PRESS RELEASE

Positron Energy Limited Secures RLNG Spot Supply Tender from a Leading PSU Gandhinagar, Gujarat | 17 October 2026

Positron Energy Limited (“PEL” or “the Company”) continues to strengthen its gas sourcing capabilities and expand its customer base across public sector, industrial and commercial segments. With a focus on diversified gas procurement and reliable supply capabilities, the Company is well-positioned to capitalise on the growing demand for natural gas as India progresses towards a gas-based economy.

In continuation of its previous Business Update, the Company is pleased to announce that a leading Public Sector Undertaking (“PSU”) has awarded PEL a tender for the spot supply of Regasified Liquefied Natural Gas (“RLNG”) through a competitive bidding process. The tender covers the balance period of October 2026.

Under this award, PEL will supply approximately **50,000 MMBTU of RLNG**, with an estimated contract value of approximately **₹12.5 crore**, based on prevailing prices.

In addition to this award, during October 2026, PEL has secured RLNG supply arrangements with several other customers, including:

- Leading City Gas Distribution (“CGD”) operators;
- A leading refinery in India; and
- Multinational companies operating both within and outside the Oil & Gas industry, including a leading consumer brand.

These developments reflect the Company’s expanding and increasingly diversified customer base across multiple sectors, along with growing recognition of PEL as a reliable RLNG supplier.

The PSU tender award represents an important addition to PEL’s customer portfolio and reinforces the Company’s focus on competitive sourcing, dependable supply and the expansion of its Gas Aggregation business. PEL will continue to pursue additional spot and term supply opportunities, strengthen its customer relationships and broaden its market presence, with the objective of creating sustainable, long-term value for its stakeholders.

About Positron Energy Limited

Positron Energy Limited is engaged in gas aggregation and related services, serving customers across the natural gas value chain. The Company focuses on sourcing and supplying natural gas through a diversified procurement strategy, catering to the requirements of customers across various sectors.
