of a subsidiary, REC Ltd, included in the Special purpose Condensed Interim Consolidated financial statements, whose special purpose unaudited consolidated interim financial statement reflect Group's share of total assets of ₹ 6,47,829.90 crore as at 30th June, 2026, Group's share of total revenues of ₹ 14,469.49 crore ,total net profit after tax of ₹ 4,192.76 crore and total comprehensive income (net of tax) of ₹ 7,439.95 crore for the quarter ended 30th June, 2026, and cash flows (net) of ₹ 761.01 crore for the quarter ended 30th June, 2026 as considered suitably in the Special purpose Condensed Interim Consolidated financial statements. This special purpose unaudited consolidated interim financial statement have been reviewed by other independent auditor whose report has been furnished to us by the Management and our conclusion on the Special purpose Condensed Interim Consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the report of the other auditors and the procedures performed by us as stated in above paragraph.
- The Special purpose Condensed Interim Consolidated financial statements include the interim financial information of two other subsidiaries which have not been reviewed , reflect Group's share of total assets of ₹975.04 crore as at 30th June 2026, Group's share of total revenues of ₹ 99.30 crore, total net profit after tax of ₹ 59.71 crore and total comprehensive income of ₹ 59.94 crore for the quarter ended 30th June, 2026, and cash flows (net) of ₹ (21.65) crore for the quarter ended 30th June, 2026.
- The Special purpose Condensed Interim consolidated financial information also include the information in respect of three associates referred to in above paragraph, which reflects Group's share of net profit after tax of Nil crore and total comprehensive income of Nil crore for the quarter ended 30th June, 2026, based on their interim financial information have not been reviewed. This unreviewed interim financial information have been furnished to us by the management of the parent and our conclusion on the special

purpose Condensed Interim consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these two subsidiaries and three associates is based solely on such unreviewed interim financial information. In our opinion and according to the information and explanations given to us by the management of the parent, this unreviewed interim financial information are not material to the Group.

- d. The Company has measured the Expected Credit Loss (ECL) on loan assets, undrawn loan exposures and undisbursed letter of comfort as per requirement of Ind AS 109 by an outside agency appointed by the company. The assumptions/criteria's (i.e. risk score/probability of default matrix etc. with respect to the borrowers) considered in the calculation of ECL are technical in nature and we have relied upon the same.

Our opinion is not modified in respect of these above matters.

Conclusion

Based on our review conducted and procedures performed as stated in above paragraph and based on the consideration of the audit report of other auditors referred to in other matters paragraph, nothing has come to our attention that causes us to believe that the accompanying Special Purpose Condensed Interim Consolidated Financial Statements, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India, has not disclosed the information required to be disclosed, including the manner in which it is to be disclosed, or that it contains any material misstatement.

This report has been issued at the request of the Company for the purpose of updation of GMTN Programme for raising of foreign currency by the Parent Company of the Group and hence the same should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

1 Group's Material Accounting Policy Information

The Group's material accounting policy information in regard to preparation of the Consolidated Financial Statements is as given below:

1.1 Basis of Preparation and Measurement

These Consolidated Financial Statements have been prepared on going concern basis following accrual system of accounting. The assets and liabilities have been measured at historical cost or at amortised cost or at fair value as applicable at the end of each reporting period. The functional currency of the Group is Indian Rupees (₹) except for PIFIL, whose functional currency is USD.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements are categorised into Level 1, 2 or 3 as per Ind AS requirement, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

1.2 Basis of Consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and its subsidiaries (collectively referred as the "Group"). The Group has investment in joint venture entity and associates which are accounted using equity method (except when the investment is classified as held for sale) in these Consolidated Financial Statements.

The financial statements of Subsidiaries, Joint Venture and Associates are drawn up to the same reporting date as of the Company for the purpose of Consolidation.

(i) Subsidiaries:

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which the Company obtains the control (except for Business Combinations under Common Control).

The Company combines the financial statements of its subsidiaries on a line by line basis, adding together like items of assets, liabilities, equity, income and expenses. The carrying amount of the Company's investment in each subsidiary and the Company's portion of equity of each subsidiary are eliminated. Intercompany transactions, balances, unrealised gains on transactions between the Company and subsidiaries are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests (NCI) represent the proportion of income, other comprehensive income and net assets in subsidiaries that is not attributable to the Company's shareholders. Non-controlling interests are initially measured at the proportionate share of the recognised amounts of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of the interest at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

The Consolidated Financial Statements are prepared using uniform accounting policies consistently for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's Standalone Financial Statements except as otherwise stated. When necessary, adjustments are made to the financial statements to bring their accounting policies in line with the Group's material Accounting Policies.

If the Company loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognized in Consolidated Statement of Profit and Loss.

(ii) Joint Venture and Associates:

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An Associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of Joint Venture or Associates are incorporated in these Consolidated Financial Statements using the equity method of accounting, except when the investment or a portion thereof, is classified as held for sale, in which case it is measured at lower of their carrying amount and fair value less cost to sell. Under the equity method, an investment in a Joint Venture or Associate is initially recognised in the Consolidated Balance Sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the Joint Venture or Associate. Distributions received from a joint venture/ associate reduce the carrying amount of the investment.

Upon loss of joint control over the Joint Venture or significant influence over the Associate, the Company measures and recognises any retained investment at its fair value. Any difference between a) the carrying amount of the Joint Venture or Associate upon loss of joint control or significant influence respectively and b) the fair value of the retained investment and proceeds from disposal is recognised in Consolidated Statement of Profit and Loss.

1.3 Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits. The Group considers cash equivalents as all short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.4 Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instruments.

On initial recognition, financial assets and financial liabilities are recognised at fair value plus/ minus transaction cost that is attributable to the acquisition or issue of financial assets and financial liabilities. In case of financial assets and financial liabilities which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in Consolidated Statement of Profit and Loss.

Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

After initial recognition, financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Classification and Measurement of Financial Assets (other than Equity instruments)**(a) Financial Assets at Amortised Cost:**

Financial assets that meet the following conditions are subsequently measured at amortised cost using Effective Interest Rate method (EIR):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Effective Interest Rate (EIR) method

The effective interest rate method is a method of calculating the amortised cost of financial asset and of allocating interest income over the expected life. The Group while applying EIR method, generally amortises any fee, transaction costs and other premiums or discount that are integral part of the effective interest rate of a financial instrument.

Income is recognised in the Consolidated Statement of Profit and Loss on an effective interest rate basis for financial assets other than those classified as at FVTPL.

EIR is determined at the initial recognition of the financial asset. EIR is subsequently updated at every reset, in accordance with the terms of the respective contract.

Once the terms of financial assets are renegotiated, other than market driven interest rate movement, any gain / loss measured using the previous EIR as calculated before the modification, is recognised in the Consolidated Statement of Profit and Loss in period during which such renegotiations occur.

(b) Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if both the following conditions are met:

- the objective of the business model is achieved both by collecting contractual cash flows and selling the financial asset; and
- the contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

All fair value changes are recognised in Consolidated Other Comprehensive Income (OCI) and accumulated in Consolidated Reserve.

(c) Financial Assets at Fair Value Through Profit or Loss (FVTPL)

A financial asset is measured at FVTPL unless it is measured at amortised cost or FVTOCI, with all changes in fair value recognised in Consolidated Statement of Profit and Loss.

Business Model

An assessment of business model for managing financial assets is fundamental to the classification of a financial asset. The Group determines the business model at a level that reflects how financial assets are managed together to achieve a particular business objective of generating cash flows. The Group's business model assessment is performed at a higher level of aggregation rather than on an instrument-by-instrument basis.

The Group is primarily in the business of providing loans across power sector, logistics & infrastructure sector and such loans are managed to realize the contractual cash flows over the tenure of the loan. Further, other financial assets may also be held by the Group to collect the contractual cash flows.

(ii) Classification, Measurement and Derecognition of Equity Instruments

All equity investments other than in subsidiaries, joint ventures and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group at initial recognition makes an irrevocable election to classify it as either FVTOCI or FVTPL. The Group makes such election on an instrument by instrument basis.

An equity investment classified as FVTOCI is initially measured at fair value plus transaction costs. Subsequently, it is measured at fair value and, all fair value changes are recognised in Consolidated Other Comprehensive Income (OCI) and accumulated in Consolidated Reserve. There is no recycling of the amounts from Consolidated OCI to Consolidated Statement of Profit and Loss, even on sale of investment. However, the Group transfers the cumulative gain/loss within consolidated equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss.

(iii) Impairment of Financial Assets

Subsequent to initial recognition, the Group recognises expected credit loss (ECL) on financial assets measured at amortised cost as required under Ind AS 109 'Financial Instruments'. The Group presents the ECL charge or reversal (where the net amount is a negative balance for a particular period) in the Consolidated Statement of Profit and Loss as "Impairment on financial instruments" and as a cumulative deduction from gross carrying amount in the Consolidated Balance Sheet, wherever applicable.

(a) Impairment of Loan Assets, Investments (other than equity) and commitments under Letter of Comfort (LoC) & Letter of Undertaking (LoU):

The Group measures ECL on loan assets (including Credit Conversation Factor (CCF) applied undrawn commitment thereof) and Investments (other than equity) at an amount equal to the lifetime ECL if there is credit impairment or there has been significant increase in credit risk (SICR) since initial recognition. If there is no SICR as compared to initial recognition, the Group measures ECL at an amount equal to 12-month ECL. When making the assessment of whether there has been a SICR since initial recognition, the Group considers reasonable and supportable information, that is available without undue cost or effort. If the Group measured loss allowance as lifetime ECL in the previous period, but determines in a subsequent period that there has been no SICR since initial recognition due to improvement in credit quality, the Group again measures the loss allowance based on 12-month ECL.

ECL is measured on individual basis for credit impaired loan assets, and on other loan assets it is measured on collective basis using homogenous groups.

The Group measures impairment on commitments under LoC & LoU by applying loan-wise ECL percentage on the same.

(b) Impairment of other financial assets :

ECL on other financial assets is measured at an amount equal to life time expected losses.

(c) Financial assets are written off by RECL either partially or in their entirety only when it has stopped pursuing the recovery or as directed by the order of the Judicial Authority.

A write-off constitutes a derecognition event. The Company may apply enforcement activities to financial assets written off/ may assign / sell loan exposure to ARC / Bank / a financial institution for a negotiated consideration.

Recoveries resulting from the Company's enforcement activities are recorded in statement of profit and loss.

(iv) **De-recognition of Financial Assets**

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset along with all the substantial risks and rewards of ownership of the asset to another party. The renegotiation or modification of the contractual cash flows of a financial asset can also lead to derecognition of the existing financial asset.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received & receivable, and the cumulative gain or loss that had been recognised in Consolidated Other Comprehensive Income and accumulated in Consolidated Equity, is recognised in Consolidated Statement of Profit and Loss if such gain or loss would have otherwise been recognised in Consolidated Statement of Profit and Loss on disposal of that financial asset.

1.4.2 Financial Liabilities

(i) All financial liabilities other than derivatives and financial guarantee contracts are subsequently measured at amortised cost using the effective interest rate (EIR) method.

EIR is determined at the initial recognition of the financial liability. EIR is subsequently updated for financial liabilities having floating interest rate, at the respective reset date, in accordance with the terms of the respective contract.

(ii) Financial guarantee

A financial guarantee issued by the Group is initially measured at fair value and, if not designated as at FVTPL, is subsequently measured at the higher of:

- the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in the Consolidated Statement of Profit and Loss.

(iii) De-recognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid & payable is recognised in Consolidated Statement of Profit and Loss.

1.4.3 Derivative Financial Instruments

(i) The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks.

- (ii) Under hedge accounting, an entity can designate derivative contracts either as cashflow hedge or fair value hedge.
- (iii) To qualify for hedge accounting, the hedging relationship must meet all of the following requirements:
- there is an economic relationship between the hedged item and the hedging instrument.
 - the effect of credit risk does not dominate the value changes that result from that economic relationship.
 - the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.
- (iv) Cash flow hedge
- The hedging instruments which meets the qualifying criteria for hedge accounting are designated as cash flow hedge. The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in Other Comprehensive Income. The change in intrinsic value of hedging instruments is recognized in 'Effective Portion of Cash Flow Hedges'. The amounts recognized in such reserve are reclassified to the Consolidated Statement of Profit or Loss when the hedged item affects profit or loss. Further, the change in fair value of the time value of a hedging instruments is recognized in 'Cost of Hedging Reserve'. The amounts recognized in such reserve are amortized to the Consolidated Statement of Profit and Loss on a systematic basis. The gain or loss relating to ineffective portion is recognized immediately in Consolidated Statement of Profit and Loss.
- (v) Fair Value hedge
- A. In respect of PFC**
- PFC remeasures the hedged item for fair value changes attributable to the hedged risk (i.e. changes in the benchmark rate). Such fair value hedge adjustment are recognised in the Consolidated Statement of Profit and Loss at end of every reporting period. The change in fair value of the underlying hedged item on account of attributable hedged risk (benchmark rate) is offset by corresponding change in fair value of the derivative (Fixed to Float IRS).
- B. In respect of RECL**
- In line with the recognition of change in the fair value of the hedging instruments in the Consolidated Statement of Profit & Loss, the change in the fair value of the hedged item attributable to the risk hedged is recognised in the Consolidated Statement of Profit and Loss. Such changes are made to the carrying amount of the hedged item and are adjusted in Effective Interest Rate in the period when the hedging instrument ceases to exist. If the hedged item is derecognised, the unamortised fair value is recognised immediately in Consolidated Statement of Profit and Loss.
- (vi) Hedge accounting is discontinued when the hedging instrument expires, or terminated, or exercised, or when it no longer qualifies for hedge accounting.
- (vii) Derivatives, other than those designated under hedge relationship, are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Consolidated Statement of Profit and Loss.

1.4.4 Embedded Derivatives

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative cause some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, foreign exchange rate, or other variable, provided that, in the case of a non-financial variable, it is not specific to a party to the contract.

Derivatives embedded in all host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts or if the embedded derivative feature leverages the exposure and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

1.5 Offsetting of Financial Assets and Financial Liabilities

Financial Assets and Financial Liabilities are offset and the net amount is reported in the Balance Sheet when currently there is legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

1.6 Property, Plant and Equipment (PPE) and Depreciation

- (i) Items of PPE are initially recognised at cost. Subsequent measurement is done at cost less accumulated depreciation and accumulated impairment losses, if any, except for freehold land which is not depreciated. An item of PPE retired from active use and held for disposal is stated at lower of its book value or net realizable value.
- (ii) The expenditure incurred on improvement of leasehold premises is recognised at cost and is shown as "Leasehold Improvements" under PPE.
- (iii) In case of assets put to use, capitalisation is done on the basis of bills approved or estimated value of work done as per contracts where final bill(s) is/are yet to be received / approved subject to necessary adjustment in the year of final settlement.
- (iv) Cost of replacing part of an item of PPE is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. Maintenance or servicing costs of PPE are recognized in Consolidated Statement of Profit and Loss as incurred.
- (v) Under-construction PPE is carried at cost, less any recognised impairment loss. Such PPE items are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as of other assets, commences when the assets are ready for their intended use.
- (vi) Depreciation is recognised so as to write-off the cost of assets less their residual values[#] as per written down value method*, over the useful lives as prescribed in Schedule II to the Companies Act, 2013, except following:

Nature of PPE	Life of PPE
Cell phones	Expensed off in the year of purchase (in case of PFC), 2 years (in case of PFCCL)
Lease hold improvement ⁽¹⁾	Lease period or their useful lives whichever is shorter (in case of PFCCL)

[#] Residual value is estimated as 5% of the original cost of PPE.

* Depreciation is provided using Straight line method by RECL.

⁽¹⁾ Leasehold Improvements are amortised on straight line basis.

- (vii) Depreciation on additions to/deductions from PPE during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed (charged for full month if asset is in use for more than 15 days in case of RECL).
- (viii) An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the de-recognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.
- (ix) Capital expenditure directly attributable for Smart metering project are initially shown in 'Capital work-in-progress' (net of contribution from client) and capitalised as PPE when it is ready for use. Depreciation on items of PPE in smart metering project is recognised on pro-rata basis on Straight Line Method over the useful life of assets not exceeding project implementation period of 99 months.
- (x) Items of PPE costing up to ₹ 10,000/- each (₹ 5,000/- each in case of RECL and PFCL) and those whose WDV as at the beginning of the year is up to Rs. 10,000/-, are fully depreciated in PFCL.
- (xi) The cost of PPE under construction at the reporting date is disclosed as 'Capital work-in-progress'. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Advances paid for the acquisition/construction of PPE which are outstanding at the Balance Sheet date are classified under 'Capital Advances.'

1.7

Investment property

Recognition and measurement

Investment property are properties held to earn rentals and/or for capital appreciation.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment loss, if any. The depreciation is charged on straight-line method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Derecognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Reclassification to / from investment property

Transfers are made to (or from) investment property only when there is a change in use. Transfers between investment property and owner-occupied property do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

Fair value disclosure

The fair value of investment property is disclosed in the notes. Fair value is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the relevant location and category of the investment property being valued.

1.8 Intangible Assets and Amortisation

- (i) Intangible assets with finite useful lives that are acquired separately are recognised at cost. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use. Subsequent measurement is done at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over their estimated useful lives.
- (ii) Expenditure incurred which are eligible for capitalisation under intangible assets is carried as Intangible Assets under Development till they are ready for their intended use. Advances paid for the acquisition/ development of intangible assets which are outstanding at the balance sheet date are classified under 'Capital Advances'.
- (iii) Estimated useful life of intangible assets with finite useful lives has been estimated by the Group as 5 years. In case of PFCCL, life is estimated as 36 months.
- (iv) An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

1.9 Leases

For recognition, measurement and presentation of lease contracts, the Group applies the principles of Ind AS 116 'Leases'.

(i) The Group as a lessee

The Group at inception of a contract assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether (a) the Group has substantially all of the economic benefits from use of the asset through the period of the lease, and (b) the Group has the right to direct the use of the identified asset.

The Group at inception of a lease contract recognizes a Right-of-Use (RoU) asset at cost and a corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets which are recognised as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. RoU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use (RoU) assets are initially recognized at cost, which comprise the initial amount of the lease liability adjusted for any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. They are subsequently measured at cost less any accumulated depreciation and accumulated impairment losses. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

The lease liability is initially measured at amortised cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the Group's incremental borrowing rates in the country of domicile of the leases.

Lease liabilities are re-measured with a corresponding adjustment to the related right-of-use (RoU) asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and RoU asset is separately presented in the Balance Sheet. Interest expense on lease liability is presented separately from depreciation on right of use asset as a component of finance cost in the Consolidated Statement of Profit and Loss. Lease payments for the principal portion are classified as Cash flow used in financing activities and lease payments for the interest portion are classified as Cash flow used in operating activities.

(ii) **The Group as a lessor**

Leases for which the Group is a lessor is classified as a finance or operating lease. Contracts in which all the risks and rewards of the lease are substantially transferred to the lessee are classified as a finance lease. All other leases are classified as operating leases. For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Amount due from lessee under finance leases is recognised as receivable at an amount equal to the net investment of the Group in the lease. Finance income on the lease is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of lease at the reporting date.

1.10 Assets/ Disposal Groups held for sale

Non-current Assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and the sale is highly probable. A sale is considered as highly probable when such assets have been decided to be sold by the Group; are available for immediate sale in their present condition; are being actively marketed for sale at a price and the sale has been agreed or is expected to be concluded within one year of the date of classification. Such non-current assets are measured at lower of carrying amount or fair value less cost to sell.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Non-current assets held for sale are presented separately from other assets in the Consolidated Balance Sheet.

Where the Group is committed to a sale plan involving loss of control of an entity, it classifies investment in the entity (i.e. all the assets and liabilities of that entity) as held for sale.

1.11 Provisions, Contingent Liabilities and Contingent Assets

- (i) Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, if it is probable that the Group will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.
- (ii) The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.
- (iii) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.
- (iv) Where it is not probable that an outflow of economic benefits will be required or the amount cannot be estimated reliably, the obligation is disclosed as contingent liability in notes to accounts, unless the probability of outflow of economic benefits is remote.
- (v) Contingent assets are not recognised in the Consolidated Financial Statements. However, contingent assets are disclosed in the Consolidated Financial Statements when inflow of economic benefits is probable.

1.12 Recognition of Income and Expenditure

- (i) Interest income on financial assets subsequently measured at amortized cost, is recognized using the Effective Interest Rate (EIR) method. The Effective Interest Rate (EIR) is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to that asset's net carrying amount on initial recognition.
- (ii) Unless otherwise specified, the recoveries from the borrowers of RECL are appropriated in the order of (i) costs and expenses of RECL (ii) delayed and penal interest including interest tax, if any (iii) overdue interest including interest tax, if any and (iv) repayment of principal; the oldest being adjusted first, except for credit impaired loans and recalled loans, where principal amount is appropriated only after the complete recovery of other costs, expenses, delayed and penal interest and overdue interest including interest tax, if any. The recoveries under One Time Settlement (OTS)/ Insolvency and Bankruptcy Code (IBC) proceedings are appropriated first towards the principal outstanding and remaining recovery thereafter, towards interest and other charges, if any.
- (iii) Interest on financial assets subsequently measured at fair value through profit and loss (FVTPL), is recognized on accrual basis in accordance with the terms of the respective contract and is disclosed separately under the head 'Interest Income'.
- (iv) Rebate on account of timely payment of dues by borrowers is recognized on receipt of entire dues in time, in accordance with the terms of the respective contract and is netted against the corresponding interest income.
- (v) The Group uses the principles laid down by Ind AS 115 to determine that how much and when revenue is recognized, what is the nature, amount, timing and uncertainty of revenues etc. In accordance with the same, revenue is recognised through a five-step approach:
 - a. Identify the contract(s) with customer;
 - b. Identify separate performance obligations in the contract;
 - c. Determine the transaction price;
 - d. Allocate the transaction price to the performance obligations; and
 - e. Recognise revenue when a performance obligation is satisfied.

Revenues are measured at the fair value of the consideration received or receivable, net of discounts and other indirect taxes.

In Cost Plus Contracts - Revenue is recognised by including eligible contractual items of expenditures plus proportionate margin as per contract;

In Fixed Price Contracts – Revenue is recognised on the basis of stage of completion of the contract. The Group has assessed that the stage of completion is determined as the proportion of the total time expected to complete the performance obligation to that has lapsed at the end of the reporting period, which is an appropriate measure of progress towards complete satisfaction of these performance obligations under Ind AS 115.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

- (vi) Revenue from consulting services, in connection with development of Independent Transmission Projects (ITP) taken up as per the directions from the Ministry of Power, Government of India, is recognized when the ITP created for the project is transferred to a successful bidder evidenced by share purchase agreement. The expenses incurred on development of these projects which are not recovered as direct costs are recovered through billing manpower charges at agreed charge out rates decided by the company.
- (vii) Income from Smart Metering services of PFCCCL are recognised when bills for meter rent is raised to the clients and right to receive such income is established. Income from project development management agency charges (PDMA) during project implementation period is recognized over the period of contract.

- (viii) Revenue from PRAAPTI Portal towards usage fee is recognised on accrual basis from registered users using the portal's invoice monitoring services and registration fee is recognised on registration of user on portal and receipt of registration fee.
- (ix) Income from sale of bidding documents i.e. Request for proposal (RFP), Request for qualification (RFQ) etc. for Independent Transmission Projects (ITPs) etc. are accounted for when received.
- (x) Income from short /medium term bidding of power and Coal Flexibility Scheme is recognised when letter of award (LOA) is issued to the successful bidder.
- (xi) Dividend income from investments including those measured at FVTPL, is recognized in Consolidated Statement of Profit and Loss under the head 'Dividend Income' when the Group's right to receive dividend is established and the amount of dividend can be measured reliably.
- (xii) Rental income from investment property is recognised on a straight-line basis over the term of the lease.
- (xiii) Interest expense on financial liabilities subsequently measured at amortized cost is recognized using Effective Interest Rate (EIR) method.
- (xiv) Other income and expenses are accounted on accrual basis, in accordance with terms of the respective contract.
- (xv) A Prepaid expense up to ₹ 1,00,000/- is recognized as expense upon initial recognition in the Consolidated Statement of Profit and Loss.

1.13 Foreign Currency Transactions and Translations

- (i) Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction.

At the end of each reporting period, monetary items denominated in foreign currency are translated using exchange rates prevailing on the last day of the reporting period. Exchange differences on monetary items are recognised in the Consolidated Statement of Profit and Loss in the period in which they arise. However, for the long-term monetary items recognised in the consolidated financial statements before April 1 2018, such exchange differences are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" and amortized over the balance period of such long term monetary item.

- (ii) Financial statements of foreign operations whose functional currency is different than Indian Rupees are translated into Indian Rupees as follows:
 - (a) assets and liabilities for each Balance Sheet presented are translated at the closing rate at the date of that Balance Sheet;
 - (b) income and expenses for each income statement are translated at average exchange rates; and
 - (c) all resulting exchange differences are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve for subsequent reclassification to profit or loss on disposal of such foreign operations.

1.14 Borrowing Costs

Borrowing costs consist of interest and other costs that the Group incurred in connection with the borrowing of funds. Borrowing costs that are directly attributable to the acquisition and/ or construction of a qualifying asset, till the time such a qualifying asset becomes ready for its intended use, are capitalized. A qualifying asset is one that necessarily takes a substantial period to get ready for its intended use.

All other borrowing costs are charged to the Consolidated Statement of Profit and Loss on an accrual basis as per the effective interest rate method.

In respect of PFC

(i) Defined Contribution Plan

Company's contribution paid / payable during the reporting period towards pension is charged in the Statement of Profit and Loss when employees have rendered service entitling them to the contributions.

(ii) Defined Benefit Plan

The Company's obligation towards provident fund, gratuity to employees and post-retirement benefits such as medical benefit, economic rehabilitation benefit, and settlement allowance after retirement are determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Actuarial gain / loss on re-measurement of gratuity and other post-employment defined benefit plans are recognized in Other Comprehensive Income (OCI). Past service cost is recognized in the Statement of Profit and Loss in the period of a plan amendment.

In respect of group

(iii) Other long term employee benefits

The Group's obligation towards leave encashment, service award scheme is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These obligations are recognized in the Consolidated Statement of Profit and Loss.

(iv) Short term employee benefits

Short term employee benefits such as salaries and wages are recognised in the Consolidated Statement of Profit and Loss, in the period in which the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

(v) Loan to employees at concessional rate

Loans given to employees at concessional rate are initially recognized at fair value and subsequently measured at amortised cost. The difference between the initial fair value of such loans and transaction value is recognised as deferred employee cost upon issuance of Loan, which is amortised on a straight-line basis over the expected remaining period of the loan. In case of change in expected remaining period of the loan, the unamortised deferred employee cost on the date of change is amortised over the updated expected remaining period of the loan on a prospective basis.

In respect of RECL

(i) Defined Contribution Plan

A defined contribution plan is a plan under which the Company pays fixed contributions in respect of the employees into a separate fund. The Company has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution. The contributions made by the Company towards defined contribution plans are charged to the profit or loss in the period to which the contributions relate.

(ii) Defined benefit plan

The Company has an obligation towards gratuity, Post Retirement Medical Facility (PRMF), Provident Fund (PF) and Other Defined Retirement Benefit (ODRB) which are being considered as defined benefit plans covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service, final salary, and other defined parameters. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. The Company's obligation towards defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. The liability recognized in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries.

Actuarial gains/losses resulting from re-measurements of the liability/asset are included in Other Comprehensive Income.

1.16 Material Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

1.17 Income Taxes

Income Tax expense comprises of current and deferred tax. It is recognised in Consolidated Statement of Profit and Loss, except when it relates to an item that is recognised in Consolidated Other Comprehensive Income (OCI) or directly in equity, in which case, tax is also recognised in Consolidated OCI or directly in equity.

(i) Current Tax

Current tax is the expected tax payable on taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustments to tax payable in respect of earlier years.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable income. Deferred tax is measured at the tax rates based on the laws that have been enacted or substantively enacted by the reporting date, based on the expected manner of realisation or settlement of the carrying amount of assets / liabilities. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against liabilities, and they relate to income taxes levied by the same tax authority.

A deferred tax liability is recognised for all taxable temporary differences. A deferred tax asset is recognized for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

1.18 Earnings Per Share

Basic earnings per equity share are calculated by dividing the net profit or loss attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the financial year.

To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.19

Expenditure on issue of shares

Expenditure on issue of shares is charged to the securities premium account.

1.20

Dividends and Other Payments to holders of Instruments classified as Equity

Final dividends are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the respective company in the Group.

Liability for the payments to the holders of instruments classified as equity are recognized in the period when such payments are authorized for payment by the respective company in the Group.

1.21

Business Combination under Common Control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and that control is not transitory.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method as follows:

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made only to harmonize material accounting policies.
- The financial information in the Consolidated Financial Statements in respect of prior periods is restated as if the business combination has occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.

The balance of the retained earnings appearing in the Consolidated Financial Statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

Summarised Notes to Special Purpose condensed Interim Consolidated Financial Statements:

1	These Special Purpose condensed Interim Consolidated Financial Statements for the quarter ended 30.06.2026 have been reviewed & recommended by the Audit Committee and subsequently approved and taken on record by the Board of Directors of the Company (the Board) in their respective meetings held on 07.08.2026. Thakur, Vaidyanath Aiyar & Co., Chartered Accountants and Mehra Goel & Co LLP, Chartered Accountants have conducted limited review of these Statements in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India.
2	These Statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard ('Ind AS') - 34 'Interim Financial Reporting', notified under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.
3	These Statements include the quarterly limited reviewed consolidated financial results of one subsidiary; management approved consolidated financial results of one subsidiary and management approved standalone financial results of one subsidiary and three associates. The Financial results of these subsidiaries and associates have been consolidated in accordance with Ind AS 110 – 'Consolidated Financial Statements' and Ind AS 28 – 'Investments in Associates and Joint Ventures'.
4	(a) The Board in their meeting held on 07.08.2026 declared first interim dividend @ <u>39%</u> on the paid up equity share capital i.e. ₹ <u>3.90</u> /- per equity share of ₹ 10/- each for the FY 2026-27. (b) The Board of the Company in their meeting held on 13.05.2026 had recommended final dividend @ 39.50% on the paid up equity share capital i.e. ₹ 3.95 /- per equity share of ₹ 10/- each for the FY 2025-26, subject to the approval of the shareholders at the ensuing Annual General Meeting.
5	The Board of Directors at its meeting held on June 28, 2026, approved the Draft Scheme of merger by absorption amongst Power Finance Corporation Limited (PFC Limited- Transferee Company) and REC Limited (Transferor Company) and their respective shareholders and creditors, pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder and other applicable laws including the rules and regulations. The share exchange ratio shall be 88 equity shares of face value of ₹ 10/- each of PFC Limited for every 100 equity shares of face value of 10/- each of REC Limited As per the draft scheme, the Appointed Date means the opening of business on April 01, 2027, or such other date that is mutually agreed in writing between the Transferor Company and the Transferee Company. Upon the draft scheme becoming effective, PFC Limited will issue equity shares to the eligible shareholders of REC Limited as on the record date as per above share exchange ratio. The equity shares held by PFC Limited in REC Limited will be extinguished as per the draft scheme. The Draft Scheme is subject to the receipt of requisite approvals from statutory and regulatory authorities, and the respective shareholders and creditors, under applicable laws.
6	In respect of the Company and its subsidiary REC Ltd., impairment loss allowance on loan assets has been provided in accordance with the Board approved Expected Credit Loss (ECL) policy of respective companies and based on the report by independent agency, appointed by the respective companies for assessment of ECL as per Ind AS 109 'Financial Instruments'. Details in this regard are given below:

(₹ in crore)							
S. No	Particulars	As on 30.06.2026			As on 31.03.2026		
		Stage 1 & 2	Stage 3**	Total	Stage 1 & 2	Stage 3	Total
a)	Loan Outstanding	11,52,435.27	7,698.21	11,60,133.48	11,56,060.87	7,707.33	11,63,768.20
b)	Impairment Loss Allowance *	9,448.01	6,148.47	15,596.48	11,135.91	6,156.30	17,292.21
c)	Impairment Loss Allowance Coverage (%) (b/a)	0.82%	79.87%	1.34%	0.96%	79.88%	1.49%

* In addition to the above, impairment loss allowance of ₹ 53 crore (as at 31.03.2026 ₹ 54.94 crore) has been maintained towards Letter of Comfort and Letter of Undertaking. Further, impairment loss allowance of ₹ 596.41 crore (as at 31.03.2026 - ₹ 417.23 crore) has been created towards Undrawn Loan Commitments of the Group.

7	As a matter of prudence, income on credit impaired loans is recognised as and when received and / or on accrual basis when expected realisation is higher than the loan amount outstanding.
8	The Group's operations comprise of only one business segment - lending to power, logistics and infrastructure sector. Hence, there is no other reportable business / geographical segment as per Ind AS 108- 'Operating Segments'.
9	Figures for the previous periods have been regrouped / reclassified wherever necessary, in order to make them comparable with the current period figures.
