Cambridge Technology Enterprises Nominated for Oracle Linux and Virtualization Partner Award at Oracle OpenWorld 2015

Hyderabad, India October 23, 2015 - Cambridge Technology Enterprises Ltd (CTE), an IT services leader focused on the convergence of big data and cloud, today announced that it has been nominated for the first annual Oracle Linux and Virtualization Partner of The Year Award. The award ceremony will take place at Oracle OpenWorld on October 26th, 2015 and will recognize CTE's work with Oracle Linux and Virtualization.

CTE is a platinum partner of Oracle and acquired reseller rights of Oracle Linux last year. Since then, CTE has partnered with global companies across verticals to provide license fulfillment and implementation services. Oracle Linux and Oracle VM have increased their market share in the Linux space despite being relatively new products, compared to other Original Equipment Manufacturers (OEM's).

"We are pleased to be nominated by Oracle for the Annual Oracle Linux and Virtualization Partner of The Year Award", said Aashish Kalra, Chairman, Cambridge Technology Enterprises Ltd. "Despite a challenging global business environment, we have consistently delivered value to our customers, which demonstrates our commitment and success as one of Oracle's Platinum partners. This award nomination will add new dimensions to our existing relationship with Oracle and assist in strengthening our competency in the convergence of cloud and big data".

Cambridge Technology Enterprises continues to develop the strong partnership with Oracle to deliver world-class solutions to customers across industries. CTE's domain expertise and the sound knowledge of Oracle products have given a competitive edge to CTE in helping customers solve business challenges.

About CTE

Cambridge Technology Enterprises (CTE) is an IT services leader focused on the convergence of big data and cloud. Recognized as a thought leader and innovator of enterprise solutions, CTE focuses on cloud application development and management, data warehousing, business intelligence (BI) and analytics on the cloud. Through designing and implementing enterprise IT strategies that leverage the cloud's capabilities, CTE's end-to-end services enable its customers to harness the data available to them. Its expertise across domains makes CTE a preferred choice for IT strategy and implementation to its customers. For more information, visit www.ctepl.com or follow @CTEofficial on twitter.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners/index.html>.
