Subject: Update on Plant Operations

With reference to our intimation dated 5th August 2024 “the Company's Bangladesh facilities currently temporarily nonoperational due to curfew imposed in Bangladesh”, we would like to inform that all our Bangladesh factories started the operations this morning as scheduled with normal 97%+ attendance. To ensure the safety of our workers and considering the sensitivity of various regions in Bangladesh, we decided to operate 70% of our facilities at full capacity. We will restart the balance as and when we are more confident of the security of our workers in certain parts of Bangladesh. We are working towards minimizing productivity miss due to the curfew shut down of the last 2 days. Please note, there has been no damage to any of our facilities due to the unrest.

Further, the Company will update stock exchanges on the situation and notify of any material developments.

The above is for your records and for the information of the public at large.

Thanking you,

Yours faithfully,
for **Pearl Global Industries Limited**
