Unemployment rate
dips to 5.1% in July

New Delhi: The overall unemployment rate among persons aged 15 years and above declined to 5.1 per cent in July from 5.5 per cent in the previous month, according to a government survey. According to the Periodic Labour Force Survey (PLFS) conducted by the National Statistics Office, released on Monday, the unemployment rate among persons aged 15 years and above was 4.5 per cent in rural areas, down from 5 per cent in the previous month. The urban UR remained steady at 6.7 per cent in July 2026 compared to 6.6 per cent in June 2026. **PTI**

Govt to fill two
member posts in CCI

New Delhi: The government has invited applications for filling posts for members at the Competition Commission of India (CCI). The appointments will be for five years from the date of joining or till the age of 65 years, whichever is earlier, according to a notice by the Ministry of Corporate Affairs. Eligible candidates can apply until September 28. **PTI**

Yes Bank makes bond
market comeback years
after AT1 write-off

Bloomberg

Yes Bank Ltd is returning to the bond market for the first time since the Indian private lender wrote off a risky local note in 2020, and has hired arrangers for a dollar issuance, according to people familiar with the matter. The bank plans to sell a benchmark-sized three-year US currency note and is holding calls with fixed-income investors starting Monday, said the people who asked not to be identified because the information is private. The proposed sale comes at a time when other Indian lenders have raised \$5.27 billion in two months, spurred by the Reserve Bank of India's measures in June

Axis Bank prices Senior Notes
aggregating \$300 m at 5.179%

Our Bureau
Mumbai

Axis Bank has priced its Senior Notes, maturing on November 21, 2029, aggregating \$300 million at 5.179 per cent per annum. Banks are mobilising dollar denominated funds to provide leverage to their non-resident Indian customers so that they can place higher quantum of fresh FCNR-B deposits back with

US may emerge as India's top LPG supplier: OPEC

Rishi Ranjan Kala
New Delhi

The US is expected to become India's top liquefied petroleum gas (LPG) supplier, replacing the Middle East Gulf (MEG), accounting for more than half of the in-bound shipments for the world's second largest consumer of the commodity. OPEC, in its latest monthly oil marketing report, said, "In line with a 2025 sales agreement between India and the US for LPG, the US is expected to emerge as India's largest LPG supplier, accounting for about 55 per cent of India's imports." This is expected to offset some of the losses from West Asia due to the supply bottlenecks that severely restricted LPG demand in the country, it added.

DEMAND OUTLOOK Accordingly, India's oil demand will increase by about 0.2 million barrels per day (mb/d) y-o-y in Q3 2026. Meanwhile, preliminary data from the Petroleum

Govt to form 'Banking for Viksit Bharat' panel soon: FM

REFORM PUSH. Nirmala Sitharaman asks public sector banks to leverage strong balance sheets for the next phase of growth

Shishir Sinha
New Delhi

Finance Minister Nirmala Sitharaman on Monday called on public sector banks (PSBs) to capitalise on their historically low non-performing assets (NPAs) and robust balance sheets to drive economic expansion and propel structural reforms. Speaking at a two-day conclave of PSB and financial institution chiefs, Sitharaman announced that the high-level committee on 'Banking for Viksit Bharat', proposed in the Union Budget, will be constituted shortly.

SCOPE FOR REFORMS Emphasising the urgency of the 2047 target, the Finance Minister said that Indian banking is positioned at an unprecedented point of financial resilience after years of balance sheet cleanup. "The NPAs are at the lowest ever Indian banking has seen and, therefore, there cannot be a better position of

GROWTH ASPIRATIONS. Finance Minister Nirmala Sitharaman with SBI Chairman Challa Sreenivasulu Setty (centre) and RBI Executive Director R Lakshmi Kanth Rao at the PSB Confluence 2026 in New Delhi on Monday **ANI**

strength from which to drive reforms," she stated, urging lenders to take the lead in financing the nation's long-term growth agenda. Further, she said the government would soon constitute a high-level panel on 'Banking for Viksit Bharat'. In this year's Budget, the

Finance Minister had proposed a high-level committee on 'Banking for Viksit Bharat' to comprehensively review the sector and align it with India's next phase of growth. "We expect the announcement of the high-powered committee to look into the banking sector," she

said, adding that the committee would give its thoughts and recommendations to the government. "The ideas are going to be from the field, from the executives, as it were and once the high-level committee on banking for Viksit Bharat forms its views and

recommendations, we'll be ready to rev up the Indian economy," she said.

FOCUS ON YOUTH Sitharaman stressed the need for banks to focus particularly on the country's young population, noting that 29 per cent of Indians

were in the 15-29 age group. Banks need to expand access to financial services for young people, including education loans, entrepreneurship finance and investment products. She also called on the banking sector to generate practical, implementable ideas to meet emerging financing needs, saying the sector should be ready to "press the button or pedal to rev up the Indian economy" once the banking committee issues its recommendations. Addressing the conference, Sanjay Lohiya, Financial Services Secretary, said the asset quality of PSBs had improved sharply, with gross NPAs declining from a peak of 14.6 per cent in March 2018 to a record low of 1.93 per cent in March 2026. Net NPAs fell from 8 per cent to 2.39 per cent during the same period.

The improvement has strengthened PSB balance sheets and enhanced their capacity to support growth, Lohiya said. However, he said banks

would need to sharpen their competitiveness as technology reshapes business models, customer expectations evolve and new areas of economic activity emerge. "The next imperative is to sustain this momentum and leverage the financial strength achieved for quality business growth," he said.

DEPOSIT MOBILISATION Lohiya identified deposit mobilisation as a key priority, amid changing household savings preferences. Banks would need to strengthen their deposit base through better service, convenience, product innovation and sustained customer relationships.

He also highlighted opportunities in financing global capability centres, agriculture and horticulture value chains, and priority-sector lending. Banks should move beyond conventional farm credit to finance storage, cold chains, processing, logistics, packaging and marketing linkages.

India seeks WTO consultations with US
over 4-year quartz surface tariff quota

Amiti Sen
New Delhi

India has sought consultations at the World Trade Organization (WTO) with the US over Washington's new safeguard measure on imports of quartz surface products, a move that could hit Indian exporters who have emerged as one of the largest suppliers to the US market.

The US has imposed a four-year tariff-rate quota (TRQ) on imports of quartz surface products, effective August 15, after the US International Trade Commission (USITC) found that increased imports were causing serious injury to American industry. The measure covers quartz slabs and other fabricated quartz surface products.

"Having a substantial interest, India requests consultations with USA under Article 12.3, AoS (agreement on safeguards), with a view to reviewing the information provided under Article 12.1, AoS and exchanging views on the proposed measure. India would like to propose that the consultations mentioned above take place virtually as per mutual convenience of both sides," according to a submission made by India at the WTO.

25% TARIFFS As per the USITC's recommendations, imports of items within the quota will incur a 25 per cent tariff in the first year, while ship-

SAFEGUARD MEASURE

- The US has imposed a four-year tariff-rate quota on imports of quartz surface products, effective August 15
- The measure covers quartz slabs and other fabricated quartz surface products
- India is among the largest exporters of quartz surface products to the US

ments exceeding the quota will face 40 per cent duty. Both rates will decline by one percentage point each year over four years, reaching 22 per cent and 37 per cent, respectively, in the fourth year.

"During the period of investigation, India, Vietnam, Spain and Thailand were major exporting countries," the US notification to the WTO on August 4 noted.

INDIAN QUARTZ The safeguard is particularly significant for India because the US is a major destination for its quartz surface products.

The Federation of Quartz Surface Manufacturers of India had earlier stated that about 95 per cent of India's quartz surface production is exported to the US, with 2024-25 exports valued at about \$700 million.

The quartz surface

products covered under the safeguard duty include slabs and other surfaces created from a mixture of materials that includes predominantly silica (such as quartz, quartz powder, cristobalite and glass powder) as well as a resin binder (such as an unsaturated polyester), according to the US.

WTO DISPUTE BODY

The US is required to respond to the request within 10 days and enter into consultations within 30 days, unless the two sides agree otherwise.

The consultations will be confidential and are intended to find a mutually satisfactory solution.

If the consultations fail to resolve the dispute within 60 days from India's request, the government can ask the WTO's Dispute Settlement Body to establish a panel and fight it out legally.
