Dear Sir / Madam,

Sub: Outcome of the Board Meeting held on July 24, 2024

Ref: Your email to us dated July 29, 2024

With reference to the aforementioned email received from your good office, regarding submission of Financial Results for the period ended 30-Jun-2024 in Machine Readable Form / Legible copy and in continuation to our communication letter dated July 24, 2024 titled "Outcome of the Board Meeting held on July 24, 2024", which was filed with NSE on July 24, 2024 i.e. within 30 minutes from the end of the Board Meeting at 4:30 pm (IST). In this regard, kindly note that while converting the pdf scanned copy of Limited Review Report issued by M/s S.R. Batliboi & Associates LLP, Statutory Auditors along with the unaudited financial results of the Company for the first quarter ended June 30, 2024, it was inadvertently missed to convert these disclosures into Machine Readable Form. However, the same has been converted into Machine Readable Form now and enclosed the copy of "Outcome of the Board Meeting held on July 24, 2024".

Further, you may please note that since the covering letter filed on July 24, 2024 i.e. on the date of Board Meeting, was digitally signed and it would not be possible to modify it further or convert to Machine Readable Form, we are enclosing herewith the unchanged version of Limited Review Report as issued by Statutory Auditors and the unaudited financial results for the first quarter ended June 30, 2024 along with a copy of Press Release together with this covering letter for your ready reference. We confirm that, apart from the aforementioned conversion to Machine Readable Form / Legible copy and considering the corrigendum version of the Press Release as submitted to the Stock Exchanges dated July 26, 2024, there are no other changes made to the Outcome of the Board Meeting filed by us dated July 24, 2024.

Kindly take the same on your records and do the needful.

Thank you,

Yours faithfully,

For Hitachi Energy India Limited

Poovanna Ammatanda
General Counsel and Company Secretary

Independent Auditor's Review Report on the Quarterly Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**Review Report to
The Board of Directors
Hitachi Energy India Limited**

1. We have reviewed the accompanying statement of unaudited financial results of Hitachi Energy India Limited (the "Company") for the quarter ended June 30, 2024 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

*excluding HVDC order in FY23

**The company evaluates the profitability based on Operational EBITA. Operational EBITA represents income from operations excluding (i) amortization expense on intangibles, (ii) restructuring and restructuring-related expenses, (iii) non-operational pension cost, (iv) gains and losses from the sale of businesses, acquisition-related expenses, and certain non-operational items, as well as (v) foreign exchange/commodity timing differences in income from operations consisting of (a) unrealized gains and losses on derivatives (foreign exchange, commodities, embedded derivatives), (b) unrealized foreign exchange movements on receivables/payables (and related assets/liabilities).

“As the energy transition gathers pace, investments in the power sector - especially renewables continued to grow,” said **N Venu, MD & CEO of Hitachi Energy India Ltd.** “This is reflected in our strong order intake and record order backlog which we are steadily converting to revenues through solid execution while keeping a close watch on costs. We are optimistic on ongoing market support, especially in our identified high growth segments - renewables, HVDC, data centers, electrification of transport, etc.”

Orders

In the quarter ended June 30, 2024, orders totaled INR 2,436.7 crore, more than doubling YoY. Renewables led the charge – from studies across utilities and industries, to nearly 2.5GW of grid integration projects, along with several power quality projects. Expansion, upgrades and improved efficiency also resulted in orders from existing power plants. We also received orders from distribution utilities, for upgrade of digital solutions to provide better real time visibility and network management.

Service orders included GIS upgrades, Annual Maintenance Contracts and replacement equipment as well as overhaul of key transformer components.

Exports were up ~47% YoY (excl large HVDC export order). Orders for transformers, power quality technologies and other key products were booked from markets like Europe, Middle East, Australia and neighboring countries in South Asia.

As of June 30, 2024, the order backlog stood at a record high of INR 8,539.4 crore, providing revenue visibility for the coming several quarters.

Revenue

Revenues for the April-June 2024 quarter were INR 1,327.3 crore, up 27.3% YoY. Revenue decline QoQ, following a cyclical pattern and impacted by a revenue mix with a traditional product bias. Relentless operational efforts ensured continued positive cash impact in the current quarter.

Profit

Profit before tax for the quarter was INR 15.1 crore and profit after tax was INR 10.4 crore, both up around three times YoY. Operational EBITDA for the first quarter was INR 61.5 crore (Op.EBITDA margin 4.6%) reflecting seasonality and business mix.

Outlook

As India underscores its commitment to economic development, the energy transition will be critical in ensuring sustainable and reliable electricity to power this growth. Deployment of technologies to make the grid flexible, digital, and secure will continue to be key drivers providing attractive medium to long term opportunities for power technologies, especially in our identified high growth segments – renewables, HVDC, data centers, electrification of transport, etc.
