PNC declares Q4 and annual results for 2025-26

Prithish Nandy Communications announced its Q4 and annual results after its board meeting on Tuesday May 26, 2026. Q4 results showed a total income of Rs 254.67 lakh compared to Rs 796 lakh in last year's Q4. The Company made a net loss (after tax) of Rs 208.15 lakh compared to a loss (after tax) of Rs 41.34 lakh in the previous Q4.

The year-end results showed a total income of Rs 3,830.99 lakh compared to Rs 3,424.99 lakh of last year. The Company made a net loss (after tax) of Rs 1,258.87 lakh as compared to a net loss (after tax) of Rs 97.14 lakh in the preceding year, which was mainly due to an exceptional item during the year.

Season 1 of the Company's Netflix original series *The Royals* successfully premiered on May 9, 2025 globally. It remained in the global top 10 shows on Netflix as well as was #1 on India's top 10 shows and was the first Indian series to trend in Netflix's Global Top 10 Non-English TV Shows across 58 countries, marking a cultural moment for Indian content globally before being renewed for a second season.

Production of the second season of *The Royals* is currently under development and pre-production, scheduled to commence filming during the second quarter of this current financial year.

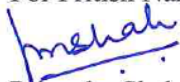

Also, Season 4 of the Company's International Emmy-nominated Amazon Prime original series *Four More Shots Please!* successfully premiered on December 19, 2025 globally. The much loved fourth season drew in past fans and new audiences in equal measures from around the world, growing its fandom exponentially, with viewers celebrating its consistent success in championing unapologetic contemporary Indian women, female friendships and the city of Mumbai since its debut in 2019.

During the year, the Company entered into a licensing agreement with Shemaroo Entertainment Limited for the global broadcasting and streaming rights of 18 titles from its content library for 11 years. As a consequence of the said licensing agreement, the Management reassessed the carrying value of its content library, taking into account the expected future revenues from relevant titles as well as other titles forming part of the content library, and an external valuation report obtained. Based on such reassessment and in accordance with the Company's accounting policy, the cost of the content of Rs 1,756.09 lakh has been written down. The resultant impact has been disclosed as an exceptional item in the financial results. The aforesaid exceptional item does not have any impact on the cash flows of the Company, and it does not have or make any continuing impact on the Company's regular operations going forward.

The Company, during 2016, received an arbitration award in its favour against White Feather Films. Subsequently, the matter was amicably settled to bring finality to the prolonged litigation, and the Company entered into consent terms with White Feather Films, which were filed before the Hon'ble Bombay High Court. The Hon'ble Court accepted said consent terms and, vide its order dated April 21, 2026, permitted White Feather Films to sell one of its properties for payment of the settlement amount of Rs 255 lakh to the Company. Pursuant to the said order, the Company received Rs 255 lakh, and the balance amount of Rs 62.54 lakh has been written off.

Work on new series and films continues in development and it is the Company's endeavour to take at least two more productions on the floors, later this financial year.
